HARD NEWS TARA – T; RAMA – R.

Thanks to Cheryl & Rainbird

- R:**
- An auspicious and blessed time to be in a body and witness the tranfigurations going on
 - The morphogenic field is powerful: as the dragon fly flaps its wings, something else is affected -
 - Texted the KOS concerning the fiascos going on with Grump – the doctor's report was of a clean bill of health: HA!
 - The false flag in Hawaii has to do with the Hammer of Thor coming down right now – no dates, no nukes, and they continue to try and push the river!

Re: the disclosure hearings as discussed by Dr Carol Rosen and Dr Stephen Greer have revealed so much – the stories of full disclosure go way beyond just the idea of disclosure: there are folks coming out of the woodwork – like Finn in *The Last Jedi* who was a stormtrooper and who wanted to help the resistance. The 13 families are in their final nano second-place

- Got a taste of this this morning: supposedly the Pacific Command “made a mistake” - there are no mistakes at the level of Dr Rosen, Dr Greer, Paul Hellyer -
- **The Captain and the Admiral will be addressing the people of earth WITH NO FORE-WARNING.** Just like the message from Captain Vrillon years ago: will just happen!

T: Today **Rama texted the King of Swords [KOS]** about the so-called missile launch targeting Hawaii. KOS said this was intentionally formulated by the Cabal to create another distraction. The reason was that arrests are in the moment and on the table for the entire West Wing – meaning all White House staff and administration, right up to the Oval Office.

In the midst of all these things going on, Mr 19.5*, his beloved Michelle, Oprah, Bernie Sanders, and Elizabeth Warren are working to bring forward all stories going all the way back to 9/11 and to all the crimes going back to Operation Paperclip, and coming forward from that, stories about the Nazis and the war criminals becoming the ABC agencies in the US - and still are.

This fake missile alert, this so-called mistake today, freaking out the people in Hawaii who were thinking they could die in a missile attack, was about the 13 families being in their final moment now, and the next step is what Dr Greer has spoken of for years.

- T refers to the 39 pages about 9/11 and who took part in it and the idea of maintaining the 3rd Reich into the 4th Reich
 - in response the Light sent in the Holy Men came from the east to help lightworkers in the west wake up
 - Go and search: Holy Man Jam
 - Another name mentioned: well known to New Yorkers, as he was the head of several asylums – and he was a spiritual teacher who could speak 25 languages and was a master of the Sanskrit teachings which are the teachings which have all but been erased by our technologies

The KOS: literally drooling to bring out major distractions and destruction – the 13 families want to try out and scare people with a giant flying air craft carrier a few miles above to make drones even more effective

T: Rama said they have already built this, as Rosen, Greer say – **This is final card is fear**

R: David Icke’s word is “lousch” - psychic spiritual energies which feeds the interdimensional beings who are trapped here

R: there are people inside the craft – they are not totally unmanned- people are in front of wall to wall computer screens; the dark ones are at their final moments!

- the Grump is crazy enough to try and do this for a hypothetical scenario – say Mr Mueller shows up with an arrest warrant in his hands – and simultaneously while he is delivering his papers, the giant aircraft carrier will show up in North Korea

• **CAPTAIN ASHTAR AND ADMIRAL SANANDA HAVE IT IN HAND!**

- Rosen, Greer have a more detailed report of this in the interview – the ramifications of this affect everything on the planet .
- In 2014, a report said “DARPA wants to build an avengers-like flying aircraft carrier to make drones even more effective.” [<https://www.extremetech.com/extreme/193904-darpa-wants-to-build-an-avengers-like-flying-aircraft-carrier-to-make-drones-even-more-effective>]

- The KOS told Rama that US Black Ops **have already built** the flying aircraft carrier. Dr Steven Greer describes precisely the same thing in an interview between himself and Dr Carol Rosin, published on January 10, 2018 and played on *The True History of NESARA call*, BBS Radio, on Saturday, January 13, 2018. Here is the link to the interview on the **CAROL ROSIN SHOW JAN. 2018** [American Freedom Radio](https://www.youtube.com/watch?v=q_uihf8idIY)
https://www.youtube.com/watch?v=q_uihf8idIY

T: back to Michelle, Oprah, Bernie, E. Warren, Obama are putting together all the stories going back to Operation Paperclip, overseen by Henry Kissinger, involved in bringing Nazis from the Vatican down to the South America and from there up to the US, including Hitler and Scorseni who, when he died in 1999, left all kinds of documents, pictures, the document called *The Protocols of Elders of Zion* – all churches are subject to this document!

