HARD NEWS Tara, Rama – T, R

T: the state bank is coming into place in Santa Fe

R: Dr Richard Wolff had on **Laura Flanders, Mike Malloy and Peter Worthy**

- talked of having a liberal channel on TV to compete with the traditional MSM stations with guests like people from Keith Olberman to Lee Camp
- Keith has to do what he has to do until he can do what is really required – same as Amy Goodman
- they are putting together crowd sourcing, as the 3 have connections around the world

- They brought up the fake election that that is being blamed on the Bush-Clinton crime family – all part of the same cadre of criminals – there’s the veil of secrecy that JFK talked of, the secret societies and the way money is moved around through all the various channels and call it “capitalism” for the benefit of the filthy rich only.
- Laura brought up the whole fiasco from Nov 2016 where it looks like Hillary lost and Trump won yet they are both part of the same cadre of criminals – it’s rigged
 - Talked of Kris Kobach, another arch criminal who has messed with the voting system in the US
 - This all goes up to the Supreme Court – all 3 branches of Gov’t need to be gutted and started again!
 - Brought in the story of public banks

T: reminds us that they are bringing up all the issues that need to be dealt with, and that we need to understand that the existing institutions need to be replaced, as all is built on a bed of sand

R: and there be dragons underneath the bed of sand waiting for folks to fall in the water, so to speak

T: there will be total cognizance of all that needs to be changed; we’ll get out of political games and into spiritual consciousness

R: thanks to the app on his phone [netradio.com] which allows him to listen to programs all around the world –

- he heard an interview about the Grand Alignment which has to do with all the hints and allegations and stories that are really true: our sun is going through transfiguration as it becomes a white dwarf and fades into a dying star which takes millions and trillions of years
- the show spoke of each planet being affected by the sun going through that transfiguration, so do all the planets, and they also go up in octave across the galaxy.
- A hint of what Mother was talking about: there are folks out there calling it “The Event”
 - it is not that; it’s about an anomaly in the centre of the Milky Way Galaxy which has been growing for millenia; it looks like a giant hour glass, metaphorically speaking; at the point when our sun does its thing, as our sun goes through its transfiguration, it’s going to burst with a radiant light that pours out, like Akasha and Asun talk about on the Radiant Rose Academy.
 - No massive solar flares or anything like that -
 - It’s a transformational, transfigurational light from the higher realms that comes down right to where we are and, as we are not prepared, it will take people out which is what is happening to the 13 families
 - story about Brittany Spears starting to pray every night – it’s a warning and a wake-up call
- The other part of the story not being told has to do with the story of Full Disclosure and that we are related to all other beings in the Galaxy, the solar system and the planet
 - As things are being transformed now, and the fallen-human-ego matrix grid is falling apart, people are getting woken up out of the MK Ultra mind control and it is HUGE!
 - The story of Spears comes from a Faction 2 website [yournewsvine.com] which has hints of truth like some of the other papers like the Daily Mirror etc
All this is about the transfiguration of all of us
 - the stories are about 13 families desperately trying to maintain their grip and they cannot
 - Max Keiser and Stacy have been telling us for a long time now about the markets which are all fake; the Dow is empty air, not at 23,000; all holding it up is Mother / LM Ma’at

- the real money is in the hands of St Germain, the brotherhoods the sisterhoods and how this changes is with divine guidance and instructions about how we never go back to the slave system ever again – this happens via our revolution, evolution in consciousness

- **The story is about humanity throughout the galaxy – we all want peace and we want it now, in spite of all the illusion, the maya**

R: **Laura Flanders, Mike Malloy, Peter Worthy** are baby boomers who know the lay of the land

- they were saying they could transfrom this planet right now
- and there is another site of millenials – makingcontact.com – 18 years + - talking of the Deep State, and they didn't get to see the Beatles, Woodstock, the 1968 Democratic Convention, Kent state – where are we at this moment?
- Talking with people in Oakland CA – Occupy Oakland; to this day, there are still cases going on against Occupy Oakland people – they want to charge them with rioting and put them in prison for 10-20 years - it is about the false human ego matrix

T: they are playing polarity games with no morals or ethics; not OK - have to move it all into the spiritual foundation with full disclosure and with galactic assistance

R: called up the eleven lady and talked to her for a few minutes – she said what's going on are fantastic, ecstatic growing pains as Earth becomes a star once again; at some point, we chose the iron fist rather than love

- As Patti CR said last night, the scales have been tipped: we've already won!
- Laura Flanders brought this up this morning: when your children come to you and ask about the way Grump disrespects woman – and that it is a major point that won't go away – it is front and centre with Harvey Weinstein, Charlie Rose and a host of others - there are so many facets to Hollywood and the media and the political stuff
- Brings in the false religions and taking the Office of the Christ . . .

