Founded in 2003 as Bloginservice, we birthed internet interactive live radio streaming in 2004, changed our name to BBS Radio in 2005, and incorporated as BBS Network, Inc. in 2006.

BBS Network, Inc., ("BBS Radio TV" <https://bbsradio.com>) is one of first networks in the world to provide live engineered internet talk radio broadcasts, professionally and remotely engineered, which has helped create and define this industry.

Donald and Douglas Newsom, twin brothers, entrepreneurial visionaries, of BBS Network have produced over 100,000 hours of radio and web-tv programming for over 1,000 clients.

WHAT WE DO

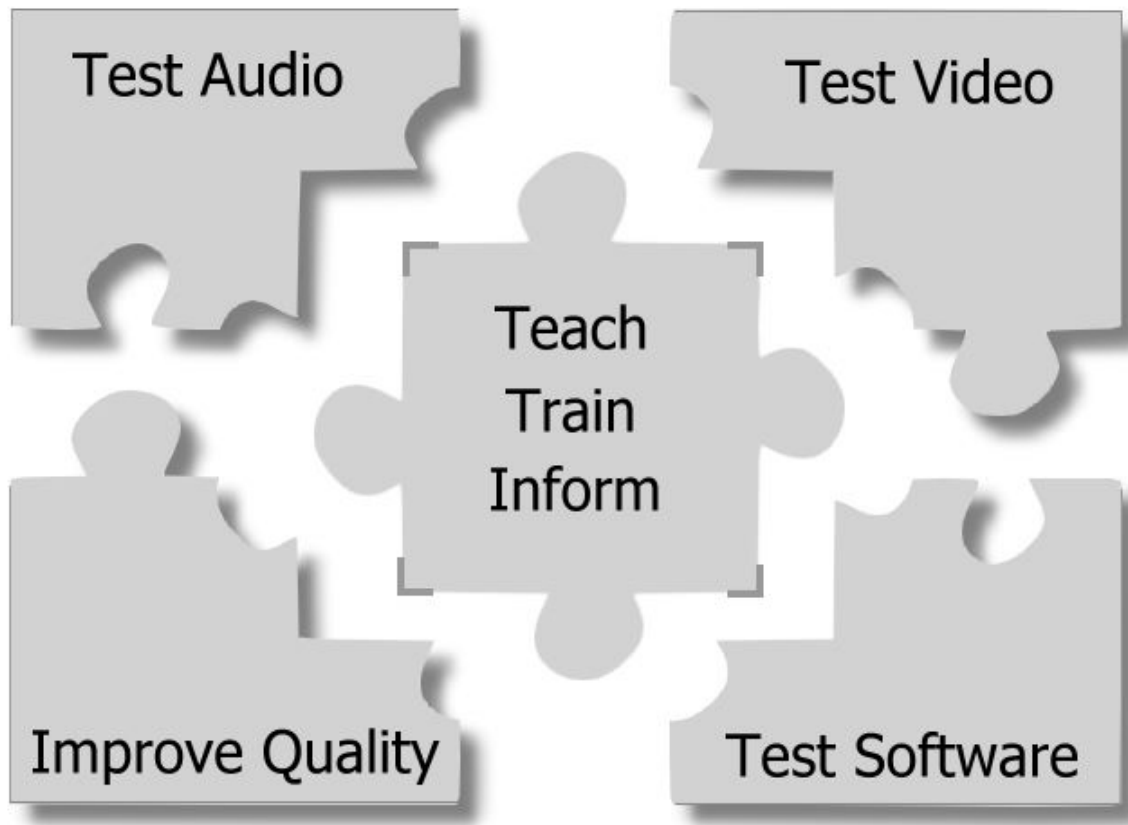

"Step 1 - We Build and Create for You"

"With a few words on a page, we can do voice overs, tapping, editing, music layering, visual imagery adding, hyperlinking, etc. for media content. We create it all for you. All we need is your approval on which version you like."

