**HARD NEWS      TARA – T;    RAMA – R**

**T,R:** thanks to Cheryl and Rainbird, and for all who are helping them in the various areas: the food department, the car project, and keeping up the BBS radio shows!

**R:** grateful to be alive now to experience this – knows all our brothers and sisters, in whatever form they show up now, are all here

**T:** Please keep their cat in the circle of support – have a master, very wise douser helping the cat!

**R: got a call from Lady Master Delilah and Mr X**

- Since 1996, her husband Sonny is a Faction 3 White Knight - he gets home 2x a year
  - They have adopted 7 children from around the world and saved them from dire circumstances – there is help for Delilah
- Her help: Iheartradio.com Her website is Delilah.com where there is a map showing where the syndicated shows are playing across the planet – the stories are only about love and all related to that subject.
  - Nothing about politics/ big story: has a gag order that would choke a horse! Her service is to help people
- She is co-host with Jane, who assists with the children while Sonny is away – the radio station is in their home.
- They have their gold certificates like the Poppy Lady: they help to build schools, hospitals; help babies born with with diseases like AIDS; they are providing intervention therapy in all its forms, focussed on children and their families

**Delilah and Mr X:** the hammer of Thor is hitting Washington, DC at the moment

- there are a few brave whistleblowers in Congress willing to come forward to have an open discussion on 911 and on the disclosure project hearings that Greer and Bassett have been working on – the open discussion will 'soon' be aired on C-Span and on

**R:** the only thing holding the republic together is Superman's hair

**T:** they saw on TV on Bill Maher's show and the Grump was going up Air Force 1 and his whole hair-do blew straight up in the wind and showed how bald he is

**R:** Superman was from the planet Krypton

**T** brings up Samson of the bible – R explains he was half human, and half Annunaki and was black; fell in love with Delilah who was a Hebrew and black; those ones were called Philistines at the time – T says they came from Greece and had to escape because the Greeks wanted to take over the land

**Don:** has been hearing a warble on the line; wants to do a new connect; audience to hang in

**R:** just a little glitch in the Matrix!!!

**R:** the story has gotten twisted and changed re the Middle East Story

- one of the people knowing about 911 and the disclosure project is **Maxine Waters** who's been through hell and high water, and is also a Moor – yes, she played with the hedge funds and fell, as did another person of colour and he has recently retired – got caught up in saying that he made passes at women –
  - yet all of the stories are about this moment in time where, instead of getting NESARA, we got 911

**Delilah and Mr X:** there are many folks who, from the ground, saw the ships circling the towers as people were jumping and were getting beamed up to the ships. People are wanting to come forward and open up about this – have been sitting on it for 16 years

- Also they asked Rama: where is Rudy Guiliani? Has not been seen for a couple of months- he was involved in 911 and knows way too much

- And there is Larry Silverstein and the Grump and many other unanswered questions.
  - All of it is about the larger story unravelling now about **Full Disclosure, First Contact** –
  - all day today, there were ships over the skies in the SW – a change in the weather – does not know what to say, yet amidst the chemtrails saw at least 25 ships in their skies
  - something is brewing and it is big – about the final fall of the 13 families – they cannot continue to defile the Goddess

**Delilah's closing words** were that for 13,000 years they have messed with the goddess and She will not be messed with any more! She left it at that – how it gets played out is with the Goddess Sekmet

- As Paul Hardy used to say “And that’s the rest of the story”, and Rama says “The Goddess Sekhmet is the conclusion here as we watch a new shift in the wind.
- Everyone is seeing it - In previous conversations, Mr X has said all the agencies got compromised when the Nazis got infiltrated into the CIA, FBI, etc etc  
He also said that along with that, there are so many millions of other folks . . .

**T:** Did you mention that Putin and Pres Xi will be putting their 5 cents worth in? C-Span is just for the US - is that station going to be widened?

**R:** says that Putin will likely come in on RT

**T:** So that will be a good adjunct to have a conversation on C Span so then Xi and Putin would show up on RT

**R:** has no idea how it will happen, yet they have a way of talking to those in the halls of Congress that are beyond his pay grade! He can only praise, respect, thank and love the feelings, and turn it over to the higher hands

- As we watch the unravelling – which is so HUGE! - remembers the story about North and South Korea which was not about the communist threat, it was about the United States.
  - The deeper story is about the hegemony and the 13 families playing with the currencies, the Babylonian Magic Money Machine, and it goes right back to Enki, Enlil and that Ninhertzog and Anu and the whole story
  - When these Nephilim decided to play with Lucy in the sky with diamonds [Lucifer] and not with Lucifera, the Bringer of Light, Planetary Prince, things got wonky across the Universe of Nebadon - it’s about gravitational waves and how spiritual vibrational energy has a resonance, a vibration with the Force and when that happened it caused ripples across the universe

- As Patti Cota Robles said after 13,000 years, here we are with the millenials and that’s how it gets changed, about “Stand by Me” of the Beatles– it’s about Love – that is why Delilah comes into the story – to share and lift it higher: we have seen enough of the abuse and the horrendous games of Dr Menglele and Kahotep