T: they're even taking the esoteric teachings and turning them around

- **Enki was Jehovah**, not P'tah as they read in a recent article

R: this is the big lie: like the German propagandist of Hitler said: if you tell the lie long enough, people will believe it

- He brings up the idea that the mantras have continued for centuries and can be used to assist up; Patti CR spoke of using the 3 fold flame as well as the Violet Flame for help in dealing with issues as well.
- The feminine has shown up, the warrior goddess will not be defiled again – will give you your kahonies on a platter!

T: Free will choice ends with the Prime Directive has been violated – and the **Prime Directive is says there is no intervention in a civilization's development unless or in case of nuclear or psychic holocaust** – so that free will choice was violated in August 6, and Aug 9th 1945 with the dropping of the 2 H bombs – so that happened 72 years ago!
We still get to have free will choice – and the next time in 1961 Downtown LA was to have been nuked – a Deep State operation at the time.

R: listening to David Barsimeon – one caller said Lee Harvey Oswald was not the shooter of JFK, and someone else talked of Norman Schwartzkopf being the shooter – stuff now starting to come out

- Lamar Walden who wrote about the murder of JFK – still not telling the whole truth
- Jack will be back, with Marilyn Monroe and Bobby Kennedy Sr and they will tell the story of what really happened. And we can change this right now.

- He talked to Lianaria, the eleven lady – this is coming full circle since before the flood – we have the power and by sharing the message that the false matrix is falling apart so fast, he cannot keep up as they try to twist the stories about the news
 - Now saying the people who did the shooting in the mosque in Cairo were carrying ISIL flags which means it's a Black Ops and another twisted mind game

T: They are trying to change the true history at every level & they expect to win the battle – which means it's psychic holocaust.

R: And they are still trying to play the fake alien story & Independence Day: Ashtar knows what to do – and in the twinkling of an eye, we have close encounters . . .

- in that context of the Galactic Confederation, Rama sits in a holographic room when he goes to see RanaMu where there are what look like footstools, but they are really galactic pads and galactic folks show up – this is happening all over the planet with the Ascended Masters, the brotherhoods, sisterhoods, the Archangels show up for the Council Meeting
- if they want to play with the fake stories and tell us to be afraid of the CIA and the others - every day he asks the universe to protect Ray McGovern who is out on RT telling the truth

T: and the other networks won't go there

T: Russia has done the same thing to a US network – asking them for papers to register as a foreign agent

- Today on MSNBC, said there were 20-30 shooters at every window in the mosque – they shot for 45 minutes straight non stop 300+ dead and 27 were children
 - just about killed everyone – ISIL had on black uniforms and the ISIL flag – Those on RT said very clearly that ISIL has nothing to do with the true teachings of Islam, as the Sufis are mystics where Judeo / Christian / Muslim come together as they are mystical teachings at that level

R: here is where Ascended Master Lord Zoroaster comes in with his wisdom; the Guardians of the Galaxy need to hurry up!!!

- As the worlds are blending, it's telling R something huge is happening – and it's about walking across the valley with no road, off the edge of the cliff with the little white dog!
 - We're at a critical juncture: use the 3 fold flame and send love, it transforms, transfigured right now – by this, we raise the energies

T: has to come to the point – this empire system is based on killings

R: the Pleiadians are not in our atmosphere here for fun! Or the Archangels and they have technologies more powerful than anything humanity has

T: they used weapons to kill

R: was told directly by Ashtar and Sananda: **we have technology which will shut the story down** in an instant and all there is, is discussions

- it's up to the discretion of Ashtar & Sananda; it is where we're at – as life goes on, he lies and plays golf

T: Flynn's lawyers are cut off from Grump's lawyers

R: as Flynn starts singing like a canary, he may have been pressured by the hammer of Thor – goes right into the oligarchs in Russia and other parts of the planet with an axe to grind about the US and the other giant story which has to do with EU, NATO and the story of 911 being an inside job, and the players involved in that action.

T: all of this is drama, and it's interwoven with lies: no one is excused – this whole system is out of its time-space continuum. How do we get to Patrick Fitzgerald?

R: there are people who have been in and out of all the realities / all the areas that have to do with the Deep State, the media, Hollywood – it's about the story going back to Operation Paperclip and the ending of WW2; the Nazis; Argentina story – Central South

America, stories of north and South Amexum; the stories of the original Moabite people, the Muurs, Lemuria – how this gets completed is by the stories of all the kingdoms getting told

- When Lucifer and 1/3 of the angels and all those who fell under the influence of the Elohim and played with the false human ego matrix and set up the matrix we have this day: they have come back to love and the matrix is falling apart yet is still in place and that is why the stories are coming out like a roller coaster!