- taking everyone back to that story to get the truth which will unleash us from the 3 strangleholds: London/money; the Vatican/religion; Washington/war
 - they murdered millions down in Argentina, the first 9/11
 - The numbers given were 20 million were killed by the US military, since WW 2, instead of 2 BILLION
 - **Churches are under the auspices of the 4th Reich** – the organized religions are teaching LIES
 - and churches were put deliberately on ancient pagan sites, and sites on dragon lines. Ley lines and other kinds of grids
- We have heard this document in the past: **The Hidden History of the Incredibly Evil Khazarian Mafia (Updated) by Preston James, PhD**
<https://www.veteranstoday.com/2015/03/08/the-hidden-history-of-the-incredibly-evil-khazarian-mafia/>
- the Abrahamic religion in the Old Testament was full of LIES TOO – those books were written by the Orion Warlords who invaded the earth at the high middle period of Atlantis – there have been many layers of cover-up
 - only allowed their version of religion to be used: the Luciferian one / worship of Baal
 - The Khazarian oligarchy and the Vatican were in cahoots right from the beginning to make sure no truth got through!

T: they forgot about the heart – and about Mother -

- when Cheryl is sharing, it's from the higher teachings

Reading: 2018-01-04 Ascension Update: The Collapse of Gregorian Time

- a 12/60 cycle going into 13/20 cycle

<http://ascensionenergies.com/2018/01/04/ascension-update-the-collapse-of-gregorian-time/>

- as we regain our consciousness, we can also make ourselves invisible to this dimension
- St Germain has been doing this since he was born as the son of Queen Elizabeth 1st
- Anastasia of Ringing Cedars

Discussion about the content of the books - see

RinginCedarsofRussia.org is the official web-site of the RINGING CEDARS OF RUSSIA.

<http://www.ringingcedarsofrussia.org/Main/English/index.php>

"Everything - but everything - on Earth, every blade of grass,
every insect, has been created for Man"

- Anastasia.

- ultimately NESARA's enactment means the end of money, which is one of the control levers exerted over people.

Secret of Water – The Movie

Water – a living substance, the most common and least understood. It defies the basic laws of physics, yet holds the keys to life. Known to ancients as a transmitter to and from the higher realms, water retains memory and conveys information to DNA. However, water can die if treated poorly. Influences such as sound, thoughts, intention, and prayer, as well as toxins such as chlorine, structure water's molecular arrangement– affecting all it comes in contact with. Prominent scientists help reveal the secret of water, allowing us to use this amazing element to heal ourselves and our planet.

<http://secretofwaterthemovie.com/>

KOS: Please send more love to all situations going on that are not of Love. There are charletons galore who have stolen, so they think, the destiny for Titalacoria, the Diamond One, the New Earth's destiny. Within the confines of the Joint Chiefs of Staff – eight-heads-in-a-duffle-bag –

RAMA: For instance, General Dunford, General Stanford McChrystal, General David Petraeus, General 'Mad Dog' Mattis, General John Kelly, etc.

KOS: No more War - no more troubles. Peace and love. Namaste, Lord Rama. Michelle for President. NESARA NOW!"

"Make America great again" means "Make America white"

the white albino dragons are behind these stories – and their food is human bodies -

- remember what we've just discussed about our abilities – and how we will need them to save
- the KOS talked about "8 heads in the duffle bag" - first heard this expression when Bush first invaded Iraq, from a movie about the Khazarian mob, called "Eights Heads in a Duffle Bag"
 - Grump is not really the head of the mob – he's just the place holder – getting his instructions and confusion reigns!
 - Dunford, Petrayeus, McCrystal, Maddis, Kelly - all are murderers

- Report that Trey Gowdy has resigned from House Ethics Committee – someone suggested maybe it's from him taking bribes from Hillary
T: This means Hillary is still alive

T: there's a piece on linguistics that was on Joy Reid this morning -

***If I'm going to make a change,
I commit to something new,
And with self control and discipline,
Do what I have to do.***

So the tricky part to this I didn't really get to until the end. That is, in order to do Capricorn right we have to balance it with Cancer. That means it cannot be the "old" way of cold, hard, "laws that must be followed," but warm, caring, intuited feeling. The commitment really needs to be first and foremost to ourselves.