Kahotep was around for 13,000 years, left in the 1930s – a master geneticist from the land of Hyperborea before the flood – between the flood and Egypt

**T:** he ended up in Siberia as a barbarian – thought he ended up there from Atlantis  
Her book Aknatun the Heretic King is the book which goes into the history of Atlantis. At that time, Hyperborea was in full swing – the King was Cingal and his wife was Ming May – they represented the combination of east and west

- They intervened in the time of Ramtha who got impaled with a laser right through his 3<sup>rd</sup> chakra – he lived because of the intervention of Lord and Queens Ming May
- The war in heavens – and brings in the story of the Pleiadians and the 7<sup>th</sup> sister called Samjase turned to the dark side of the force and gathered angry Amazonian women who participated in a 5<sup>th</sup> dimensional war in Orion’s Belt, through the Orion War and on into Atlantis and to Lemuria and even in Ancient Mu

- T was the director of the School of Discipline and Patterns to keep the light patterns alive and moving in the face of all that was going on. The emphasis of that school eventually melted away; she also was involved in the school of dance, music and healing and this involved mostly women – as Rama said the patriarchy began to take over and the women were turned into chattels and making babies for war
- Ramtha was the example in the time of Lemuria: his mother lived in the barrios in the shores of Atlantis in squalor; an Atlantean soldier raped her and Ramtha was the result. T does know that the seeds of the Papaya can prevent pregnancy if women were in touch with their bodies.
- So this is the story that is concluding right now – and she refers to 2 articles  
2017 -11-17 Nazis in the CIA closet: Origins of Fascism in the United States  
**R:** this has been going on since Argentina

**T:** Neitzche – “whoever fights monsters should see to it that in the process, he does not become a monster”

- It happened in the Orion war, in Ancient Mu, in Atlantis, in Egypt, in India and in the extension of Ancient Mu in 40,000 BC which was called Lemuria, when the bottom half of India had not sunk yet – and it’s still sitting on the bottom of the floor of the Indian Ocean!
- There is still a map and a mountain called Micah that is under the water,
- The whole continent of Africa was called West Ethiopia and the whole of India [before the bottom half sank] was called East Ethiopia
- So East Ethiopia, West Ethiopia was Pangea, land of pan - these places were all one and in the Pacific –
  - before ancient Mu sank, before Atlantis sank, before the break-up of the one land mass into the 7 continents we know now. there was only the land of Pan when east and west worked as one.

**R:** We have averted that [potential for a polar shift] – yes, the plates are still moving, yet the galactics have it all under their control and they will not let a polar shift happen as happened in Atlantis

**T:** a magnetic shift is happening. Also the climate change process – wants Rama to ask Mother – T knows that for now we cannot change things for the next 30 years as we’ve gone too far with the climate change story – not sure where the ‘non-intervention in a civilization’s development . . .’ principle meets current events and changes things

• **NAME OF A WEBSITE:** AtlantisLemuriaThule MuHyperborea [not a website but a Pinterest site]

- does it have to happen that all the continents return to one landmass?

**R: to become a super continent like Pangea - No** yet what he has been shown is similar to what Jacques Fresco was working on: circular gardens, cities like some of his visions

- Atlantis was a city of concentric circles, as was Lemuria – when you work with the energies of circles and merkaba vehicles you work on moving into higher dimensions

T: goes back to Marietta’s comment on Thursday when she asked if Tara had any good news!

Have to focus on the energies getting higher in our lives – and she believes that the group meditations we do, and the connections we have made help us – like the connection to one sister who tied them in with a douser who has helped heal the cat who had tumours in her brain – has used his processes to diminish/exterminate them

By maintaining calm this allows love to enter – as we move higher on the healing and self-healing scales – we can all do this; we are IT, using Thom Hartmann’s words.

**Reading: 2017 -11-17 Nazis in the CIA closet: Origins of Fascism in the United States**

- the CIA did 9/11 and the vatican via the Archbishop of New York ordered joe biden to tell George Tenet of CIA to do it
  - Joe Biden was head of the Foreign Relations Senate Committee so that's why he got ordered to do this
  - Barack Obama is an intervention on our civilization's development – has to do with Hillary's lies, and the Republican party which is the 4<sup>th</sup> Reich – the movie called *The Good Shepherd* – about the CIA, formerly called the OSS

***The Good Shepherd*** is a 2006 [spy film](#) produced and directed by [Robert De Niro](#) and starring [Matt Damon](#), [Angelina Jolie](#) and De Niro, with an extensive supporting cast. De Niro also produced it with [James G. Robinson](#) and [Jane Rosenthal](#).

Although it is a fictional film loosely based on real events, it is advertised as telling the untold story of the birth of [counter-intelligence](#) in the [Central Intelligence Agency](#) (CIA). The film's main character, Edward Wilson (portrayed by Damon), is loosely based on [James Jesus Angleton](#) and [Richard M. Bissell](#).