- As Bill Maher says: we are not in Homer Simpson land! This is real and we are playing with sideral technology which can make a planet go super nova in an instant
 - This is why his father Ashtar is here, and the Supreme Commander Sananda and the Lord Michael, the Planetary Prince and co-regent of the Office of the Christ: this is HUGE – it's how we come back to love, and they go bye-bye
 - as Mother releases the energy from the centre of the Milky Way Galaxy and as the light pours out, every star, planet, sun, particle is affected and gets raised up in the radiance of All That Is, and of which all of us are a reflection. Those who cannot take that increase in frequency go bye-bye

T: Grump backtracked in ordering the Palestinian office in Washington to close– thinks this might be the result of pressure: it was dirty to do that

R: Ivanka, Jared, all the other players: falling apart – blaze the Violet Flame and the 3 fold flame – it works

T: It doesn't work if people don't believe it exists

R: that's their choice to believe that way!

T: Her conversation with someone yesterday is that CA is a right-to-death state, meaning you can take pills and kill yourself. The deal is that there is **still free-will choice, and the consequences are huge.**

- When you have an appearance of having power over 700 million people as you do in D C, with its military biomedical industrial congressional complex which is global and intends to play god and completely reduce the population of this planet beyond recognition –
 - big pharma is doing killing people intentionally –
- the amount of death being created by the US with all the various kinds of weapons at its disposal – total intervention is needed. And the whole thing gets scrapped!!

R: got a message from one of the Immortals who says "Suspend your disbelief; walk on the wild side with me." R has no words – that's it!

T: all weapons of war are ceasing to function. - that is what that person is saying.
Asks about Peter Wurby – no news

Reading: Key of Enoch #2-1-3

The Key to the end of our consciousness time zone is the violation of the spectra of color codes and in the geometry of radiations which will explode gel forming capacities. For this reason, the host of the Living Light comes to deliver those who are living under and within the Light of Righteousness.

Page 287 – 291, **The Keys of Enoch** J.J Hurtak © 1977

- One of the first things she reads means that all of what has transpired, the violations, will be removed from all of Creation – which is excruciatingly painful.
- the Philadelphia Experiment: made a ship invisible
- not being ready to be in the 5th dimension when you have the consciousness of Homer Simpson
- It's not just about the age pill, it's about

NOTE: PLEASE LISTEN TO THE REST OF TARA'S READING OF THE KEY, AS SHE PROVIDES MUCH EXPLANATION THAT IS WAY TOO COMPLICATED TO WRITE OUT.
• **A fascinating Key, it sheds light on what is happening today.**

Lucas's Star Wars Trilogy

<https://www.gaia.com/video/lucass-star-wars-trilogy>

In the Star Wars trilogy, several paradigms of mystical teachings converged in what would become the most influential movie franchise in history. Not only did it pioneer cutting edge special effects techniques, but it served as a vehicle for conveying spiritual teachings through an unexpected hero's journey of redemption. Jay Dyer and Jay Weidner examine the characters who portray Jungian archetypes amid layers of Hermetic thought mixed Kabbalistic teachings, which present the power of spiritual discipline for overcoming tyrannical governments and the loss of one's humanity. This presentation was originally webcast November 20, 2017.

ASTROLOGY Richard – RI

Further considerations:

- We want to look at Scorpio, Capricorn and Pisces tonight.
 - Sun is still in Sag: Jupiter in 11 & Venus in 23* Scorpio – they've divided Scorpio in thirds
 - 60* away, Pluto is in 18* Capricorn – a sextile arrangement
 - Mercury is a little less than 60* away, and Jupiter a little more than 60* away
- now we have Scorpio as frozen icewater; and Capricorn as a mountain top as in Everest; then Pisces with Neptune at 12* Pisces, and has just gone direct
- Neptune as the ocean of consciousness of all kinds – personal, collective unconscious is also included; Neptune is positioned theoretically to reveal – there's an abyss, there are lines – where is the line between what we know, what we're conscious of, and our memory?
 - We are pretty close to our memory and we live through the history of our memory and we pick up tools and skills – yet there is another part of our nature that is mysterious.