Imagine a world where everyone was tapping into their Spirit Self, downloading it, and being true to that first and foremost. That is the union of Spirit and Matter that the future can hold (the present for some if you do it!). The alternative is to be at the mercy of external control freaks (some disguised as "nice people" haha!) who think they know better than you who you are. Time to step up to the plate, isn't it? Have fun slugging away!

CONFERENCE CALL

- Discussion about Greer / Rosin discussion
- also about Dr Richard Wolff's new TV series - Richard has been hearing more economists talking a little more strenuously about economic issues
- **Mario Draghi** - head of the EU Commission – runs the money affairs – Like the Fed he's a Nazi – did 9/11

Caller/C: the Greer / Rosin piece – can see how Frank Chile's perspective is different than Greer's

- Greer is more involved in the leadership question; Frank and Tompkins focussed on the technology

T: Greer has been running up against the wealthy deep state ones – and he has loads of protection or he'd have been gone long ago

C: how many of these generals are the same ones Chile/Tompkins have been involved with ? could be the same ones

T: the older generals know 2 generations of the information

Caller/C: from Georgia, urban area – if you see flashing lights in the sky, lives 30 miles from the airport in the north part of the town; in the NW skies that looked like a plane but it seemed to be a vessel with 3 white lights and 1 red one.

RI: if an airplane moves toward you or away from you, it seems not to be moving

C/C: Ri sees them at a higher altitude – C looks for them to dart around, which is not what planes do

T: they can see spinning lights and no airplane does that~

C/C: asking about Gerry – he hasn't been on the calls for a while.

T/P/C: discussion about Sirius and The New Jerusalem is "parked" in front of Sirius – from the perspective of earth

- From Gaia TV a couple of weeks ago: about stellar bodies doing figure 8s
 - a number of planets are orbiting in a figure 8 pattern -
- This issue is so serious: 3 men working together to get peace on earth [Putin, Obama, Xi] and working so the 13 families don't see them
- and Greer was talking about that the students have to be ready in order to meet galactics

T: Meri Totten – this was a name – one of Tara's incarnation; it is also a message and working with 10 which is 1: new beginnings as #(9 is the completion of a cycle of love – each yuga is 10 – 1 + new beginnings; 0 = the zero point module 5th dimension so 10

- 12 has its own aspects: 12 is the number of DNA strands we have
- has to do with activating star gates – we reached that module April of 2016 – so there are things going on. Carl's latest says that crest upon crest upon crest – and wave upon wave upon wave of energy will be coming in surges over the next 6-8 weeks
- 9 million kids sitting on the edge of their seats re: CHiPs – so many infrastructure things that have to dissolve

- 19th is when the CHIP program is over – Jan 20th is the State of the Union, and Maxine Waters said no way will she go

T: this morning's topic – Ken Blackwell former from Ohio – the re-election of Obama – Karl Rove and Ken Blackwell – Rove insisted that Mitt Romney won; KEN would not take NO for an answer – they got together and tried to suppress the vote and STILL OBAMA WON –

- THE VIBRATION PEOPLE FELT WITH BARACK GAVE HIM SO MANY VOTES - in 2012 20 million votes said to be suppressed and HE STILL WON.

- Became more challenging when there were illuminati candidates on both sides – and people soon realized that Bernie got burned in California.

C/Tx: California has the highest taxes in the US –

T: the blue states give way more to DC than the red states and the tax scam is just that: a scam - the constitution requires that all people are to be taken care of AT THE FEDERAL LEVEL FOR EVERY CITIZEN IN THE COUNTRY – they are committing a crime.

C/C: Where did the requirement for health care to given to everyone come from?

T: "provide for the general welfare" – it's in the constitution – simply stated.

C/C: when we talk of QE 2/royalty – who's a king and a queen when we are all children of god?

T: when you study sovereignty in law, every woman is a queen, every man is a king -

C/C: in the European context, talking about who stole money the longest ago?