[Eric Roth](#), the film's screenwriter, began to work on the project after he abandoned his attempt to bring [Norman Mailer's](#) *Harlot's Ghost* to the screen. Like De Niro's film, Mailer's novel is a fictionalized chronicle of the CIA.

- The response to the question about “is there any good news?”, the good news is connecting the dots and learning the truth - we have to know that there was never a republic AT ALL; the Ophiucian Astrology is the true astrology, based on 13 houses. As the whole world has a consensus on the idea of 12 houses, then that becomes the truth – yet there is more!
- the larger story is the battle between the Office of the Christ and the Luciferian Hologram, meaning it is just a lie, which is why Lucifer is called the Father of Lies.

**T:** she doesn't read the rest of it, except to say that the CIA is the father of all genocide, murder, mind-controlling, twisting the DNA codes, changing the actual DNA that human beings were designed to live by, to have inside them!

**PLEASE LISTEN TO THE PODCAST WHILE READING THE ARTICLE – QUITE A LOT OF INFORMATION TO ABSORB**

**AUDIO:** GREG PALAST AND David Cay Johnston talk about the election fraud going on to this day. It's being described as a blue wave of energy taking the US by storm – the House and the Senate and the White House – and it is NOT the established Democrats.

**Caller:** have they heard about the statement by Amerosa about the White House – about how people around Trump kept her away from him because they are afraid she might influence him; she said things were much worse than we can imagine, and it's not good.

<https://youtu.be/4bv4 L-xmM>

**T:** This information was played by AM Joy, Alex Witt today

**R:** as more and more gets revealed: the sex abuse and the scandals going into Hollywood, reality shows, the alphabet agencies and the Oval Office

**T:** translation: it jeopardizes him and his gang

- also the way that he allowed the Republican Nunes memo to go out and this was commented on by Rachel and Laurence O'Donnell on Friday nightmares
- The word is out that he is going to fire Rob Reiner, and the third after Rob R quit because she realized that she'd have to take up the defence of Trump
- Rob Portman =
- Kelly – has been responsible for protecting Trump, not making him accountable
- the bullseye is DC

**Caller:** how much does Amarosa really know?

**R:** doesn't know

**T:** she doesn't know what's really going on at this level – and the whole thing is corrupt and not operating by the constitution

- To answer her question: tons of lightworkers are still rooting for the Grump – thinking they will be saved by him and that he is a good model for their children
  - 83% of Republicans said this, in a poll taken at the end of January
- we're facing a situation -T says things in love even though it may sound harsh:
  - she keeps saying this is NOT ABOUT MONEY. When lightworkers think Hillary is a criminal and then go vote for Trump
    - **what is wrong is polarity** What people were never taught in school was there was never to be a two party system – it was the last thing the Founding Fathers wanted
    - as we learn the truth that polarity has been an illusion from the beginning – and that the unity consciousness is the only thing that's true and that we were never supposed to die – we've been influenced by
- the article she has just read shows a large gaping hole – and it's not from them! AND we can't turn back from this!
  - The KOS – the original ensoulment of Jesus – all the religions are passing on lies
    - K17's Inner Secret Service is a section in the Theosophical Society that no one can talk of; it's overseen by Commander Kortonn who is the son of Soltec
    - This section contains the true teachings of the Ashtar Command, and the galactic worlds that we are part of – the true science, mathematics, everything
    - Momma and Daddy Ballard [the incarnation of George and Martha Washington] were murdered by the CIA because they were going to speak of this
  - And in the face of the teachings coming through now – like Dr Greer
    - It's **not meant for us to die** – the galactic intervention is the double agency of Putin, Obama and Xi and their families; they have been doing things to overcome a WW3 and the nuclear holocaust that the author of the last piece knows nothing about!
  - As we know about these things and carry that knowing out into our neighbourhoods and are able to teach that teaching, and be that living love and touch the hearts of those we meet -
- T has great hope – Tabitha could be well and it work out sooner than later, and the chance of coming across the energy that could help comes from the fact that we are working together in World Group Service.

**Audio:** This video is about election fraud, voter fraud, Nomi Prince, etc

"A narcissistic know-nothing con artist who has spent his entire life swindling others while repeatedly urging followers to commit criminal acts of violence against his critics," writes David Cay Johnston.

Who could he be talking about? I asked...

Full frontal exposure of the Trump Presidency by two New York Times bestselling investigative reporters — conversing, debating. This event was broadcast live from our sold out event in Los Angeles on Wednesday, January 31.

Watch Palast question Johnston about the accusations in his book, including Johnston's revelation of Trump's 2005 tax return — and his explanation of why it reeks of criminality!

