

## Collective Soul: AYTA (Are You the Answer?)

Promises, where they gonna lead me to?  
I still have wishes, that haven't come true  
Well I toss, and I turn at what? This life it can give  
Yeah I toss, and I turn at how? This life I should live  
Are you the answer, to all I need?  
Are you the answer, the answer for me?  
Patience, it's leaving my side  
I'm gonna circle back to see what I can find  
Let the sky rain down on me, all I should know  
Let the sky rain down on me, wisdom to grow  
Are you the answer, to all I need?  
Are you the answer, the answer for me?  
I've no memory of this life you see  
I'm a newborn of your company  
I'm just finding out, I'm just questioning  
Are you the answer?  
Are you the answer for me?  
Are you the answer to all I need?  
Are you the answer, the answer for me?  
Are you the answer?  
The answer for me?
