

## Mirror, Mirror

He promised to make America (Germany) “great again”.

He warned of the Enemy Within: of Democrats (Communists) and Immigrants (Jews).

After failing to overthrow the government in 2017 (1923), he threatened his enemies that once he was in power, *“Accounts will be settled”* (*“Heads will roll”*).

Although he was a convicted felon, he won the national election of 2024 (1933) by terrorizing opposition voters with the threat of another coup.

He declared that as President (Chancellor) he was not bound by the Constitution.

He ruled without regard to Congress (Reichstag) through Executive Orders (Emergency Powers).

He purged the government and military of anyone not personally loyal to him.

He promised to annex Canada (Austria), Greenland (Rhineland), and Panama (Czechoslovakia) as part of a “Restored America” (“Greater Reich”).

He threatened war against any nation that opposed him.

*And the world stood back and let it happen, as a global Holocaust loomed.*