### Astrological Weather Report

What a week! Moon into Scorpio

**Sat:** Moon into Capricorn ; Mercury in Jupiter in last \* of Aquarius

There are 5 days until next new moon, so still under influence of Jan 16<sup>th</sup> new moon- tonight, Sunday and Monday, doing the completion of the cycle – new moon in Capricorn to this month's new moon + 2 days of transition:

Sun square Jupiter tonight; Jupiter is first planet to rise in the morning – Mars rises in Sag afterwards

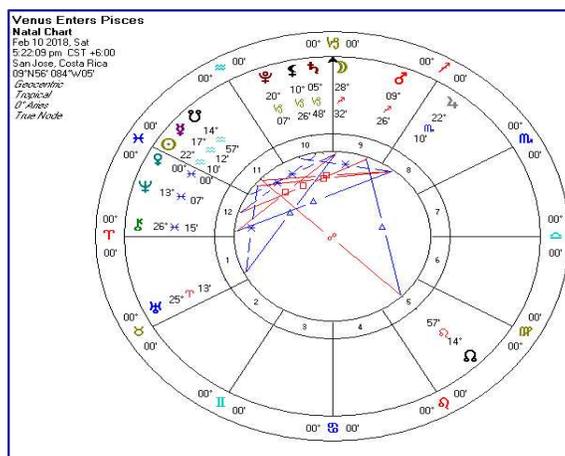

**Tues:** Moon in Aquarius, Mercury square Jupiter

**Thurs:** Venus sextile Saturn – we're getting Saturnian lessons: about timing lessons – present and past; future unknown.

**Sat:** Venus will be in 6\* Pisces

### Astrology for the Soul: Feb 7, 2018

***It's good to step out and look ahead,  
Reinventing myself anew,  
As long as I don't get stuck in my head,  
But keep my heart open too.***

I know, I know, I know, some people will not relate to this Pele Report because there are a couple "manifestations" of the energy going on now. On the one hand you can be giving in to the heavy Capricorn energy and not allowing yourself to take time off work. Some may suppress the need of Mars/Sag to wander and wonder in order to meet all the demands that are coming down the pipeline these days.

However, I think this will get harder and harder as the Sun comes to square Jupiter and Mars comes to square Neptune. We're coming into a time for artists, lovers, and gypsies and I hope you let it out! Some astrology reports will caution you against over indulgence, yet, we can also consider that within every cycle there is a period of, in a way, "fertilization." When we open our minds and our hearts to the wonder and awe of nature, the world, love, other people, and let our hearts melt and open further, this leads to growth, evolution, and deeper awareness. May you take the time for personal, inner growth, and not be led, scared, or manipulated by external power or influence to really grow as a spiritual being. Injoy!

The Super Full Moon on January 31<sup>st</sup> occurring at the same time as the total lunar eclipse began a powerful six-month cycle of evaluating our relationships and our place in the universe. We will complete that time of growth and the integration of the Black Jaguar energy which stepped through the veil into the world of human with the Total Solar Eclipse in August last year. The second total lunar eclipse this year in [2018 the Year of Sacred Relationships](#) will occur in July.

We all have moments in our life where we are shaken at our very foundation. We have moments when our relationships turn upside down, moments where sudden and dramatic change occurs. If we can learn to swallow the bitterness of an experience it actually becomes the source of our greatest learning.

## CONFERENCE CALL

<https://fccdl.in/9h4qkUjWli>

**RI: Previous New Moon** (CAPRICORN 27°): PILGRIMS CLIMBING THE STEEP STEPS LEADING TO A MOUNTAIN SHRINE.

**KEYNOTE: *The ascent of the individualized consciousness to the highest realizations reached by the spiritual leaders of its culture.***

We hear a great deal now about "peak experiences," but this symbol tells us that they depend to a very great extent upon following a path that many have trod before, under the inspiration of the great Teachers and Sages of our race. The shrine is built by the unceasing dedication of perhaps generations of men. The pilgrimage is hallowed by the devotion of many, even though each person finds on their own mountaintop what to them seems a unique and transcendent revelation.

In this second stage symbol we witness the rise of the human consciousness; the preceding symbol spoke of what one may picture as the "descent" of the energies of nature which, like water, flow down toward a lower level of intensity. It is man's supreme task to rise like fire, impelled by a vision they share with their companions. The Keyword: **UPREACHING**.

**New Moon** (AQUARIUS 28°): A TREE FELLED AND SAWED TO ENSURE A SUPPLY OF WOOD FOR THE WINTER.

**KEYNOTE: *Knowledge and skill used in its natural surroundings for the satisfaction of vital basic needs.***

This symbol combines, as it were, the implications represented in the two preceding ones. It relates to natural living the human capacity to prepare for the future and to use both physical strength and mental ingenuity. In meeting the hardships inherent in an existence close to nature, strength, efficiency and intelligence are needed, but they are incorporated in a life in which every act can be part of a harmonic and beautiful ritual permeated with deep significance.

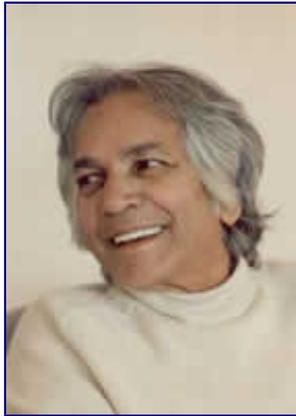

This is the third in the sixty-sixth five-fold series of symbols. It refers to the efficient use of natural resources for insuring man's well-being. Such a use is based on **INTELLIGENT FORESIGHT**.

