HARD NEWS

Tara: T

Rama: R

T, R: Greetings!

R: Talked with **Natasha and Sweet Angelique the Cat**

there are many many solutions happening in the midst of the awful stories!

- N said the attack on the Sufi mosque in Egypt was done by a Black Ops – she wouldn't say which group, but it is related to the Empire in America

T: thanksgiving and gratitude for what we do have, and for our ability to help others

R: things getting hotter, more intense as the fake stories: corruption, Collusion, money laundering, murder, bribery, international war crimes, intergalactic war crimes

- Flynn has been told to cut off all communications with the Grump – hoping a plea bargain may come out of the deal
- Kushner - this story goes into the realm of Lex Luther; we saw what Lex Luther did in *The Dawn of the Justice League* we saw insanity
 - as Sister Cheryl says the Pleiadians are in our atmosphere – physically – they are here and that is a big deal
 - as things get more intense, the higher dimensions are taking over – it's not about invasion fleets, but the increase in frequencies – the lifeforms who are minus their 12th strand of love – it is painful for them to be here now, and they are in their last moments as the folks are saying

T: Katrina vanden Heuvel said the Grump is walking himself into his own body bag

R: the West Wing – what's going on there means they'll need Scully and Mulder to go through this story when it's over – this goes into the X Files and into Helboy -

- it's about the lifeforms as they go along – The Luciferians fell over 250 billion years ago – Jehovah, Lucifer, Black Lillith have come back to love; the others are still in the fear game
- We have Love, more than just love: it is awe-inspiring and amazing to be here and at the same time it is precarious at best, as the 13 families are at each other's throats in a fight to the death – bystanders do end up dead if they get too close
- Yet Intervention is at hand in spite of all the other fake stories going on

T: big story is Ben Fulford who talked about at least 2000 sealed indictments being ready

- it is many times more than that; there are also ship prisons – cloaked – at all continents on the planet – whatever Mueller does not have, Patrick Fitzgerald has – all ½ million + indictments are ready and sealed – it's very large !!!

T: Rama asked Thom Hartmann about the Marines going into the CIA headquarters; Thom is a bit jittery because he was threatened once or twice –

- this time, he laughed out loud and said Rama had to quite listening to paid schills, which is what he considers Fulford
- Thom said Fulford and his corporate masters, the white dragons, are criminally organized mobsters – this coming out of Thom is quite something
- All the criminal gangs across the planet are connected to the Khazarian mobsters

• Laura Flanders reminded us that taxation without representation is a violation!

R: The precious assets get moved around the planet – and R keeps repeating – it is a brinkmanship game as they have an empty hand

- THERE WILL BE NO NUCLEAR WAR – THERE ARE LEGIONS UPON LEGIONS OF HEAVEN HERE – HE WANTS TO SEE PEOPLE DANCING IN THE STREETS, as these beings are so physically here and their presence is lifting the energies up

R: Sweet Angelique the Cat:

- telling Rama the stories of the interaction between – kingdoms – humans marrying members of other kingdoms
- all the kingdoms come out into our physical realm, as the energies rise and into our physical realm – through these electronic talking circles, we get to interact with these beings – it's happening around the planet and is not just talk,

T: an article about the Clinton Crime Family about to be taken down which means will all go down

R: as Gregg Braden talks about: climate change – consciousness – conflict – when you put these things together, and consciousness is the one saving grace here

- every single particle has consciousness and they will not allow this beloved planet

- **From The KOS, #15, the Lavender Lad send Rama 3 separate text messages: THERE WILL BE NO NUCLEAR WAR!!**

T: People are not buying the fear any more

- on RT , Peter Kuzniak was reporting: the volatility is there and the intention is to push the river and have conflict there in North Korea- what we know is that they don't have their nuclear platform any more – and that correlates with the platform falling apart and losing 200 scientists: North Korea has done nothing for the last 2 months
- North Korea is an asset of the USA, so the mobsters

- No accident that all this started after the Roswell Incident – all has to do with Full Disclosure and First Contact - it's about the Ring – there is magic afoot
- King Solomon was not white, but totally black – and had lots of wives!

