HARD NEWS

2017-11-16 News Update – Thursday, November 16, 2017

THESE NOTES INCLUDE THE UPDATED MATERIAL THAT WAS INSERTED BEFORE THESE NOTES WERE UPLOADED ON 2013 RAINBOW ROUNDTABLE.

R: Greetings!

T: Rama took me into another dimension with what he's experiencing today!

- Sen. Al Franken got accused of sexual impropriety with a woman colleague, and that's *aye-yai-yai* for that particular person!

R: I talked today to **Rana Mu and Number 15**. Number 15 is one of the Wingmakers, and they were discussing this giant story we're watching rapidly conclude, as the 13 Families are continuing their descent into madness.

- Love is the answer. It is the key to the whole story.
- What they were sharing with me is Julian Assange is about to drop the motherlode of all WikiLeaks files, about the 13 Families and the Russian mob, the Khazarian mob, the Jewish mob, and the Irish mob, that go into other branches of this giant story about the social/political/economic structures, and how this planet is being held together with duct tape, crazy glue and baling wire.
 - That's just a metaphor yet, according to their realm, that's what's happening as we're watching Mob rule democracy take over, with the various gangs playing games at the Galactic level, where some not-so-nice toys are starting to get trotted out in various ways, and they're being seen.

Number 15 and RanaMu shared with me today that some of this history of Earth and the 13 Families goes back to Sumeria, and long before.

- They brought up today that there was a forest, a gigantic forest in Antarctica, and they described it as being like Treebeard's forest [from Tolkien's *The Lord of the Rings*], and the forest lived on for thousands of years.

T: They talked about it on *Watching the Hawks* today. The trees could protect themselves by going dormant so they didn't die in the coldest of cold weather. It was also synchronistic that just after seeing this on *Watching the Hawks*, Ram came home and told her the same thing.

R: They shared that our Earth is a **lot** older than we're being told. Different civilizations—we'll have to rewrite how history/herstory is told about the various civilizations.

T: The scientists who went down there came from Sweden and Finland. They [the scientists] must have been alerted to that. They were raising their eyebrows about this. There's so much data starting to come out!

R: This goes into the realm of the beings in Antarctica with the egg-shaped heads, and the pre-Adamic people. The technology they have—they're all over the various areas of Antarctica. There are various buried craft that are gigantic.

- They have Earth's history within the craft, stored in holographic libraries, where you just put a disk on this little pad that looks like a coaster to put your coffee or tea on. And that little holographic disk shows you Earth's history in living colour!
- All of this is going to start coming out now, as we're watching the complete unraveling of what we laughingly call a civilized world at the moment, because folks are acting quite uncivilized with the energies.

T: I think that's what Omena was pointing out—this goes even before the racism, the suppression of the Feminine; the abuse of it goes so far back.

- As Rome fell around 500 AD and until 1500 AD when the Black Pope was created, there were all these goddess things going on [goddess images on and in churches and other buildings], and they effaced them all.
 - After 1500 AD, that's when St Germain shows up [as Sir Francis Bacon], with Queen Elizabeth I, in the 1600s.
 - There was all this prolific goddess energy that was in the midst of that, so then they had to get someone's iron fist in there to say "We don't want this going on anymore."
- And speaking of data—on *Boom Bust* they said by 2020 there will be more data in our data systems than there are stars in the heavens. That's a profound statement. Digital information—to be able to retrieve it— some of it's gotten stuck in the works.
 - It's called unstructured data. And data has to be structured in order to access it.
 - The science of structured water could come in handy for figuring this other thing out! It's all related to the cauldron of Thoth. It's talking about the Divine Feminine energy. The womb-space of Creation!

MR: On a smaller scale, I just watched on PBS that they've been able to document that we had Native Americans living here 12,000 years ago. That's on a smaller scale than what you're talking about.

- Yet just beginning to stretch people's minds, and looking at artifacts and looking at what they traded with 12,000 years ago—that's starting to educate people that they might need to think a little wider!