**Uppaluri Gopala Krishnamurti** (9 July 1918 – 22 March 2007), known as **U. G. He claimed that the demand for enlightenment was the only thing standing in the way of enlightenment itself, if enlightenment existed at all.

He rejected the very basis of thought and in doing so negated all systems of thought and knowledge. Hence he explained his assertions were experiential and not speculative – "Tell them that there is *nothing* to understand."

He was unrelated to his contemporary [Jiddu Krishnamurti](#), although the two men had a number of meetings.<sup>[2]</sup>

Ray Thomas

Ray Thomas, a founding member of British rock group The Moody Blues, has died at 76, months before the band is due to be inducted into the Rock and Roll Hall of Fame.

His music label, Esoteric Recordings/Cherry Red Records, said Thomas died suddenly Thursday at his home in Surrey, south of London.

"We are deeply shocked by his passing and will miss his warmth, humor and kindness," the label said Sunday. "It was a privilege to have known and worked with him and our thoughts are with his family and his wife Lee at this sad time."

No cause of death was given, but Thomas disclosed in 2014 that he had been diagnosed with prostate cancer.

Born in 1941, Thomas performed in rock and blues bands in the English Midlands city of Birmingham before founding The Moody Blues in 1964 with fellow musicians including Mike Pinder and Denny Laine.

Capone, Frank Nitti and a youthful Joe Gambino or?

**[Editor's note:** Not mincing words a bit but it is time America's Jewish leadership stopped allowing Khazarian gangsters, like those who run the ADL, JDL, AIPAC and SPLC and run Congress through Adelson, to hide behind their "Jewishness."

Italian Americans didn't dance out Al Capone each Columbus Day but the worst of America's thugs, thieves and gangsters lord over America's Jewish community.

As for the "Semites," we learned years ago that there was no "disapora" other than Spain and Morocco, no "Ashkehazi," but rather Khazars decked out as "pretend Semites," like Netanyahu, who would have racially qualified for membership in Himmler's SS had they applied. Netanyahu is a Pole, racially like every other Pole. Live with it... **[Gordon Duff](#)** ]

**...by [Sajjad Shaukat](#) for Veterans Today**

**First of all, we should know that a majority of the writers, bloggers and authors use the term Khazarian Mafia instead of Khazarian Jewish Mafia. Wikipedia points out that the Khazarian king Bulan (Khazar) had chosen Judaism as the religion of the Khazarians. Hence, we should use the term Khazarian Jewish Mafia (KJM).**

It is notable that visibly or invisibly, many big cartels of the world are owned by the KJM. By controlling the major multinational corporations, arms factories, five star hotels, oil companies,

liquor business, food industries, technologies, mining and mineral resources, banks, film industry, print and electronic media in the US in particular and the world in general—having influence on the UNO, financial institutes like World Bank and IMF, Khazarian Jewish Mafia (KJM) has converted the world into a corporate industry, which manly work for the interests of the Mafia.

When we talk about the control of America and the world, there is no difference between the Khazarian Mafia, Jews and Israel. In this regard, many intellectuals like Don Allen and others reveal, "The Council on Foreign Relations (CFR)...was part of a conspiracy to gain control of both US political parties to use them as instruments...seventy-three percent of the members of the Council on Foreign Relations are Jews.

There are a number of organizations that comprise the Invisible Government that runs America and the world...from behind the scenes.

A Jewish group which is in control of national governments and multinational corporations promotes world government through control of the military, media, foundation grants and education including NGOs...and controls and guides the issues of the day, and thus they control most options available. They will manage the money, the land, the food, and the guns of everyone in the world."

The extent of Jewish grip on the US Administration and American policies could also be judged from the observation of Mike Stathis who, while quoting Senator William J., writes, "The great majority of the Senate of the United States...somewhere around 80 percent...are completely in support of Israel, anything Israel wants. This has been demonstrated time and again." And "without the all out support by the US in money and weapons and so on, the Israelis could not do what they have been doing."

In the words of Congresswoman Cynthia McKinney, "It is long been clear that the pro-Israel, ultra-Zionist network have absolute control over the United States. The idea that our leaders are pursuing America's vital national interests abroad...is a myth."

However, it is most surprising to note that, especially since the orchestrated drama of the 9/11 attacks on the one side, Khazarian Jewish Mafia (KJM) has been acting upon its evil designs by targeting the non-Zionist Americans and the international community while, on the other, it is, rapidly, jeopardizing its financial interests by destabilizing the global economy.

It is mentionable that after the disintegration of the Soviet Union, in consultation with his Zionist-advisers and neoconservatives, American former President Bush (The Senior) introduced the New World Order (NWO), with the US acting as a global policeman to protect the political and economic interests of Israel and the American Jews. The Third World (Islamic World) was compelled to realign their domestic policies according to Washington's dictates.

