[An accused child killer could be the next pope; Dutch Cardinal is linked to the Ninth Circle cult and the murder of infants – Murder by Decree](#)

Cardinal Willem Eijk

Rome:

According to a Vatican source, one of three front-runners in the bid to succeed the ailing ‘Pope Francis’ is directly implicated in the death of children.

This past week, Willem Eijk, a senior Catholic Cardinal and Vatican insider, was named by the source as being an active participant in the rituals of the Ninth Circle infanticide cult, including when he was a physician at the Leiden University Medical Center in the late 1970’s.

The source quoted a suppressed Dutch police report dated May 6, 1987 that links Eijk to the disappearance and murder of children from the Leiden University Medical Center beginning in the spring of 1978, when he first worked there as a doctor of internal medicine.

According to the police report and from independent confirmation through INTERPOL, Dr. Eijk regularly trafficked newborns and infants from the Leiden hospital to Ninth Circle members in Utrecht. Eijk also personally participated in the ritual torture and killing of these children.

In 1985, Eijk was ordained a priest and advanced rapidly through the Catholic Church hierarchy to become a senior member of the governing College of Cardinals, or Curia.

Since 1987, police investigations into Willem Eijk and his Ninth Circle associates have been continually halted by the Dutch government and the Vatican's papal nuncios in Holland.

Cardinal Eijk is considered the favorite candidate of conservative Curia members in any upcoming papal election. He is opposed by the Vatican's present, pro-China Secretary of State, Pietro Parolin, as well as the traditionalist Cardinal Angelo Bagnasco.

*"Willem Eijk has had powerful sponsors from the beginning,"* states the church source in an affidavit to our Court.

*"One of those was the notorious 'Butcher of Utrecht', Archbishop Bernardus Alfrink, who was caught red-handed by a police raid during a Ninth Circle ceremony in his church on November 23, 1971, but he was then quickly released. Willem Eijk eventually took over Alfrink's Utrecht archbishopric and enjoyed close ties with the Dutch royal family, including Pope Francis' partners in crime, the present King Willem Alexander and his wife. Willem Eijk received his cardinal's hat quicker than most from former Pope John Paul 2, Karol Wojtyla, who attended Ninth Circle covens when he was a cardinal. Participation in Ninth Circle ceremonies is mandatory for anyone wanting to become the pope."*

*Bernardus Johannes Alfrink - Bishop of Utrecht from 1955-1975*

A survivor of the Ninth Circle, Toos Nijenhuis, has testified to the Court of her rape and torture as a child at the hands of Bishop Alfrink and others, and of her witnessing their ritual killing and cannibalizing of children.

Ms. Nijenhuis also claims to have seen Karol Wojtyla and Joseph Ratzinger ('Pope Benedict') at Ninth Circle ceremonies in Belgium, Holland, and Wales during the late 1960's and early 1970's. (See [\(98\) ITCCS - Testimony of Toos Nijenhuis - Ritual Child Sacrifice in the Vatican - YouTube](#))

Our Court has appointed a Special Prosecutor to investigate and indict Cardinal Willem Eijk and his accomplices. An initial report from the Prosecutor's Office will be forthcoming.