T: this is where the importance of the statement is: no one in Great Britain has a right to freedom of speech, except the royals

- that is the meaning of St Germain saying sign that thing! The Constitution is the only spiritual document in the world; the US is the only country in the world with that written right into the constitution

Caller/ fr TX: seeing bizarre stuff over the computer: the crazy stuff about the queen and the UN – something to do with its inception it was taken over, adulterated, taken over by the UN and was

R: all of that is FAKE and it's connected with M1 - Neil Keenan is not a good guy

T: started before 2002 – in the early 90s, the Pigford Case came up and it goes back to the Civil War – Bourgvain Fund is connected to the civil war and the 1st item/ condition to be enacted was NOT enacted – It was called it *40 acres and a mule*, meaning you are not a citizen until you have 40 acres and a mule – had to have land; the provision was there so they could till the soil – and it never happened! What did happen – women did not get to vote; men were only 2/3 of a person

C/Tx: so disillusioning

T: going back to question of C/C – what is the stuff about royals? it's not being taught properly in the schools in civics class – and no history or geography -

C/Tx: fellow from Netherlands – has heard that the Minister of the EU wants to set up a global tax system and that the Netherlands are instituting the dragnet system – meaning, if they suspect a terrorist is in their neighbourhood, those people can listen in to phones, internet etc – this trend does not look good . . .

T: the Netherlands – the Dutch royals are nazis

- she heard Thom Hartmann – we as the US are responsible for every deficit of every country on earth – so things are already over with!

Caller: that person talking about setting up the tax system was referred to as a globalist

C/C: the contries around the world have an electoral system and still have a king or quen

T: there is no freedom on this planet and never was

GESARA - about creating a global system using some of the ideas of NESARA

T: what's going on is this is the first and foremost thing people don't want to look at – there is not one single bit of sovereignty at any level! There cannot be any other thing than NESARA

- in the 90s, the Bush Clinton Crime Family caused to be created two other websites called nesara.org and nesara.org – in addition to the legitimate site, begun by Dove of Oneness. Each of the other sites had different names from the act:

National Economic Security and Recovery Act (NESARA): WIKIPEDIA ENTRY
National Economic Stabilization and Recovery Act (NESARA): this is another name

Both said the background to the act was created by a Dr Harvey Francis Bernard -

THE TRUE NAME IS NATIONAL ECONOMIC SECURITY AND REFORMATION ACT
The true author is St Germain

T: There are enslaved children in Africa who clean up all the old stuff we don't want to be bothered with – the kids are so poor . . .

C/TX: internet in Europe faster than in the US

T: upgrading going on there and not in the US

R: heard on a program today: child slaves in Israel, working for very rich white people

T: M1 is the name – supposedly a divine being directly connected with the so-called Chinese elders and the white dragon association – and they are connected with the yaku sa in Japan – and China has their own form of gangs

- Indonesia, Philippines are part of this – and the fake story is that tons and tons of gold have been extracted – and currency found in the boxes in caves:
- all of it – whether the money is real or not – St Germain has already beamed it out and it's in his possession
- and the whistleblowers / light workers who think they are going to be paid by the higher ups – it's all out of their hands – Ashtar Command has it all

T: sometimes she and Rama just look at each other: where do we start?

- Those 3 obelisks – London for finance; Vatican for organized religion/dogma; Washington/global military – the land of the free???

INFORMATION RELATED TO THE NOTES

2018-01-04 Ascension Update: The Collapse of Gregorian Time

<http://ascensionenergies.com/2018/01/04/ascension-update-the-collapse-of-gregorian-time/>

Amanda Lorence – Most likely will be affecting the unawakened as well as the awakened...in order to allow people to take note of it. To recognise it as a prelude to their experience and shift into a 'no time' state of being. Where the human being starts to forget what day it is, the approximate time of the day, the date etc. Including, experiencing a day that appears to go quickly, and alternatively beautifully stretched out. They will find increased difficulty in planning ahead. This occurs when a person lives more and more in the NOW of 'present'. The more people gently go into 'living in the NOW' (which is an awareness of being present), the harder they will find it is to plan in the linear sense. Planning a month ahead seems difficult, if not almost impossible. It also feels constricting to them to define and structure what they will be doing ahead of NOW. It is a mis-alignment for them to plan, as they have found where freedom lies...living in the present moment. This is all part of a person merging into LIVING in the present moment. It is a process people go through. Whilst this inability to measure linear time already occurs in the collective, it will increase as a person is LITERALLY not able to keep track of 'time'. And perfectly so, as this occurs as a prelude...for a person to experience 'time' as quite liquid/fluid, before they COME OUT of 'linear time'. Within the third dimensional structured matrix that uses Gregorian linear time, people attempt to control their 'time' and the 'time' of others through a controlled system. It is this control that slips away from individuals and plays out in various experiences. These experiences will increase as people move along their ascending path until the point where they shift into a living STATE of 'no time'. Then...at their given point, all timelines DO COLLAPSE completely for them.