T: he was seeding the galactic DNA

R: There are twisted stories about him - Solomon was supposed to be of the House of Israel -

- T:** there's an intentional 500+ year change of timeline that has to do with Egypt and Israel to cover up the galactic intervention because the DNA was being completely destroyed by the Amon Priesthood of Atlantis, the Dark Priesthood; it was the darkest point in history
- the evolutionary cycle we are in now is much, much higher and the light that's coming in to counter interdicte that darkness – there has never been so much light on this planet!

R: Natasha and Sweet Angelique the Cat – talked to Rama

- we are in the the most intense and the most beautiful of times

T: according to **Israeli biblical chronology** - Solomon reigned from 970 – 931BC = 39 years

- the corrected chronology, the **accepted Egyptian chronology**, puts Solomon from 1540 BC to 1501 BC – **same 39 years, yet 520 years sooner with the lines of Solomon and Amonhotep the 1st first**

- the identical soul of Solomon body-hopped into the body of Amonhotep the 1st of Egypt from 51558 – 1545 BC – 13 years
 - there was a bilocated soul in both bodies, teaching from a specific similar ray of wisdom in 2 locations, in both nations at the same time
 - this is not about identifying ourselves with the body of one person, saying we were this or that person in the past - it is the energy of rays of higher wisdom and consciousness all over the planet seeded in all of us all over the planet; as the timeline has dissolved out of 3rd dimension and the higher dimensions of reality and the higher consciousness is increasing and increasing- and the Solar Monad: we are equal to Mother except for our awareness of that and embracing it and living it
- In August, on Thom Hartmann: a research study that said if everyone quit eating cow / beef, we would be able to reach the goal of affecting runaway climate change by increased 72% - this would help a lot
 - the aethers and the power of what we do and who we are as we make it a livingness within our beings – because it does not appear that we cannot overcome an entrenched way of thinking – this is an illusionary thing – the power to make those changes is increasing with the increase in energies – we are constantly changing
 - mouse medicine – for next 2000 years - is so important because it raises and reverses the downward spiral – as we apply the mouse medicine, we can change things – it is much easier to get negative and there is lots of it – and that is a real challenge – we often speak before we stop to think of the words we are using

Sam Seder on Monday: same day Rama spoke to Nada who was talking of the humanitarian crisis in Yemen to Rama: Tara also found it alarming: why does no-one think about being

allies with Saudi Arabia; refueling planes over Yemen on a regular basis, and both the US and Great Britain supplying arms to all the participants in the conflict

Audio: Dalai Lama – early August - Al Sharpton, Dennis Kucinich, then the Dalai Lama

CONFERENCE CALL

<https://fccdl.in/1UnsA02Zt> please listen to the entire Conference Call – these are notes, not a transcription; there was more said than got written down!

- IT WAS THE DARKEST PERIOD** and the DNA has been downgraded from the time of Atlantis –
- the Orion Warlords physically invaded Atlantis and stole it from Isis and Osiris and then they seeded the thoughts of power and greed
 - the temple of color, sound and vibration, and the temple of whales and dolphins – Rama worked in the temple of whales and dolphins
 - The Dominionist Church of America – the Khazarians made their own little private bubble, based on the Protocols of the Zion; they experimented over thousands & thousands of years to create and introduce programs that would devolve humanity's progress, rather than help to evolve humanity's progress

Caller/RO: says that Sufism is an exception

- T:** Sufism is not an organized religion – it's about spiritualism – the highest level of Sufism is the mystic path, and Sufism is the highest form of the Judea-Christian mysticisms
- organized religion is not spiritual
 - it is an amazing experience to experience that mystic path and have teachers who live that path
 - St Francis was a Sufi -
 - St Germain is on the violet flame Ray, Kuthumi is on the sunshine gold ray – these are complementary colours -

Caller/RO: Mohammed Reheem Bawa Muhaiyaddeen – a well-known Sufi teacher died in 1989 from Sri Lanka, came to US in 1971.

About the life of Sufi Mystic, Bawa Muhaiyaddeen, and where to listen to his work

About Muhammad Raheem Bawa Muhaiyaddeen

Muhammad Raheem Bawa Muhaiyaddeen, a Sufi mystic, can best be remembered for his efforts to bring unity through understanding to the faithful of all religions. . . .