T: That's another thing that wakes us up! The Aztecs were here a long time ago, and their DNA has been traced back to Africa. They were called the people of Mali—this huge country inside the African continent. They actually crafted their own ocean going ships to get here. It took them at least two years to get here. They called the Atlantic "the Sea of Darkness."

- That has to do with the Haplo groups— and that goes back to the Steppe pyramid area in the Caucasus Mountains in northern Kurdistan and southern Russia—there are all kinds of portals and stargates there not being discussed, yet everyone is waking up.
- It's the enormity of energy coming in right now to get us ready for what's coming up. It's a necessity to get ready energetically, unless we want to go completely insane, in the process of receiving these energies.

R: And they found another planet that is like Earth.

T: It would be perfect for Earth's inhabitants—that doesn't mean that we can all run away to that planet!

- Yet this speaks to the distraction levels.
 - So to go back to what RanaMu and Number 15 were saying about this giant forest in Antarctica—that research goes back 260 million years ago. Those trees started their life cycle then! That is just mind-boggling!
 - All the evangelical Christians who think the Earth is only 6,000 years old—what are *they* going to do?

R: Don't know. Yet those trees were flash-frozen when the Earth went through the pole shift. Now these things are starting to coming out.

- They shared that, as the wisdom of these ancient cultures comes forward, it will help us in this time to understand the level of previous technology, and we'll see the renewal of the Atlantean technology upon the release of the technologies that have been repressed for the last 60-100 years.

T: You mentioned a super-continent?

R: In the Southern Hemisphere. At that time it was called Guandana. The Northern Hemisphere super-continent was called Pangea.

T: Pangea predates Guandana—it was all one land mass before they divided. That was the first continental division.

- Once we have this solid history—then we have to rearrange our molecules. People are starting to say, “How did we get all these borders?” It’s all about colonizing, due to superpower possessiveness of the Earth.
- Thom Hartmann brought it up, that a place has its own right as land. The indigenous people of that land say, “This is sacred; the land has a life of its own.”
 - In Burlington, Vermont, a young millennial did that for the land around a nuclear site, with others helping her. They used the rights of the indigenous land in a higher law to stop what was going to be done there.
 - So there’s 800 square miles of a piece of land in the area around New Zealand somewhere that has the same kind of rights. It could be another place.
 - Yet having discussions like this in the midst of all this other stuff is phenomenal! We really must take this seriously. As we know more about our roots, we must retrace our steps. Where did we get lost?
- This [the US] is the most violent country on Earth, bar none, in terms of guns—more shootings recently.

R: What **Number 15** explained to me, is that as—

T: Maybe we should explain who the Wingmakers are. They come from 175 million years into our future. They came back into our present to help us at this time because the energies are right for it.

R: To wake humans up to service to the Earth!

T: The energies are right—the people are starting to respond now. As The Wingmakers have come back from the time in the future when one-third of the Milky Way galaxy was destroyed, which reverberates from 450 billion years ago—it literally created this situation of imbalance 175 million years into the future.

- These are large stories. These are the big stories. And they’re not going away.
 - Let’s reevaluate this situation! The whole idea that there was a God who created a man, and out of that man’s rib, came a woman--? Let’s look at it as it is our time to test ourselves. Is it true that woman came from man?
 - What Cain in the Old Testament did, in deciding what to do about his brother, was a recipe for war, coming only from a lower ego.
- R:** What has been explained to me, is that these are metaphors, that the only way to really see the true history is to see it in living color, like with these optical disks that Number 15 was talking about.
- T:** Our mindsets at the time when we, as higher beings, decided to engage in the experiment of descending into matter, caused things to go awry, and we fell to this level. It was about the misuse of the kundalini.
- This is where the split happened, with the patriarchy and the matriarchy.

R: Now we are coming to the end of the negative, patriarchal society false matrix, we send more Love.

- Just as we’re watching the insanity of the District of Criminals and fake tax story—send more Love!

T: They put a rider on that tax scam, which removes the individual mandate from the Affordable Care Act. As they pass it, it completely destroys the Affordable Care Act.