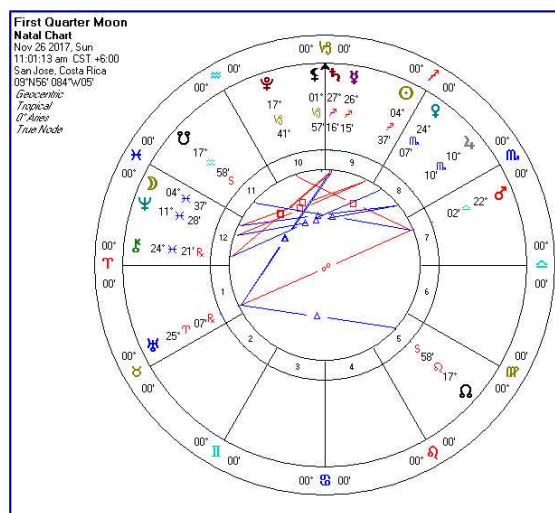

- We are now working into new territory yet Neptune is in 12 Pisces for months and months, and will still be there on New Years Eve. Neptune moves 1 minute of Arc per day so from today @ 11.5 to 12 will take 36 days to move ½ a degree – so its long term effects mean relatively stable energy conditions
- Pluto is in 18* Capricorn, yet the action is still in Scorpio with Venus and Jupiter – Venus stays in Scorpio until Dec 1st
- These are the energies to consider.
- The in-between signs starting with Libra, Sag, Aquarius, Aries – air, fire, air, fire – Aquarius is empty; Mars is still in 22* Libra – mental energy; Sagittarius – sun just went in; Saturn still in Sag at 28* - so we sun on the early side of Sag, and Saturn at the end of Sag
 - and these ones are tied to Uranus at 26* Aries – this is the electrical input, fire energy, the lords of flame
- Saturn is still there at Galactic Centre; and Mercury at 26* and is approaching Galactic Centre
- RI pays much more attention to the planets which both rotate on an axis and emit energy – asteroids and other pieces of cold material are not nearly as influential as a planet, especially Jupiter

OK, welcome to the Venus/Mars mutual reception! I could have brought this up a while ago since it has been active since Venus went into Scorpio (11/7), but still..... This mutual reception brings up all our relationship issues to the surface to be seen, felt, and dealt with. Probably the biggest one is the passionate desire to connect that can override or blow out some of our circuits that may otherwise see, communicate and discriminate. This can lead to errors in judgement, premature intimacy and indulgence that may lead to

future regret. However, at least for the short term, with Jupiter also in Scorpio, it can also lead to some peak experiences you may not forget!

Probably the main thing to remember during these times is that no matter what or who appears (or disappears) in/from our lives, there are deep occult forces pushing our unconscious motivations, drives, and desires up to the surface for us to look at, meditate on (Mercury conjunct Saturn) and master (Scorpio). With Scorpio it is not so much about right and wrong as it is about conscious and unconscious. In the courtroom that is difference between manslaughter (unconscious/unintentional) and murder (premeditated). So the big question now is are you acting out from your id, your ego, or the highest, most awakened Self? Sometimes, only time (Saturn/Chronos) will tell..... welcome the great awakening!

RI: this is one of his best presentations in years!

- No running water – could hear him
- He picked up on many truisms – hit several subjects and combinations of energies
- RI forgot about Venus in Scorpio related to Mars in Libra
- RI also looks up Mars opposite Uranus – happens Dec 1sy
 Venus goes into Sag
 Mercury conjuncts Saturn Tuesday and ???? also on Tuesday

Aries' fire is immutable – pure energy
Leo and Sag share physical fire; Aries is spiritual fire

Reading: re-reads the last Carl Boudreau post **[SEE BELOW]**
2017-11-18 **November 2017 - Jupiter in Scorpio and the US natal chart.**
[Carl Boudreau·Thursday, 16 November 2017](http://www.facebook.com/notes/carl-boudreau/november-2017-jupiter-in-scorpio-and-the-us-natal-chart/10215040243387965/)

<https://www.facebook.com/notes/carl-boudreau/november-2017-jupiter-in-scorpio-and-the-us-natal-chart/10215040243387965/>

RI – is in agreement with Boudreau's analysis,

22 Leo for current North Node
PHASE 142 (LEO 22°): A CARRIER PIGEON FULFILLING ITS MISSION.

KEYNOTE: *Spirituality, in terms of training for service to mankind.*

In contrast with the intoxicated chicken, we now have the successfully trained carrier pigeon delivering the message it was its function to carry. Here the domesticated bird is seen endowed with a special significance and purpose. This refers to spiritual energies which are being used constructively and which bring to the consciousness messages from other realms. Individual realizations acquire their true meaning only as they fulfill a collective function.

This second stage symbol clearly presents a contrasting alternative to what the preceding picture revealed. The "release" of higher energies becomes effective and valuable to the extent to which it serves a higher, but concrete and definite, purpose. This is the ideal of the **WORLD SERVER**.

Leo 20* PHASE 140 (LEO 20°): ZUNI INDIANS PERFORM A RITUAL TO THE SUN.