MOTHER SEKHMET / ALCYONE M / A

Greetings in the Light of the Most Radiant One. In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

Greetings, Children of RA!

Indeed, we are all servants of Peace! There is a lot coming up the tubes, going down the tubes, however we wish to put it: it is all magnificent!

- in the same breath, those that have, as the good Lady Master said – the three fold flame is the vibrational energies that can transcend all darkness. Yet the ones She will be taking back to Dracos – that is another matter!

T: you take no prisoners, right Mother? “ You used the term “winking them out of this universe”

M / A: it is as if the Universe Winked, and life goes on – a moment when the Universe blinked – that energy moves across space/time. Some want to call it The Event – nothing like it!

- It is about the upliftment of every particle in all space/all time – going higher and higher as the old energies of the ancient old consciousness of the fallen human ego, false matrix, false . . . the de-materializes into what she calls Gamma rays, neutrinos, particles of this and that that make up what She creates new universes of –
- another way to call it is Star Stuff. It is plasma as well as the particles of Living Love, Living light. As one - how She can best describe it is: as a star goes into a period where it is losing its plasma power, going into the state of what we call dying, and going into the place called Black Hole – a dead star but not really dead.
- This becomes more of frequencies that interact with space/time, that help to uplift the firmament, as it were, of this Universe. Because it is all interconnected.
- As we were to see the sons and daughters like ourselves of the Most High – described in the Urantia Book – the various beings Melchizadek, melchizide, and various other names of beings; they have what She could describe as various forms of balls of light – no bodies,
 - They can manifest a form – it may look humanoid, yet these beings are part of the nature of the fabric of this universe that is the mechanics; they are also known as The Watchers who have been here forever.
 - All of this is interplaying right now as we move higher and higher into more radiant light.
 - It is very orchestrated like the harmony of the spheres. It is most magnificent orchestration – of Divine Love and Compassion
- Like she said, they are taking these ones to Dracos and from there it is to the Void – another story for another time.
 - Let’s say She is extremely thankful to be here at this time – working with all of the energies that are lifting humanity in all its forms up in all the waves; all the kingdoms are co-operating. It is, at this time, no coincidence that the Pleiadians have entered the fray, the lower portions of earth’s atmosphere, with their craft, along with the legions upon legions of heaven – they are all there –

- it is quite a cosmic experience to see it through the eyes of this one [Rama]- what She is describing is like what is described in the various Vedas, the Upanishads of the Vimanas and the magnificent energy that poured forth –not about the wars which is another story
 - it is about as we take the merkaba vehicles and work with them and move them up in octave, we literally become the Sons and Daughters of the Most High as we are right now.
 - Things may not look that that at the moment, yet to describe it, it is one over-lighting another. As the energies get higher, the molecules and particles get re- arranged and we get lighter in our frequency and vibration and, as we can definitely see, there is more activity happening across this beloved blue green dot in space that is surrounded by so many who are here in the name of Service to the Whole.
- It is this whole story: can't get whole without the rest of the whole picture – let's say it never ever wasn't whole
 - We took a little trip and decided to play with ourselves and each other, and we followed the White Rabbit – and we know what happened: here we are - no sugar cube on the tongue. This is about the reality here: we made a conscious choice to come in [to be born at this time] knowing for better or for worse, in sickness and in health, that it was going to get this deep.
- How we heal it: as the lady said - the 3 fold flame – the pink, gold, blue radiant energies -
 - the rainbow bridge, the bit frost – it is this road that we keep getting hammered in the head with Thor's hammer; it's all connected, all the kingdoms are connected. This circle is unbroken
 - Only what happened; we followed the White Rabbit, got a little lost in the garden and here we are – back with brass balls on.
 - there are more energies that have shifted this story to one of love from the old paradigm of if you're white, you get to stay here – **this is over**
 - this is about the rainbow bridge and then some 144,000 x ten hundred thousand x ten hundred thousand –
 - variations on a theme about how many radiant colours and symphonies of tones that make up this orchestration of love that is so awesome to behold in the midst of walking through hell!
- And in the same moment, the tide has turned; we have it in our moments. The hype has won as we have already heard for many years, and it is now manifesting, as it were – it may seem it's moving like a snail, but it's moving at quantum light speed; so awesome to behold
 - Each moment is an all encompassing NOW: if we can take our consciousness, somehow, out of the matrix and feel the timelessness that is about the inbreath, the outbreath – taking a way in which we use our attention and shift our consciousness from tonal into naqual, then the magic happens. It is that simple.
 - Let's say, watching it for so long as She has been there since the beginning and now it's taking on its own – The Force is moving it right along!
- All She is doing is radiating the most magnificent light from Alcyone into this realm as we lift ourselves up at this time.
 - Our Sun has become this white dwarf, moving into its older age as it takes this place as nuclear fusion of the core is getting to that place, where as stars tend to go by the wayside; this takes billions and trillions of years yet it is the nature of what makes up every particle of this [the body] - it's all connected –
- Mmm! Looks pretty good!!!! Soup - what can we say?