GET YOU READY

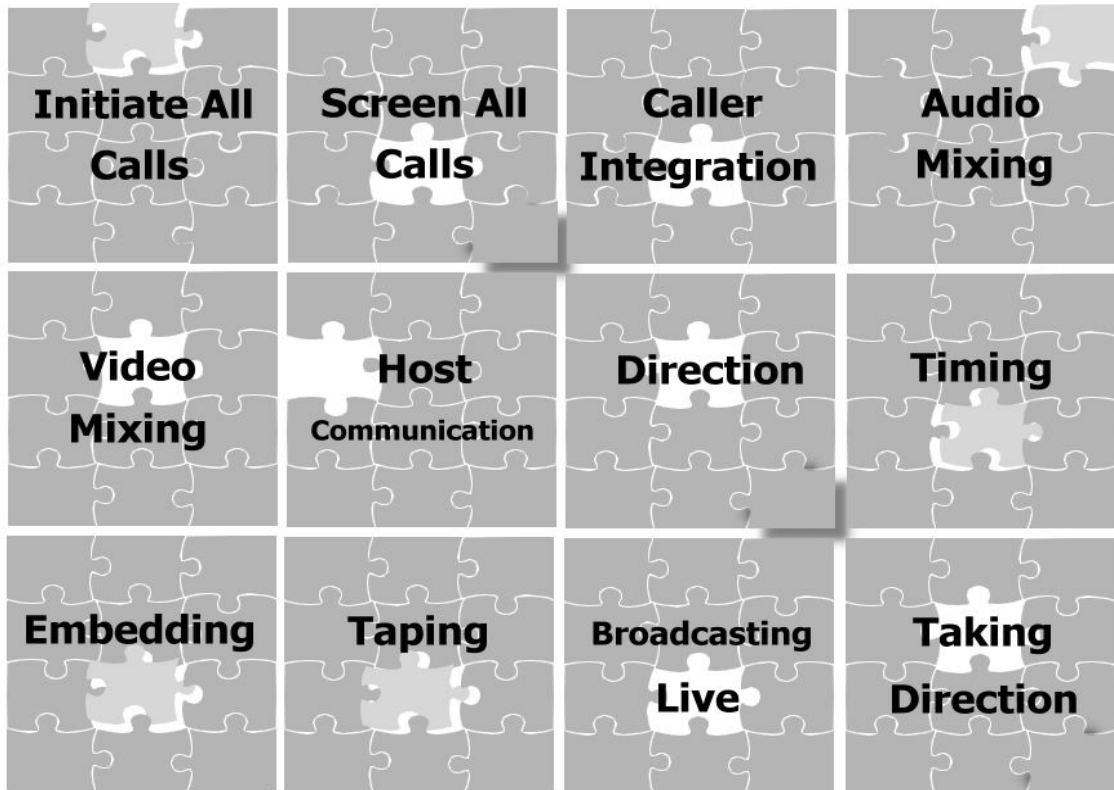

"Step 2- We Communicate"

"No equipment necessary. Some hosts and guests use internet, some do not! Some use computers, smart phones, cameras, transmission boxes or dial up rotary analog phones. We use it all! We integrate it all! Beautifully! If you use, or desire to use different equipment, we'll hook you up and train you!"

LIVE BROADCAST

"You Talk! We Do The rest!"