At this present juncture in a MASS ascension scenario, there is still an awareness within the awakened humans, of the linear time clock system. However, the person living in 'no time' doesn't conform to it, yet can access that reference for necessary functions for interactions with other

human beings. They are thus capable of dipping in and out of the two states...for the moment. For those ascending, this too shall change as we continue this trajectory.

THE COLLAPSE OF TIMELINES AND NEW PHENOMENA:

In truth, there has always only ever been ONE timeline that plays out simultaneously. Living in the third dimension with a third density experience of time and space going back thousands of years, humans have experienced what we call "Linear time". Where we have perceived one thing happening after the other, thus creating the idea of a historical and future setting. We have lived with a learnt belief system of past, present and future. We have used this as our daily guide to navigate life as a third dimensional human being experiencing at a third dimensional energetic frequency.

In these current times of mass awakenings on planet Earth, of increased energetic influx on Earth and the space around it, we are at a NOW where TIMELINES have actually begun to collapse for some humans. What this means for the human individual depends upon the frequency state of the human being on the ascending path, or non ascending path. If you are an ascending being of certain frequency, you will experience the timeline collapse. This will mean you will be able to communicate with human beings, non human beings, energies, entities etc directly and in LIVE time. You will understand at that point that you are experiencing no time. 'No time' will no longer be a concept or belief system that is read, heard or believed in. It just is. You live in a complete experience that everything is occurring all at once, all around you. You live in a knowing that humans and non humans that were/are considered historical or futuristic are, in fact, speaking to you NOW, LIVE, in ONE timeline. Through their prayers, chants, song, communication methods and systems, they connect to you and you to them. There is no history, there is no future, it's all happening right NOW. And so, on the ascending path, you will experience an increase in phenomena such as hearing LIVE conversations or have conversations with people or other energies you previously thought of as past, present or future. You will KNOW it to be ONE timeline of inter-connectivity across one field of energy (the blue electric field). You will experience sights, considered usual to the typical third dimensional physical spectrum of sight and the human understanding of what can be seen by the typical human eye. The same goes for hearing, sensing, feeling.

FREQUENCY AND PHENOMENA:

Everything energy (solid, liquid, gas, ether) is supplied to you based on the predominant energetic frequency you reside in. As energy, our frequency is always in flow, moving up and down, yet there is a predominant frequency we reside at; the ascension path allows for an increase in energetic frequency. We are provided shift, based on our predominant over-riding frequency and, in a sense, this is necessary so that we do not overload physically, mentally or emotionally. It's therefore a step by step 'free will' process. Phenomena presents for the person to accept and excel from again and again. As unique facets, we are gifted our own phenomena to work with. We see, hear, feel what we are ready and capable of digesting, integrating in a balanced manner. Doing the work increases our frequency which then gifts us more, and more... The truth is the phenomena has always been there. It is only that we have not been able to attain this increasing frequency and EN MASS before NOW, because of where we lay within our star system, the universe and our galaxy that is ever moving. It also relates to the LIGHT photons we were NOW receiving due to our position within the galaxy.

It is likely (I say LIKELY with caution), that people who are UNawakened will also start to receive additional DATA via sight, feeling, sensing and hearing that they will not be able to explain. This is due to time collapse. So there will be BLEED THROUGH as dimensions are NOT and never have been static. They have always in flux with each other.

The way to WHOLENESS and ONENESS is via the heart. But essentially too, it's about being human from a BALANCED state with what is occurring. To take our experiences on, in a balanced state of acceptance of them. It's all about human balance within ourselves and it is our balance that indicates our readiness to evolve and experience higher dimensional frequency and thus phenomena. To shift or jump in human frequency, the human balance is essential and part of the geometrical field that has it's patterned laws of physics within ascension. To accept the 'not knowing', for we will forever be evolving also helps to create balance within.