In this respect, UNO, IMF and World Bank were also used as the KJM agents. In order to obtain the hidden agenda of the Khazarian Jewish Mafia, the US imposed its sudden terms of globalization such as quick liberalization of economy, free markets, privatization and de-nationalization etc. on the ill-prepared less developed countries, which resulted into foreign-based dominance of the MNCs which easily defeated the host states' economic plan and monetary policy—left behind shattered nations and a global financial crisis. It further widened the gap between the poor and the rich countries (Or G-7).

In this context, Professor Timothy Gorringer in his book, "Fair Shares: Ethics and the Global Economy", writes "Globalization...trade is largely controlled by a small number of huge corporations...disintegration of communities and its replacement by the market...has the potential of destroying society."

It is noteworthy that the US and other developed countries produce 'surplus' which is being exported to the less developed countries including the Islamic countries. Latest machines produce products quickly, and rapid means of communication and correspondence through internet or email have accelerated the business transactions. But, in the present world, terrorism is being manipulated by the KJM while, at the same time, they are damaging their monetary interests by following conflicting strategies.

In the recent years, during the meetings of IMF, World Bank and World Trade Organization, violent protests were seen by the anti-globalists who were Western nationals. Surprisingly, despite its failure, KJM continued to drive the project of globalization through the sole superpower without bothering for its negative impact.

In political terms, America's child-killing sanctions against Iraq and Iran; late action to curb ethnic cleansing in Kosovo; support to Israel's aggressive occupation of the West Bank and Gaza, with vetoing any effective action by the UN to curb the Israeli state terrorism greatly annoyed the Muslims all over the world. Similarly, this mafia continued to support Indian state terrorism in the Indian Occupied Kashmir.

When President George W. Bush became the US president, he and the neo-conservatives crossed all the limits in securing the political, economic and religious interests of the Jews and Israel at the cost of Muslims and patriot Americans.

Under the mask of the 9/11 catastrophe, their preplanned strategy led by KJM headed towards dangerous moves like employment of power-diplomacy on the weak states like Pakistan and other Muslim countries, including almost all the Arab states which joined Bush's phony anti-terrorism war, while American President Barack also followed similar flawed policies to safeguard the illegitimate interests of Israel and the KJM.

Both the presidents, Obama and Bush, deliberately created chaos in the Muslim World. In this connection, occupation of Afghanistan (Prolonged war) and Iraq; proxy wars in the Middle East; regime change in Libya and Egypt through unrest; support to Al-Qaeda (Al-Nusra Front) and Islamic State group (also known as ISIS, ISIL and Daesh) by American CIA-Israeli Mossad in Syria and Iraq; promotion of sectarian violence in the Islamic World on the basis of Shia and Sunni have given a greater blow to the world's economic stability which is essential for Khazarian Jewish Mafia.

When in September 2015, Russian-led coalition of Iran, Iraq, the Syrian army-the National Defense Forces (NDF) and Lebanon-based Hezbollah started breaking the backbone of the terrorists of ISIS, Al-Qaeda's Al-Nusra Front and the rebels in Syria and Iraq, Mossad which was already having clandestine contact with the ISIS directed this outfit to plan the November 13 (2015) terror attacks in Paris in connivance with the French home-grown militants.

Similarly, when Russian-led forces began retaking many cities from the control of these insurgents, on the other side, agents of Mossad who were in collaboration with the CIA

sympathizers and the ISIL militants, arranged various sorts of terror attacks in Europe and the US.

Through all these false flag terror operations, the US and Israel wanted to obtain the covert aims of the KJM against Russia, the Muslims, and the patriot Americans. Mossad had also provided the pro-Israeli US President Donald Trump with an opportunity to manipulate various terror assaults of Europe and America to win the US presidential election and to reunite America and Europe, as a rift was created between America and its Western allies, especially Europe on a number of issues, including NATO.

And President Trump had left no stone unturned in implementing anti-Muslim policies, while speaking openly against the Muslims and Syrian immigrants. Trump had started exaggerating the threat of Islamophobia, while some incidents were not linked to ISIS, but were the result of self-radicalization of the individuals.

After becoming the US President, Donald Trump started acting upon the hidden agenda of Israel and the Khazarian Jewish Mafia. His decisions such as tough screening process for the Muslims and executive order regarding a ban on arrivals to the US from a number of mainly-Muslim countries might be cited as instances.

President Trump's connections with Israel and KJM were undoubtedly proved on December 6, last year, when he officially recognized Jerusalem as the capital of Israel, reversing nearly seven decades of American foreign policy and setting in motion a plan to move the United States Embassy from Tel Aviv to the fiercely contested Holy City of Jerusalem.

Khazarian Jewish Mafia forgot that angry elements within the Islamic countries, particularly the pro-Arab states, may react against America and its interests in the form of terrorism and other violent actions.

Unquestionably, the US president's move on Jerusalem will create new risks for all of Washington's allies in the Middle East, as the decision will offer extremist groups a valuable opportunity to capitalise on anti-US sentiment and direct such anger towards regimes which are close to America and non-confrontational towards Israel. While the world is already witnessing various kinds of terrorism-related assaults, acceleration of terror-attacks would further destabilize the world by harming the monetary interests of the KJM.