T: talking about setting up refugee camps all over the world

M / A: soup kitchens in the ways of feeding the millions and giving an education to girls and we've got it made. That's the deal. It's about the goddess

T: That's bringing elements of the firmament back into relationship with the remedy for the earth, is it not?

M / A: Yes

T: It's been very challenging, Mother, and she knows we are going to be very happy

M / A: Indeed, and we knew that we would ascend at this time and take our temples with us and, in the same moment, forgive all –

- it is this "in service to all" changes the story right now as like the Lady Master said – use the three fold flame: it can lift one up even if they are not aware – they get lighter by the moment –
- it might be in the best intentions to send the 3 fold flame to the Grinch at this time: he is a little orange at the time, yet the 3 fold flame might balance things out
- Trying to make it lighter – such a horror story – can't even go there because how do you describe dripping radiation

T: it's good that it's exacerbating – if you're confused at this time . . .

M / A: if you're confused, you're not paying attention

- as Homer Simpson says: so many Rubes. Thom Hartmann calls them rubes – the suckers who brought the great lie. The word "Rube" comes from Rubic's Cube – the puzzle of the universe
- It is about the nature of the merkaba vehicles

T: she's seen a character on TV – with flying finger moves that cube around – like dancing above the ground and feet not touching the ground – she's had the experience and it does have an effect

- like that phrase "winking out of the Universe" – it is painless, right, Mother?

M / A: It's as if we rubbed the particle of dust out of our eye, and then we can see a little better

T: are you going to play that Sufi hour for everybody?

M / A: wants to go - no tones: give the throat a break – working on it

Greetings in the Light of the Most Radiant One: Kadoish, kadoish kadoish – Adonai Sabaoth . . .

M / A: Remember we have the power

T: can feel the changes – very powerful – participation on a world scale – quite a time to be alive!

R: Doesn't know where he was, but he smelt toast! Was on Athena's ship, the Dove – must have been in - not sure, remembers distinctly that he just smelled toast.

- Listening to the trees blowing in the wind, and the sounds – in one of the arboretums – no one was eating, but he definitely smelled toast!

Audio: Rumi: a poem of the heart –

- the story of Rumi, how he travelled with his friend and the spreading of the enlightenment of the spinning, the seeker – as you practice that, it changes your reality – you can levitate

<https://www.gaia.com/video/rumi-poet-heart>

Jelaluddin Rumi was born in 1207 and by the age of 37 had become a famous scholar and popular teacher. But his life changed forever when he met the powerful wandering dervish Shams of Tabriz. Rumi said, "What I had thought of before as God, I met today in a human being."

An extraordinary esoteric friendship between the two men unfolded, and when Shams mysteriously disappeared, Rumi experienced a transformation from scholar to mystic poet. More than seven hundred years later, Rumi is the bestselling poet in America.

How did a Persian mystic poet of the 13th century become the bestselling poet in America? **Rumi: Poet of the Heart** explores how Rumi was discovered in the West and features two of the individuals responsible – Coleman Barks and Robert Bly.

In this special Thanksgiving Day episode of the Keiser Report, Max and Stacy discuss all that they are thankful for: from cryptocurrency to travel to being back on the frontline, as one system disintegrates and another to emerge. They discuss working for RT and the platform it provides. And so many other things for which to be thankful.