- Without an individual mandate, the whole thing collapses. It's a sneaky way to end Obamacare.
- A brother of ours said, "I'm not afraid anymore. What can they do?" Dealing with the 13 families is like dealing with the mentality of a teen.
- We pass the talking stick!

GUEST: OMENA **888-429-5471** for US / Canada **716-848-0140** all other locations
323-744-4831 alternative

To answer questions from callers, all Omena needs is the first name of the caller and/or the name of the person the caller asks about, if that is the intent of the question.

Caroline Oceana Ryan [COR] is also present

Topics tonight:

- Feminine energy, and the effect it has on all of us; also the 5th dimensional energy that is coming to earth, cleaning out a lot of nasty stuff, as we see in the news
 - Feminine energy is coming because it's needed to create a peaceful compassionate place.
- What is happening now is the misuse of power and the misuse of sexual energy; we need to know more about sexual energy as it is the highest vibration on the planet – a powerful creative energy.

Rainbird [RB] takes over for Marietta:

- O:** many things happening on many different levels – she's asked for more clarity around this
 - what she gets is that the descendent of the 5th energy is happening so fast and they are slowing it down – creating physical discomfort too

About Sexual Abuse

- Pain is an given; suffering is an option – so talk to someone: it if has to do with sexual abuse, holding it in will make you sick
 - If your children come to talk about it; if other people speak of it – listen.

Caller/TX: her sister is in hospital – diagnosed with toxic blood; yet 20 years ago was diagnosed as psychophrenic; the sister has been on medications, was taken off them, and put back on them again

O: People who are schizophrenic and have been on medications for a long, long time can become immune to the meds, and the older people are, the more immune they get

- getting that the blood is due to a staph infection

C / TX: Can she be cured?

O: NO – she's a little paranoid; doesn't want O to talk about it – yet at the soul level, they pick a life time where they are traumatized or - she's in the state of mind of deciding if she wants to stay or not -

O: if they are telling you she has multiple personalities – that's due to trauma in early life
 That condition is different to being Schizophrenic which is a different mental condition

Caller: can see her being depressed or not wanting to stay

O: they may try new meds that will help her – there's no cure for Schizophrenia – the meds just help to manage the symptoms

O: in response to what the caller can do: Yes, you can love her and reassure her that you love her; play music as she loves it and it will calm her down

Caller: doesn't live close to her and will call her

O: she's safe and OK – just heavy duty stuff she's dealing with – not personal if she doesn't talk

Caller: appreciative of the advice and guidance

O: will send both love and light – and so does Caroline

O: many people living with major mental health issues and trauma in these times.

- It was new information to her that people choose lifetimes of trauma or a lifetime of mental illness to balance out their karma – though karma is speeding up now

COR: Tara mentioned about what the evangelical christians will do when they find out the earth is more than 6,000 years old

- Saw on social media a young girl of 15 or so saying that Roy Moore was being accused by 6-9 women because he was a christian – parroting what she heard at home, perhaps – and that is just the way the world is
- people who call themselves christians even after the hollywood movie bust about his behaviour – is there a shift with the women who have stood by the extreme patriarchy - is there a shift?

O: dealing with a bunch of toddler souls who have to have religion to feel safe – on a soul level – having fundamental religions focussed around them makes no sense to older souls because religions punish people in many ways

- with all her years in the mental health field, she has yet to meet a pedophile who accepts responsibility for what he/she does
 - Franken has apologized, owns it, willing to have it investigated;
 - Moore denies it all – 11 have come forward and given details; there's a pattern
 - he's accusing his victims of coming after him which is one of the patterns
- have to look at politics and the White House and who is there: women have come to tell of his behaviour, and he boasted about it: sends the message that can do what you do and still be in office – both Moore and the Grump are denying their actions
- the feminine energy is waking up, yet they have to clean up the mess first!