Even in [the] case of the South Asia, cognitive dissonance of the Khazarian Jewish Mafia is damaging its financial benefits. In this respect, on the one hand, the Mafia considers India as its largest market, while it is creating unrest in the region on the other.

In this regard, since the fundamentalist party BJP led by the Indian Prime Minister Narendra Modi came to power in India, it has been implementing anti-Muslim and anti-Pakistan agenda. Encouraged by the BJP, assaults on Muslims, Christians and other minorities by the Hindu extremist parties might be cited as examples. New Delhi, which has strategic partnership with Tel Aviv, has perennially been manipulating the double game of the US-led West in relation to world phenomena of terrorism in connection with Pakistan and Afghanistan.

In the recent past, using tough words against the US ally Pakistan, Trump revived the old blame game of his predecessors Bush and Obama, regarding the cross-border terrorism in Afghanistan

by saying Washington could “no longer be silent about Pakistan’s safe havens for terrorist organizations”, and threatened to target the terrorists’ sanctuaries in Afghanistan and Pakistan.

As regards Pakistan’s regional rival India, Donald Trump said, “We appreciate India’s important contributions to stability in Afghanistan...We want them to help us more with Afghanistan.”

Meanwhile, on January 5, 2018, the US suspended \$255 million of military aid to Islamabad as a condition to do more against terrorism.

According to the statement of the ISPR (Army Spokesman), “Chief of the Army Staff (COAS) General Qamar Javed Bajwa stated that “Pakistan was not looking for any material or financial assistance from USA but trust, understanding and acknowledgement of our contributions...peace in Afghanistan is as important for Pakistan as for any other country.”

Nevertheless, America and India, including puppet rulers of Afghanistan, have always blamed Pakistan for cross-border terrorism in Afghanistan to divert attention from the acts of sabotage which they have been arranging in Pakistan.

While Pakistan’s security forces have eliminated terrorism, but recent blasts in the Balochistan province and other regions of Pakistan show that the US-led India, Afghanistan and Israel who are supporting the militant groups have, again, started acts of terrorism to ‘denuclearize’ Pakistan and to damage the China-Pakistan Economic Corridor (CPEC) so as to obtain the covert agenda of the Khazarian Jewish Mafia.

In wake of Modi’s aggressive diplomacy, India has continued shelling in Pakistani side of Kashmir which remains a nuclear flashpoint between both the neighbouring countries.

Besides, Indian army chief Gen. Bipin Rawat said on January 14, this year, “We will call the (nuclear) bluff of Pakistan. If we will have to really confront the Pakistanis, and a task is given to us by the government, we are not going to say we cannot cross the border because they have nuclear weapons...We will carry out any operation.”

It is noteworthy that, emboldened by the KJM-led President Trump, both Tel Aviv and New Delhi have been equating the ‘wars of liberation’ in Palestine and Kashmir with terrorism. Their main purpose is to divert the attention of the West from their own state terrorism, while employing delaying tactics in the solution of these issues.

Although in the present world of social media and Internet, Machiavellian politics of the past have been replaced by modern trends such as fair-dealings and reconciliation, yet by following the old strategies, Khazarian Jewish Mafia has been practicing the most horrible form of colonialism and neo-colonialism, while employing ruthless techniques of terrorism by assisting the militant groups like Al-Qaeda and ISIS which conducted various terrorism-related attacks in the US, Europe and other Western countries, including Turkey, Pakistan, Bangladesh, Iraq, Syria, Egypt, Iran, Indonesia, Philippines etc., and some African countries. Thus, they massacred thousands of persons which also include Christians.

It is also of particular attention that, on September 25, 2016, at the UN General Assembly, while indicating the unjust global order, Pope Francis condemned the global financial institutions, calling on them to ensure that countries “are not subjected to oppressive lending systems which, far from

promoting progress, subject people to mechanisms which generate greater poverty, exclusion and dependence.”

Earlier, addressing the US Congress, Pope Francis said, “No religion is immune from forms of individual delusion or ideological extremism...We must be especially attentive to every type of fundamentalism. A delicate balance is required to combat violence perpetual in the name of a religion, an ideology or an economic system...Every life is sacred.”

While calling for an end to the arms trade by arms dealers, Francis explained, “Deadly weapons for money are being sold to those who plan to inflict untold suffering on individuals and society... Money that is drenched in blood, often innocent blood.”

He further added, “If politics must truly be at the service of human person, it follows that it cannot be slave to economy and finance.”

Notably, it is owing to the flawed internal and external policies, especially a prolonged war in Afghanistan and continuous war on terror, that America is facing multi-faceted crises which have been intensified under the presidency of Donald Trump. Besides, Trump’s extremist and racist policies have accelerated the domestic extremism in the US, which will take the country to the “state of nature” when there was a “war of all against all”.

In America, CIA, FBI and Department of Homeland Security which are working as “a state within a state” or “shadow Government” or “Deep state means,” are also clandestinely working against one another. They do not respond to the civilian political leadership - the President and the Congressmen - who are also fighting a war of nerves against each other. So, domestic extremism in the US may result into a civil war in the country.