KEYNOTE: *A return to the glorification of natural energies.*

While the first symbol of this five-fold sequence pictured the magnificence of the returning sun after a storm, in this last symbol we see, by implication, man returning to nature and glorifying the sun after the long crisis of "civilized" living in artificial cities. For many years now, the American Pueblo Indian has been for the weary city dweller and the dried-up intellectual a symbol of this "return to nature." After having ruthlessly destroyed him, we come to him as an exemplar of peaceful and harmonious group living.

This fifth symbol of the twenty-eighth sequence brings us the image of a reversal of our socialized activity and opens for us the way to the deepest release of our long-denied root energies. Natural man links himself consciously to the source of all life on earth. And this means **IDENTIFICATION THROUGH WORSHIP** — and the sanctification of the creative power.

12* Pisces PHASE 342 (PISCES 12°): IN THE SANCTUARY OF AN OCCULT BROTHERHOOD, NEWLY INITIATED MEMBERS ARE BEING EXAMINED AND THEIR CHARACTER TESTED.

KEYNOTE: *The ever-repeated challenge presented to the individual by the group in which he has claimed acceptance — the challenge to prove himself and his ability to assume responsibility effectively.*

At any level of activity, sooner or later life itself demands of the individual that he or she stand up clearly and unequivocally to the ideal he himself has declared publicly his own. At the occult level the testing seems to be controlled and irrevocable. The "initiate" has become a constituent part of an integrated field of mental-spiritual activity. He is therefore controlled by the structural order of the group. He is no longer seeking; having found his place, he must prove himself able to fulfill the function associated with it. He is no longer "free" as an individual, for he has become a part of an integral Whole operating under structural principles of immense antiquity.

This second symbolic stage of unfoldment stands in contrast to the first in that the individual is now bound by collective laws and traditions. At a mundane political or business level, he is the junior executive incorporated in a hierarchical institution. He has at all times to prove his worth. **QUALIFICATION** is an apt Keyword.

2017-11-18 **November 2017 - Jupiter in Scorpio and the US natal chart.**

[Carl Boudreau · Thursday, 16 November 2017](#)

<https://www.facebook.com/notes/carl-boudreau/november-2017-jupiter-in-scorpio-and-the-us-natal-chart/10215040243387965/>

My last post examined the global implications of the Jupiter/Scorpio ingress. It suggests that Jupiter's year long transit of Scorpio will bring a time of strenuous economic transformation across the globe.

Jupiter in Scorpio will trigger a global shift in the relationship between individual and collective wealth. It will affect wealth inequality for better or for worse. More specifically, it will trigger a rethinking of tax policy, or the collection of taxes, and their re-distribution by means of the social safety-net, public safety and security, public works projects generally, and so on.

The Jupiter Scorpio ingress chart, like others I've been looking at recently, does not suggest a quick, radical swing from liberal to conservative economic policies or vice versa. But the charts suggest a deeper, more penetrating exploration of the issues. It will likely sour the development of policies that transcend defective policies now in place, or those on the shelf, ready to be implemented.

The chart for the Jupiter/Scorpio ingress appears to reveal a murky, unstable, obstacle-strewn, world economic environment. However, the negatives in this chart are mitigated, by a supportive, protective Mystic Rectangle and leavened by Jupiter's generally softening, uplifting influence.

I have often cast composite charts that combine the US chart and the chart of challenging transits. The resilient US chart seems to triumph easily over adverse transits.

When the data for the US natal chart is combined with challenging transits, the composite chart that results is usually rather promising. So let's take a look at the composite chart for the Jupiter/Scorpio ingress and the US natal chart.

The US chart deserves special attention because it is still true that "as the American economy goes, so goes the global economy." If that's an exaggeration, it's a small one.

So, I cast a composite chart for the Jupiter/Scorpio ingress and the US natal chart. I am delighted to report that the US chart performed well again.

As I explained last time, the [Jupiter Scorpio](#) ingress chart is dominated by a Grand Cross. This foretells a year of murky, fluid economic conditions. But the prominent Grand Cross does not necessarily promise negative economic outcomes.

With Jupiter in Scorpio, a major financial sign, economic conditions would, instead, be permeated by options, opportunities and synchronicities that can be used to make the economy perform well enough.

When you combine the Jupiter Scorpio ingress chart with the US natal chart, the Grand Cross in the Jupiter Scorpio ingress chart disappears. A couple of squares remain, but they would be background influences.

In sum, the composite of the Jupiter Scorpio ingress and the US natal chart indicates that economic conditions in the United States will be generally better than they are in the world at large. The absence of the Grand Cross means that the murky, uncertain, unstable, obstacle-rich

economic forecast in the globe ingress chart won't apply in the US. Also, given the outsize economic influence of the US, strong economic conditions in the US point to better global economic conditions than the Jupiter Scorpio ingress chart, with its prominent Grand Cross suggests.