Audio: Abby Martin - The Empire Files: Native American Genocide with Roxanne Dunbar-Ortiz

2015-11-21 <https://www.youtube.com/watch?v=-R2IYDWFJwU>

Each November, Americans celebrate a mythical version of U.S. history. Thanksgiving Day's portrayal of the experience of Native Americans under the boot of settler-colonialism is one of the Empire's most cherished falsehoods. To hear about the true story of native peoples' plight - from genocide to re-education - Abby Martin interviews Roxanne Dunbar-Ortiz, renowned indigenous scholar and activist, about her most recent book "**An Indigenous Peoples' History of the United States.**" <http://multimedia.telesurtv.net/v/the...>

2017-11- 18 **Redacted Tonight**

RT America a foreign agent, tax dollars fund sexual abuse & more

<https://www.rt.com/shows/redacted-tonight-summary/410248-rt-register-foreign-agent/>

The Department of Justice ordered RT to register as a foreign agent, yet refuses to cite what laws were broken. Furthermore, the government has done nothing to demonstrate how RT journalists are taking orders from the Kremlin or that RT employees have lobbied Congress on behalf of the Russian government, which is required by law. This move is clearly political since ACTUAL foreign lobbyists like the Podesta Group and AIPAC were not threatened with arrests and a test case for a wider campaign of media suppression. The fact is the political establishment is scared to death that more and more of us are abandoning its corporate media, and doesn't want us hearing outside perspectives.

INFORMATION RELATED TO THE NOTES

2017-11-26 **Dennis Kuchinich: Ethics and the World Crises**

recorded from Free Speech, TV on Aug 2nd, 2017; transcribed by Tara, November 2017

Given September 9, 2003 Visit of the Dalai LamaXIV

. . .

The Dalai Lama XIV, Robert A. F. Thurman, Dr Helen Caldicott, Rev. Al Sharpton, Senator Dennis Kuchinich

Rev. Al Sharpton: We all have been wrestling with the tone of spiritualism as it relates to social and governmental environment. I grew up as a youngster in the aftermath of Dr Martin Luther King's movement. I did not come out of the South; my mother did. So I grew up here in New York in Brooklyn where, for much of my early pre-teen years, we fought the Love Ethic and what Dr King was doing at that time, mostly in the South with some less than effective aggressive ways. As I grew older, I began to understand that we are programmed to think that those with money and those with the power to execute violence are those that we should look up to. We began to understand that Dr King using the Love Ethic, using the power of forgiveness, using the power of sacrificing oneself, for a greater cause did more to change America for people like me than anybody who had money or military power.

Yet we don't talk about that. [Lots of clapping from the audience] We don't talk about that in the span of history. What will matter is as we keep teaching humanity that revenge and hate and who has the biggest gun and who has the most money is the answer, even though most of the world is looking for clean water and clean sanitation, and a way to educate their children, and most of the world would gravitate to getting in line with those who would raise that.

You [the Dalai Lama] coming here is against the grain of a culture that is told our people that the size car you have, the size you have, the amount of jewellery you have, determines your worth. That is not your worth. What you are able to do for humanity is your worth. [Many more claps from the audience] and I think that your being here, your being here I think helps us to crystalize what authentic heroes and authentic leadership should be in a broader social context. And I humbly think that you represent that.

That's why I wanted to be here this afternoon. [Huge claps and shouts from the audience, and the Dalai Lama is saying "Thank you", with his hands together, at his 3rd eye, in the praise position, sitting cross legged on his chair, and bowing towards Rev Sharpton.]

Robert Thurman: Now we don't want to get into you guys coming as competitors. We love you both [meaning Rep. Dennis Kuchinich and Rev. Al Sharpton – there is laughter and claps coming from the audience, and Rev Al and Rep Kuchinich shake hands, grinning!] We are glad to have you here, yet we are mainly having you here in that higher end that the Reverend mentioned. Congressman! https://en.wikipedia.org/wiki/Robert_Thurman

Dennis Kuchinich: Thank you very much, and thank you to His Holiness for what his life exemplifies and to the encouragement that you give all of us.