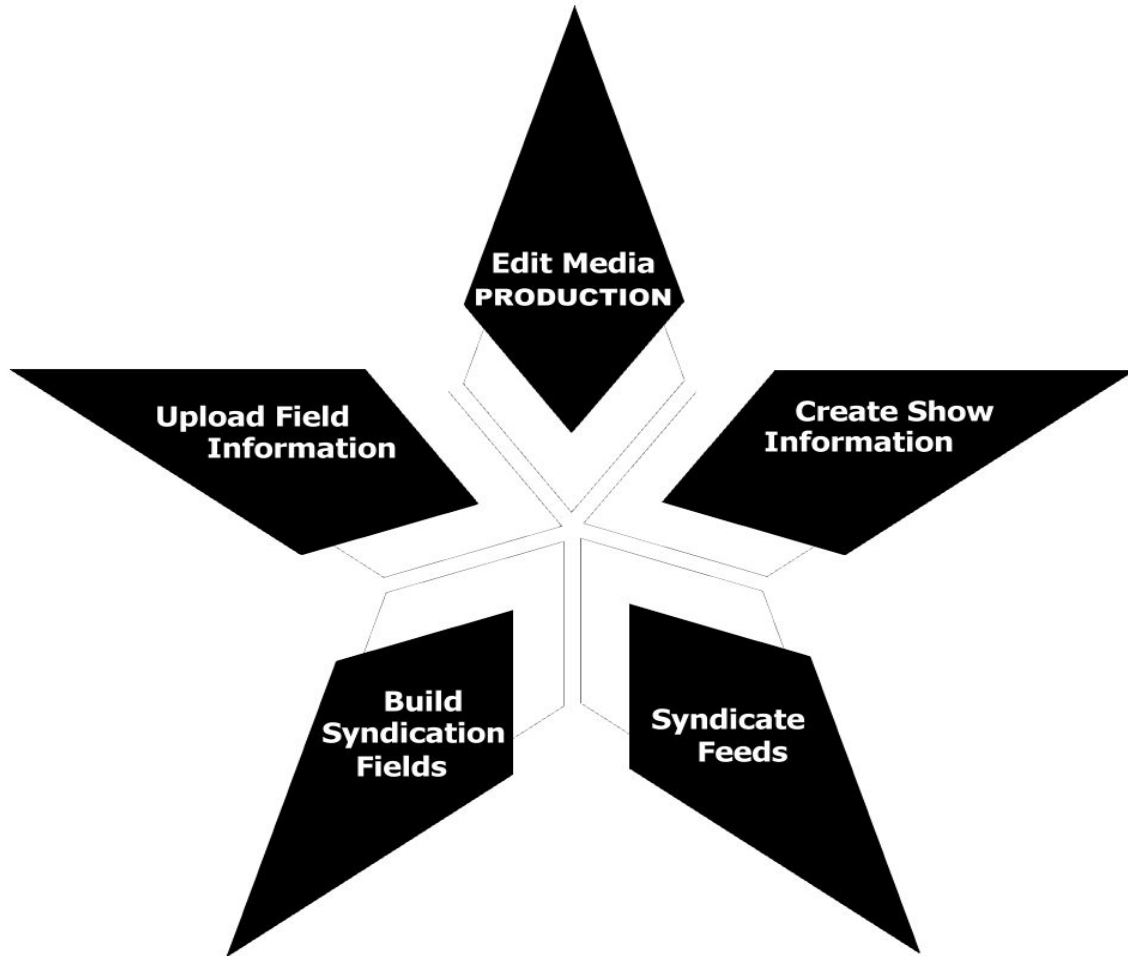

Live engineers micromanage all aspects of your live audio and/or video broadcast, including initiating all calls to all participants, screening any in-coming callers, handling all mixing, panels and boards, running show intros, outros, bumpers, liners, commercials, music, and other audio or video segments, attenuating sound quality, fixing problems on the fly, gathering caller information, interacting with the host, and choreographing it all. Voice activated services, where you are aware of everything! You could have guests, callers and cohosts from a dozen different countries, all interacting live and all using different equipment and software. Live streamed everywhere, including locations of your choosing!

PODCAST

"Syndication Worldwide While you Sleep!"

Your Show file is edited for visual and auditory improvements before syndication to an on demand universe. Mishaps will happen during live broadcasts. We fix them! We upload your media files and show information into our CMS. We then add all the data fields required for syndication and search engine penetration. We then submit your feed (show data) to our partner affiliates.