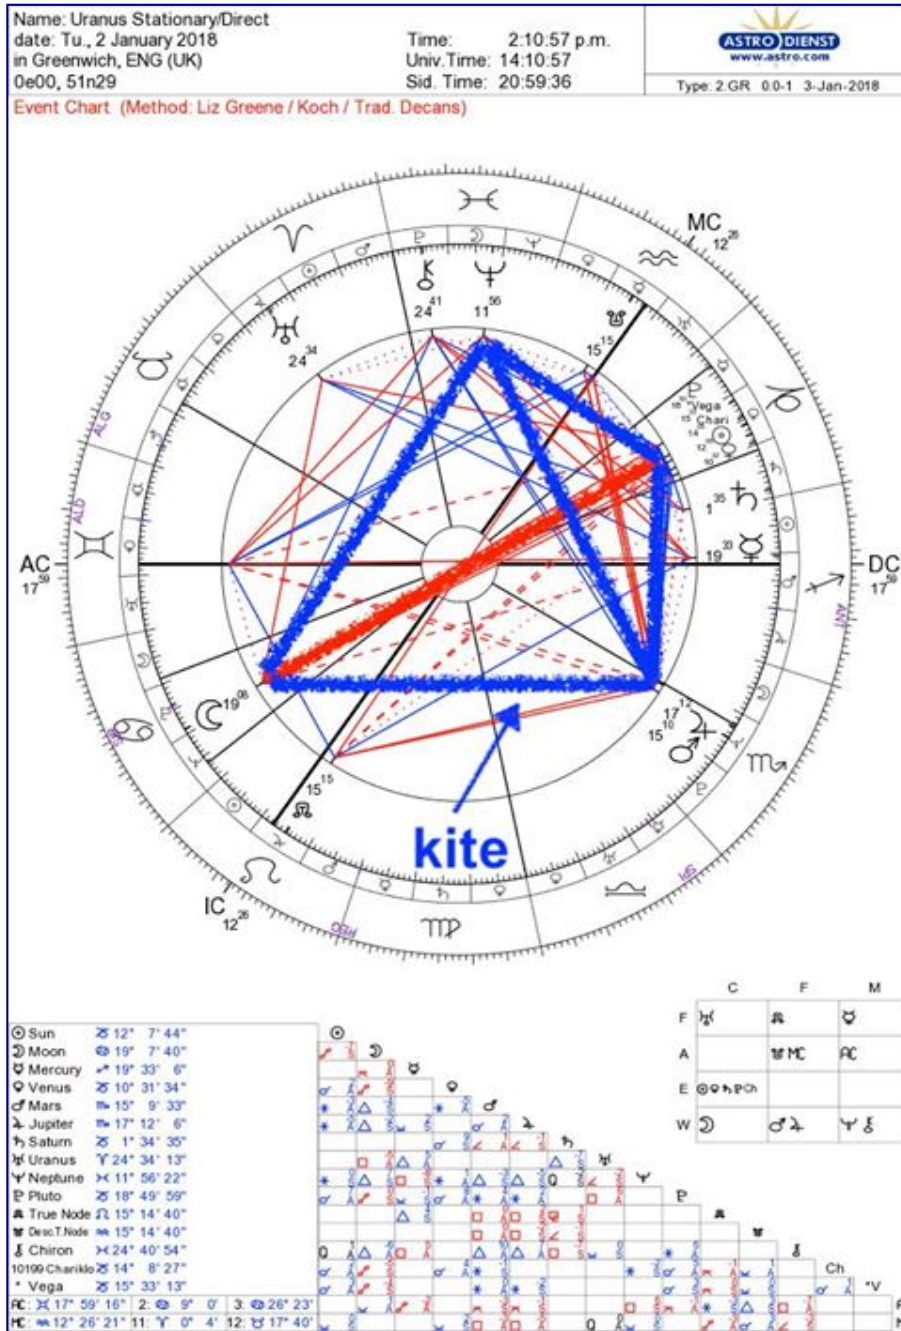

FURTHER CLARITY ON THESE NOTES:

For the benefit of understanding: what would be understood previously as "channelling" would be done/is done from the consciousness of separation. When an individual human reaches a NON separated state of human consciousness WITHIN their OWN human ascending pathway, communication CHANGES as they experience a living state of non linear time, via the COLLAPSE of TIMELINES experienced within themselves as an individual. This may be confusing as this plays out in its early stages, yet the fundamental difference is within the human being and their LIVING state of consciousness. TIMELINE COLLAPSE is what gives a person the experience of multiple connections and communications where THIER OWN conscious living awareness is ONE TIMELINE ONLY, and thus, zero separation of themselves with all things.