Also, the composite chart includes a number of trines, including a loosely structured Grand Trine. The trines, and especially the Grand Trine, indicate a smooth economic environment for the US. But first, a little important background.

The Moon's Nodes crossed onto the Leo/Aquarius axis on May 9, 2017. This transit would continue the deep, transformation of the patterns that govern individual and collective, this time on the level of interpersonal and civil relationships. You might want to review [this post \(Sea of Change\)](#) from around the time the Nodes moved onto the Leo/Aquarius axis.

In all honesty, I don't know how we can reliably measure such a thing or what precisely one gains from stating it. But it seems to me that the movement of the Moon's Nodes from the Virgo/Pisces axis to the Leo/Aquarius marked an important moment in the transition from the Piscean Age with its innumerable defective patterns into the Aquarian Age with its reform of old patterns and its creation of new ones.

Given the astrological energies, and themes at play in the charts, it seemed obvious to me that Venus would be playing an important role while the Moon's Nodes were transiting the Leo/Aquarius axis. Last May, I [discussed](#) the importance of Venus during the North Node's transit of Leo.

I cast a so-called Venus persona chart for the North Node's Leo ingress. This gave me a better sense of the role Venus would play during the North Node's transit of Leo. It also confirmed my sense that Venus was going to play an important role during the North Nodes transit of Leo.

In technical terms, I progressed the ingress chart's Sun to the place occupied by Venus when the North Node entered Leo. This yielded a Venus persona chart.

If you don't have the time or the inclination to refer back to my previous posts, please take my word for it that this placement of Venus in this persona chart indicates that Venus will play a key transformative role during the North Node's transit of Leo, currently in progress.

In this Venus persona chart, Venus conjoined Mercury, Eris and Uranus fairly closely. All three planets, Mercury/Eris/Venus, made a bundle of squares to a large grouping that included numerous asteroids and the Galactic Center.

The asteroids govern many facets of our societal relationships. The Galactic center governs the force of cosmic purpose, or what amounts to the same thing, the flow of cosmic love and purpose.

This bundle of influences combined would govern the way cosmic will and purpose expressed in our social relationships. Or, what amounts to the same thing in this case, it would govern the values expressed in global worldviews and how well collective values align with cosmic or, Divine values.

The square from Venus/Eris/Uranus tells us that we are in for a thoroughgoing reorganization and transformation of social relationships in all areas at all levels. In other words, while the North Node is in Leo, we can expect an extended period of deep social reform.

The square from the Venus/Eris and Uranus conjunction would trigger conflicts that lead to deep reforms in the way love is or is not expressed in the structures and patterns of our societies. It would trigger global efforts to bring human values, and, thus, social structures and patterns into alignment with cosmic, or Divine, values. In other words, it will bring an era of deep and lasting social reform.

Let us now return to consideration of the composite chart for the Jupiter Scorpio ingress and the US natal chart.

In my opinion the most interesting features of this composite chart are 1) the Grand Trine, 2) a nearly perfect conjunction between Venus and the North Node, in Leo. Adding to its importance, this tight Venus/North Node conjunction is powerfully placed at the apex of the Grand Trine. And 3), there is a close trine between the Venus/North Node conjunction and Neptune in Sagittarius.

The strongly placed Venus/North Node conjunction, will solidly link the Jupiter Scorpio transit with the fateful reform work of the transit of Leo by the North Node, or what amounts to the same thing, the fateful and transformative transit of the Leo/Aquarius axis by the Moon's Nodes.

The strong Venus placement ties the effects of the Scorpio ingress chart to the fateful North Node Leo ingress. Venus's conjunction with the North Node imparts the force and flavor of a moral imperative to the transformative, forming power of Venus, deeply affecting our motivations. It's placement on the apex of the Grand Trine insures that its subtle, simple potent transformative energies will be widely and smoothly distributed through every area and level of the composite chart and related charts, and to our world. The Trine between Neptune Sagittarius and the North Node/Venus conjunction in Leo will help idealize and spiritualize the North Node/Venus energies and insure that they permeate every area and level of this chart and every aspect of our lives.

Its square relationship to Jupiter in Scorpio, its inconjunct (quincunx) relationship to Pluto in Capricorn, its trine relationship to Eris and Uranus in Aries will intensify and synergize its transformative effects.

Benevolent, expansive Jupiter in deep diving Scorpio will inject these subtle and complex Venus energies into the most deeply hidden, secret areas of consciousness. Things previously hidden will not simply be exposed, they will be bathed in corrective, uplifting, healing, Jupiterian forces.