Caller/TX: asking about people in his family who have passed over

- Willie is fine; has separated himself from the earth vibration
- Debra – does not come in at all – she's on a mission and is learning stuff
- the other sister
- Edwin, brother –it's very different than he thought it would on the other side – still making his way; he's at peace.
- His mother: not ready to go yet, she's much older -
- the living brother Gerald – she has something to clear up with the brother before she leaves – has a strong heart
- Sister Linda: not very willing to talk to Omena and is asking what he wants to know about her?
 - So she won't talk to O – her plan is to be living 2-3 years from now – she won't tell O anything more - She's pretty fiery

O: advises caller to call her

Caller: gives her some of his background and asks about his future

O: the future is free will choice for every one of us; you can create what you want;

- if you're afraid of it, just step into it – none of us can guarantee our future; it's what we make of it.
- Ask for help from your guides

O: when she brings in people from the other side and their personalities are just the same as when they were on earth, and they come in so fast to talk – or not!

Has a story of her own: took a couple of days off and visited a friend

- saw 3 huge big crows under a tree, yapping –
- the next day, saw the same 3 crows together and they flew off together –
- what's the message? You usually see crows as singles – these were big ones.
- couldn't find her golden dolphin ring before she left; Richard helped her – no luck
- in her dream, she was with a white dolphin
- the next time she went to her pocket book, reached in for her key, the ring slipped on her finger!

COR: saw 2 crows by the place where she lives – crow medicine people are masters of illusion

- had never seen them before, or so close up
- Once before, she saw a huge hawk sitting on the railing – just sitting there.

O: she grew up with crows in Ireland so knows the diff between crows and ravens.

T: love is work made manifest
crows never forget a face

Caller: had a checkup/ultra sound on her breasts – found a spot the size of a grain of rice

- Dr said had to get it checked out and described the procedure
- No she has not had the procedure

O: had the very same thing done herself: have to go and have it removed so you know what is going on: do not ignore. And yes, they put the chip in to mark the spot, so to speak.

- It's all preventative
- It's a doctor's responsibility to inform – hears a lot of fear in her voice.

Caller: doesn't want a mammogram and that's why she went for the ultrasound

O: the mammeogram shows exactly where it is

COR: can get a breast thermogram – not giving power away, just getting confirmation

T: no matter what you choose – the thermogram is best, mammogram is very high radiation

- take high doses of Vitamin C about 3 days before you go in and continue afterwards
- Brings up the Age Pill

O: ask dr for alternative to mammeogram

- O gets that there's nothing there, but need confirmation

Caller: often uses castor oil packs -

O: usually castor oil packs are good if close to the skin; not sure castor oil can go deep enough

Caller: part of the regular physical she had – dr suggested the checkup
the ultra sound hurt more

O: ask about Thermography and see if it can go deep into the breast tissue

Caller/R: he got that the crows were sending a message about the trinity; later she'll know what that is

O: could be mother, father, holy ghost –

- they were crows – OLD crows! And BIG! And loud [ravens are much smaller]
- maybe something coming in 3s or maybe an integration of mind, body, spirit

Caller/L:

- psychophrenics are usually clairvoyant – transpersonal psychology
- medical hypnosis heals medium to severe conditions
- mammograms: there are long distance healers can dissolve tumours etc

T: the 3 showed up tonight: 3 people with different solutions to one problem

- the spirit energy is coming in so voluminously now – not limited to

O: religion is punitive – it's the old energy

- now people are learning about their own power, their own healing

- each one of us is a star, each with our own unique gifts – we need only to give them voice - we have to learn what it is and honour it – this is part of who we are!
- Everything is in divine order – even what looks like chaos – we created it and now we’re uncreating it because we don’t like it
- trust you’re safe, trust you’ll be taken care of and go with the flow – just ask the angels to help you! They won’t do anything without us asking.
- Thinks it was the white dolphin and her angels!! She was so grateful to get it back.
- She always tells god if I’m not happy, you won’t be either! Always works!

RB: her teacher Rocking Bear did a ceremony called soul retrieval – through the ceremony, you go find the pieces of soul which