An extremely difficult WAYSHOWERS post to put into words, and may easily or quickly [be] misinterpreted because this is NEW for our human evolutionary stage on Earth.

With Love,

Some Thoughts on the Forward Movement of Uranus

As I'm sure many of you already know, the planet Uranus was stationary/direct on the afternoon of January 2nd UT. It turned direct after being retrograde for six months.

Typically, during a retrograde, people go back to the drawing board to rethink intended changes. To be revised, projects need to be temporarily halted.

Uranus drives the forces and processes of change. While Uranus is retrograde, which it has been since August 3rd, 2017, significant changes of all kinds skidded to a halt and have essentially been on hold until January 2nd.

When Uranus retrogrades, the changes we are looking forward to and working toward, as well as those those we might not be looking forward to, stop. If we were eager for the change, we grow impatient when Uranus retrogrades. If we are not looking forward to a change, we are relieved when Uranus retrogrades.

For awhile, change unfolded so fast, most of us were relieved when all the change stopped. Beyond that, we didn't so much think that change had stopped as that things had returned to normal. For a long time there had been so much change and such rapid change, it seemed more like chaos, than change as such.

So when Uranus turned direct on January 2nd, our experience was not so much that change had begun again, as that the craziness had returned. The chaos was back. But the reality is that, whether we realize it or not, a lot of things have been hanging fire.

Now, suddenly, a lot of things we did not realize had stopped are suddenly and quickly moving forward again. The energy of Uranus, though, is the kind that gets directly into our nervous systems.

This would be especially true when Uranus is stationary/direct during a full Moon, as it was this time. This Full Moon was a supermoon.

In fact, the Uranus Station happened during one of January's two supermoons. The second supermoon, coming at the end of the month, is also a total eclipse of the Full Moon.

My point is that in the last couple of days, the energy got more intense and significantly wilder. Uranus is by nature a wild, uncontrollable, unpredictable energy. The energy of the two supermoons and the full Moon eclipse will compound the energy of Uranus Stationary/Direct.

Uranus energy also penetrates deeply into our nature. So does Full Moon energy. Beyond that, this changeful, surprising, disruptive, energies also penetrates deeply into our lives and triggers unlooked for, accidental events, in places we are not watching.

So if your day, or your night, has included some unmanageable energies and some surprising events. It's because of all this wild energy - Stationary/Direct Uranus in the midst of two supermoons, the second of which, as noted, will be a total lunar eclipse.

So if stuff is happening in your life - too much stuff, unexpected, high energy stuff - think of Uranus turning direct in the midst of a complex and rapidly shifting astrological situation . And aside from the quirky, tricky stuff, expect high profile programs and policies that have been on hold to begin moving forward.

The quirky, almost accidental stuff could easily distract us from the fact that, after long delays, new policies are finally going into effect, new programs are finally being implemented. In many areas of our lives, delays are coming to an end.

A lot of other big energies are shifting or preparing for a shift, also. And these deep, powerful pending shifts are contributing to the Saturn has entered Capricorn. Uranus is preparing for its move into Taurus. Longer term, Pluto and Saturn are inching toward Aquarius.

Finally, I am including a chart for the the moment of Uranus's station. I used the "lines to all objects" option. And what we see is a Kite immersed in squares - in blocking and challenging, radically incompatible energies.

What we see is an astrological structure called a Kite. It is shaping, forming, and channeling disparate, incompatible, challenging, blocking energies toward a single, new, unified, integrated purpose, the strenuous, arduous creation of a new starting point.

After a difficult climb we will arrive at a new, higher plateau where new things are possible for us. But there will also be the excitement, the stimulation of knowing that even bigger energetic shifts are in the works.

We'll be riding a crest of energy, but this crest will be riding atop another, larger crest. And there are more crests building beneath that one. We're talking about crests upon crests, surges upon surges, transitions within transitions. Surprises within surprises. None of them as yet apparent.