I have been active and successful in show business for over 50 years as an actor, writer, Director, Producer, comic, critic, and talk show Host. I created 'Real People' the first reality show, and number 1 show in tv for 3 years. I was the original Emmy winning Host of 'AM Los Angeles.' The multiple Emmy winning Critic-At-Large for 5 years at KNBC and 10 years with LA Magazine. Writer-Producer-Director of 3 internationally acclaimed documentaries. Performer on 2 successful comedy albums. And the only one in TV to win Emmys for both

News and Entertainment. I have worked with the greatest Stars in the business, and with scores of the best background technicians, engineers, editors, and entrepreneurs in the business. I consider Don and Doug Newsom in that elite category.

If the government ran the country as well as Don and Doug run their network, there would be no national debt! Anyone who does business with them, like Allstate, is in good hands.

John Barbour, President, John Barbour Prodz.

"Listen, you are a GENIUS!!... I felt like a little girl in a candy store. The site is an all in all. WOW!" Crystal

As the founders and owners of BBS Network, Inc. and BBS Radio, the Newsom brothers are the epitome of outstanding professionals in the media industry. I could not be more impressed with their knowledge and expertise, as well as their unsurpassed positive and creative customer service. They are simply the best in the business!

I have worked with many businesses and thousands of people during my long professional career, and I have never encountered anyone who was more helpful, skilled, creative and supportive for customers than Douglas Newsom and Donald Newsom. I give them my highest endorsement for any & all contracts & business they are seeking for BBS Network & BBS Radio.

Having worked with numerous companies providing similar services, we can whole-heartedly state, BBS Radio is the best company for anyone who desires a quality service for their broadcasts.

Douglas and Donald Newsom go beyond the normal course of business when assisting others and performing their services.

"...beyond awesome! You two are truly pioneers that are also "ahead of your time" Lance W.

Douglas and Donald Newsom have been an incredible team to work with. I couldn't ask for a better work ethic from these two innovative workaholics. I've worked with this inspiring duo for close to three years now and will continue my service until I retire, which hopefully will be never. They are the contemporary cutting-edge broadcasters that is needed desperately in the industry, and I support them 100%. I started my career in broadcasting and studied at a CBS owned broadcasting school. I obtained first, second and third-class FCC licenses and worked as a radio announcer on AM and FM radio stations in the 70's and 80's. I was also an entrepreneur owning and operating several retail electronics establishments in Washington D.C. so I can say with honesty and conviction that Doug and Don Newsom of BBS Radio are top-notch broadcasters and entrepreneurs and I recommend them very highly.

Ray Shasho, Director The Publicity Works Agency
Host *Interviewing the Legends*

"You guys are by far the best. No other station around has the kind and caring staff you do." Gordon H.

I have worked the co-owners, Doug and Don Newsmen, for approximately 3 years. I appreciate their professionalism which includes, meeting deadlines, open-mindedness and always willing to accommodate their hosts. And besides exceeding expectations they have never missed a deadline.

I especially value meeting deadlines and timeliness, as in my former career as a busy trial lawyer in the San Francisco Bay Area, timeliness, competency and mutual respect were essential.

Mark Susnow, J.D., Executive-Life Coach
Host *Inspire Possibilities Show*

"Incredulous! In my humble opinion, everything is excellent in every respect!" Nathaniel X.

It was their professional guidance of how to set up my home recording studio, scripting, editing and ongoing support that assisted me in launching my global mission and making my dreams come true. It is also because of their producing efforts that led me to recently receive the Joe Franklin Memory Lane Memorial Award for "Excellence in Children's Radio Broadcast" on the BBS Radio Network.

The ongoing support that I receive from them is outstanding! They always go above and beyond.

Randi Chenkin Owner, RandiMedia Productions

"I listen to every show every day... For me, in my life, right now, your stations are a God send." Frank M.

Douglas and Donald Newsom go beyond the normal course of business when assisting others and performing their services. They are prompt, knowledgeable, and professional. Their creative and positive support has exceeded my expectations. They always go above and beyond with their help, and I truly feel that they care. They are always quick to resolve any issues or errors.

Douglas and Donald show a high level of integrity in the way in which they carry themselves and interact with others. In addition, they are passionate about what they do, and it shows in their attentiveness, heart, and hard work.