Frankly, it would be very difficult to put the powerful and beneficial effects of these subtle, complex and energies into words.

So, Jupiter will be in Scorpio until November 18, 2018 at which point, Jupiter will move into Sagittarius, its home sign, for the full transit. When Jupiter moves into the astrological foreground, many of us think Money!

Globally, we are headed into a year of economic change and from the Grand Square in the Jupiter, Scorpio ingress chart, many of us around the world are going to have to scramble. The composite chart for the Jupiter Scorpio ingress and the US natal chart seems to point to positive economic developments. However, if you look more closely at this chart, you see that, in the US, the Jupiter Scorpio ingress will bring something different. It might or might not bring good economic news, but I think it will definitely bring deep healing and transformation.

So whatever Jupiter in Scorpio brings us this coming year, it is headed into its home sign to begin a big new global Jupiter cycle. And that suggests that the following year will begin a new Jupiter cycle during which we will experience even more complex, powerful and subtle manifestations of Jupiterian energy.

SPECIAL MESSAGE FOR THOSE WITH NATAL SUN, CHIRON, OR BLACK MOON IN CANCER OR CAPRICORN:

Hello "Rebirthing" Wise Owl -

The Moon has moved into Capricorn, making a couple of "Black Moon Days" -- days when one of the stages of your nine-month "energetic renaissance" will be more intensive.

For your reference and data:

- 1 - The Moon moved into Capricorn overnight (November 21) at 2:14 am ET/9:14 pm UT.
- 2 - The Moon then made conjunction with the Black Moon (November 21) at 5:00 am ET/midnight UT.
- 3 - The Moon will conjunct Pluto (square Mars to add even more energy!) tomorrow (November 22) at 2:00 pm ET/9:00 am UT.
- 4 - The Moon will leave Capricorn Thursday, November 23 at 3:15 pm ET/10:15 am UT.

This means that between now and Thursday (Thanksgiving in the US), the shadow sides of everyone have the potential to reveal themselves, but the potential is higher for you -- those with the natal Sun, Chiron, or Black Moon in Cancer or Capricorn. ("Natal" just means where the planet was when you were born -- your nativity.)

The "shadow side" is another name for our core fear -- that which is most difficult for us to bear, so much so that we are unaware of it until it is time for us to see it.

When we see our shadow side, it is time to *make friends* with it. It is time to understand it. It is time to integrate it. It is time to not allow it to control us anymore. It is time to no longer be in its downfall, where we self-sabotage.

The Black Moon symbolizes integration of the shadow side, which is no easy feat and can be difficult to manage at times. The irony of the nine-month transit of the Black Moon through a sign is that by the end of the arduous labor, our ability to experience joy is greatly expanded. Our *experience of life* is dramatically enhanced.

Knowledge of this fact -- that the end of the process brings a reward -- gives us what we need to endure the process and work with it, instead of against it.

The nine-month transit of the Black Moon through Capricorn (your nine-month process of moving past your core fears) ends on August 6, 2018 at 1:55 am ET/August 5, 2018 at 9:55 pm UT. When the Sun rises, like the phoenix, you will also rise.

The signs of Cancer and Capricorn are opposites or polarities. They encompass each other. Both energies are in effect at the same time. So when we look at the natal Black Moon in Cancer, we also look at the issues of the Black Moon in Capricorn, and vice versa. We see them as fluidly interchangeable.

When the Black Moon is in Cancer, the shadow side/core fear is related to the concept of **SUPPORT**. Our "foundation" is in focus. Because we see the negative or inverse or opposite when the Black Moon is involved, we are tempted to exaggerate the idea that we do not have or will never have what we need to build our future. It can be harder to envision any future at all. Financial stress can create mental loops of obsessive worry. We also see the true nature of our support system or lack thereof. The nine-month transit of rebirthing your *experience of life* can be a lonely one.

By the end of the nine-month transit, inevitably we receive a blessing of support.

No one believes it during the nine months. We are only thinking that we are sinking.

Maybe you will remember.

When the Black Moon is in Capricorn, the shadow side/core fear is related to the concept of **APPRECIATION**. Issues related to being recognized -- even to the point of recognition of one's mere existence or physical presence -- are in focus. We tend to exaggerate the ideas that no one cares, no one listens, and no one is interested. We are tempted to give up at times, wondering if we are doing any good at all. We can feel that things are "thrust" upon us by others. Black Moon in Capricorn does not like to be discounted; we like to be considered when decisions are being made. The nine-month transit of rebirthing your *experience of life* can be a frustrating one.

By the end of the nine-month transit, inevitably we receive a blessing of appreciation.