I think one of the things that makes it so difficult for people today is to see a politics that professes an intention which is not consistent with the outcomes; a politics which professes an intention for peace yet produces war; a politics which lacks a unity of thought, word and deed as our nation's Constitution was written. The Preamble of it spoke of "We the People of the United

States, in order to form a more perfect Union” – the idea of creation of a nation connected to perfection, yet the work was left to us to accomplish.

So the question then arises: how can we meet the challenges of our times in order to perfect this country? I would submit that the advancing tide in this world is toward human unity, toward people coming together. And that, as there is an inconsistency in government policies, those kinds of policies re-inforce fear and make it impossible to be able for us to connect to the deeper meaning of who we are as human beings. And so, with that awareness, let us introduce legislation in the Congress of the United States to create a new structure within the United States Government and that new structure is in the form of what is called the Department of Peace which would serve to make non-violence, the work that Dr King did, the work that Rev Sharpton talked about, make non-violence an organizing principle in our society for domestic as well as for international policy.

I believe that we are in a time when we can work to make war itself archaic! That we can connect with the aspirations of people all around the world. [the people interrupted with many, many claps]

[**Rama’s insert:** Dennis Kucinich and his beloved wife, Elizabeth Kucinich, are Ambassadors of Peace from Andromeda to the Earth.]

The Dalai Lama: How do you do that? How to move in that direction?

Robert Thurman: Well, maybe the effort that you urge the audience to do, the effort is to see to it that there is a Department of Peace. I think you, Mr Kucinich, could use a few telegrams and e-mails?

Dennis Kucinich: It would be helpful as people contacted their Congressional representatives and say “This is the time for us to take a step in that direction.” And any positive words from His Holiness in terms of this kind of proposal would be very much appreciated, and I think to help move this along. [More clapping]

The Dalai Lama: I am fully committed to the promotion of non-violence and peace. So naturally, I fully support your idea to lead the world and make a new pattern in international relations, according to the principles of democracy, freedom, justice – these things - the more people ultimately will come, and then I think things will change. Then I think a really meaningful discussion, I think, will be much, much easier. [BIG CLAPS]

Robert Thurman: Well, seriously, your Holiness, we are very, very grateful for your coming here, and we didn’t want to get you in trouble by all the kinds of humorous suggestions, and also heart-felt suggestions because we all have in our heart the people of Tibet, the cause of Tibet, as we know you do. And therefore, we hope that the people of Tibet get a break and that they will be able to find happiness. [The camera is on Dr Helen Caldicott]

Tibet should not be punished and ignored because they don’t do terrorism, because they try the peaceful way, because they seek to speak even with those other people feel it is righteous to hate. [The camera is on Rep Kucinich and Rev. Al] So we all understand this, I think – in this room, I can feel it and we all wish the very best for the people of Tibet and we really do [the Dalai Lama and Robert Thurman both put their hands together in prayerful honouring to their 3rd eyes, and all the people clap.] from our hearts.

The music and the chanting starts, and Katrina vanden Heuval speaks.

She says "The Dalai Lama is many things to many people. He's a rock star; he's a phenomenon; he's a Buddhist Light to millions of Americans, a screen almost, upon which Americans project their hopes, their anger, their sense of what's missing yet what matters. Let every American come to the Dalai Lama who wishes to, and find in the Dalai Lama what he or she wants to find there. And I say all power to tolerance, which is what he preaches.

Female audience member: This was fabulous, very enlightening. He's very humourous; he makes everybody laugh; he puts us all at ease.

Male audience member: I just felt touched by his laughter and by him personally.

Another gentleman: It has been the most amazing experience I have ever had! And I think the message is so important, this message of real, unconditional love. We are all here to create peace, really vital, extremely important . . .

Another gentleman: Well said . . .

Woman: He's done something that's hard for any human being to do – which is not to hate someone who has hurt you. I think that makes him a model.

Young Man: It is an important thing to understand possibilities, and what happened here . . . very important thing on September 11th . Instead of slapping back, we just like – instead – ask Why? There's a reason why . . .

Woman: This is a democracy and it does require participation. And we need to do something. We cannot just sit back and criticize. We need to organize the unrest and do something that will have some effect, some positive effect.