To ease the process and give you advance knowledge, here are the two times each month until August 6, 2018, that your transit will be most intensive. These are the days when you will want to increase your self-care and not overload your schedule. The transit of the Black Moon works on the deepest levels of the psyche to clear away the past and whatever is holding us back. It is designed to help us rid ourselves of fear and the limitations it brings. The transit makes us tired, so it is a good idea to rest as much as possible during the process. Giving ourselves permission to feel things comes before taking steps to remedy or rectify. Remedy and rectification usually come at the end of the transit, not during it. So we want to sit back for the long ride:

For more information and to further understand the transit you are having, you can refer to Chapter 5 - "Transits of the Black Moon" in my free ebook, *The Astrology of the Black Moon: Guide to Healing the Shadow Side* at <http://www.oraclereport.com/books/>. This explains much more fully about what goes on with the nine-month transit and what it is trying to do to evolve us.

To some degree, the collective of humanity is experiencing the transit with you, so this report may be helpful to anyone, not just those with their natal Sun, Chiron, or Black Moon in these signs. Please feel free to disseminate this as you like.

Remember, maybe *you* can remember that a blessing will emerge at the end of this journey.

Eyes on the prize!

Former Bosnian Serbian commander Ratko Mladic, the man dubbed "The Butcher of Bosnia," has been sentenced to life imprisonment on 10 counts including genocide, war crimes and crimes against humanity in the brutal Balkans conflicts over two decades ago

Listen to the Story.

The crimes were committed during the 1992-1995 war that killed 100,000 people and displaced 2.2 million as ethnic rivalries tore apart Yugoslavia.

"For having committed these crimes, the chamber sentences Mr. Ratko Mladic to life imprisonment," presiding judge Alphons Orie said, adding the crimes were "amongst the most heinous known to human kind."

After rumors he would not attend the hearing, the former general, 74, who once cut a swathe of fear against Bosnia, gave a thumbs-up as he entered the courtroom in The Hague.

But in extraordinary scenes he was ordered to be dragged from the court, when in an outburst he accused the judges of lying, after they refused to adjourn because he had high-blood pressure. "The circumstances were brutal. Those who tried to defend their homes were met with ruthless force. Mass executions occurred and some victims succumbed after being beaten," Orie said, outlining the facts of the case against Mladic.

"Many of the perpetrators who had captured Bosnian Muslims showed little or no respect for human life, or dignity."

'Guilty of all'

Wednesday's verdict has been long awaited by tens of thousands of victims across the bitterly-divided region, and dozens gathered early outside the courtroom in The Hague, many clutching photos of loved ones who died or are among the 7,000 still missing.

"Bosnia and Herzegovina: No impunity for war criminals!," read one banner, while another had a picture of Mladic with a human skull saying: "Guilty of all!"

"We will see today. Will he be found guilty or will he be seen as a hero?" Munira Subasic, president of the Mothers of Srebrenica, told AFP before the verdict.

Prosecutors said Mladic and his political counterpart Radovan Karadzic sought through ethnic cleansing to "permanently remove" Bosnian Muslims and Bosnian Croats from areas claimed by Bosnian Serbs.

Darkest episode

Caught after 16 years on the run, Mladic was found guilty of the 1995 massacre in northeastern Srebrenica, where troops under his command slaughtered almost 8,000 Muslim men and boys. The killings, in which the victims were marched away, shot in the back and dumped in mass graves, was one of the darkest episodes in the conflict, and has been called the worst atrocity on European soil since World War II.

Once a brutish military commander who strode around in combat fatigues, Mladic was also found guilty of "personally directing" a 44-month campaign of sniping and shelling to terrorize citizens in Bosnia's capital Sarajevo, which left about 10,000 dead.

Mladic was also found guilty of taking hostage more than 200 NATO military personnel and keeping them as human shields to prevent NATO air strikes against the Bosnian Serb army. Prosecutors had called for a life sentence, after a five-year trial in which almost 600 witnesses testified and more than 10,000 exhibits were presented.

'Time for justice'

But defense lawyers — who in the past few days filed a flurry of requests to have their ailing client's health assessed — have slammed his trial as "political," had called for an acquittal. After suffering at least three strokes, Mladic has been left with "part paralysis of the entire right side of his body," lawyer Dragan Ivetic said.

For victims of the atrocities committed by the Bosnian Serb army however, it was time for Mladic to face justice.

Subasic, who said she had begged Mladic to spare her son at Srebrenica, told AFP the truth had to be unveiled.

"We need truth, we need justice. Without justice there's no trust, without trust there's no reconciliation," she said.

For Fikret Alic, a survivor of a Bosnian Serb camp, told AFP, "I hope justice will be done by this verdict, so that people will stop suffering. It will send a message to the world."