Another danger is that, at present, fanatic leaders are in power in the US, India and Israel; their connivance with the Khazarian Jewish Mafia may culminate into ‘clash of civilizations’, particularly between the Muslim and the Christians worlds.

The most dangerous point is that in order to avoid the two-state settlement of the Israeli-Palestinian issue. Tel Aviv will prefer atomic war between the US and Russia or between the US and North Korea. Nuclear war could also erupt between Pakistan and India, as New Delhi also avoids solution of the Kashmir issue.

Nonetheless, we can conclude that this Mafia’s ambivalent policies are alarming for the international community, as the end of the world may coincide with the end of the Khazarian Jewish Mafia. Therefore, it is the right hour that loyalist Americans, non-Zionist Jews and peace-loving citizens of every other religious community should play their positive role for global peace by stopping the division of the international community on religious and cultural lines.

<https://www.dailykos.com/stories/2018/2/4/1738648/--It-s-Even-Worse-Than-You-Think-much-worse-Exclusive-interview-with-David-Cay-Johnston>

With David at Great Minds last week

David Cay is the most knowledgeable Trump investigative journalist. His latest book; ["It's Even Worse Than You Think \(What the Trump Administration is Doing to America\)"](#) is a must read (I got it last week and I haven't finished reading it). It is inspiring me to read his previous book; ["The Making of Donald Trump"](#).

On Wednesday I went to the Great Minds meeting in Santa Monica moderated by Greg Palast and featuring David Cay Johnston. (Long video, watch it later)

### **It's Even Worse Than You Think: David Cay Johnston & Greg Palast**

<https://www.youtube.com/watch?v=eAmKwAcjha8&feature=youtu.be>

We met and we set up a phone interview for today.

We both agree (as we all do) on how sick Donald Trump is. I told him about my bizarre encounter with Donald back in 1994 and he did give me some insights that helped me understand what happened (one day I'll write more about this). David has been reporting about Trump for over 3 decades. One thing that David told me that caught me off guard was that journalism is the fastest decreasing white collar profession;

40% of journalism jobs have disappeared. When I worked in the LA Times there were 1,200 journalists, now there are only 400. The newspapers in the whole Bay Area, all the way to Santa Cruz, employ less journalists than the San Jose Mercury News used to employ.

In his book, David talks about Trump's "[political termites](#)" (great long audio interview covering his new book) and how they are destroying government as we know it in ways that are not being reported by MSM. This alone is a reason to read his latest book. Almost nothing is being reported at any levels, it's not "exciting" and there are not enough investigative journalists to shine a light on them.

The Fourth Estate is not up to the job of checking and balancing the Trump regime.

My main question to David was; **"Can Trump pull off a coup d'état". Thankfully his answer was; "No"**

He would need support from the military leadership who in his opinion would not happen.

Then again, he said, if something happens, like a war with North Korea, all bets are off.

Another significant question that I asked him is if impeaching Trump was possible and could happen. He is definitely in favor but he doesn't think that Dems can get the 60 seats needed in the Senate in the 2018 midterms. OTOH he believes that if Dems can take over Congress, the public hearings they could conduct would make it very difficult for him to get re-elected in 2020.

We also talked about what Trump would do if he doesn't get re-elected. He said that he would seek revenge and incite violence. Uncharted waters.

BTW, we don't agree on everything. We agreed that Hillary would have been much better for America even we both had issues with her. Putin sees her as an enemy, unlike how he sees Trump, so it was no surprise what he did in 2016 to sabotage her campaign. But as you know I was a Bernie supporter and David is not. He refreshed my memory about [what he reported about Jane Sanders](#) and he told me why he thought that Bernie would have been a bad president due to his lack of managerial skills. I don't deny this but I do believe that Bernie attracted very capable progressives to help him with his vision for America.

So, read David's latest book to really get an idea of how much trouble we are in, outside the Putin/Russian oligarchy issue. We need to fully understand what we are up against to effectively resist.

## 2018-02 Solar Eclipse 15 February 2018 – Times Change

<https://astrologyking.com/solar-eclipse-february-2018-new-moon/>

**The partial solar eclipse on Thursday February 15, 2018 occurs at 27° Aquarius in the Tropical Zodiac.** The astrology of solar eclipse February 2018 has a major focus on ideas and communication because it closely aligns with the planet Mercury. Also joining the new moon February 2018 solar eclipse are two asteroids named Juno and Hygeia. This means love and companionship, and health and medicine will be topics of discussion to come from this eclipse.

The February 2018 solar eclipse also makes a positive aspect to the planet Uranus. This means you can make positive changes to improve your life. This is a solar eclipse of freedom and choice, with exciting new ideas and technologies to give you a happier, healthier and more enjoyable life.

Together with the [January 31 lunar eclipse](#), the February 15 solar eclipse signals a new awareness and changing times for women trapped in forced marriage, prostitution and slavery. This is a good eclipse phase for the rights, health, welfare and education of women in general and mothers in particular.

### Solar Eclipse Meaning

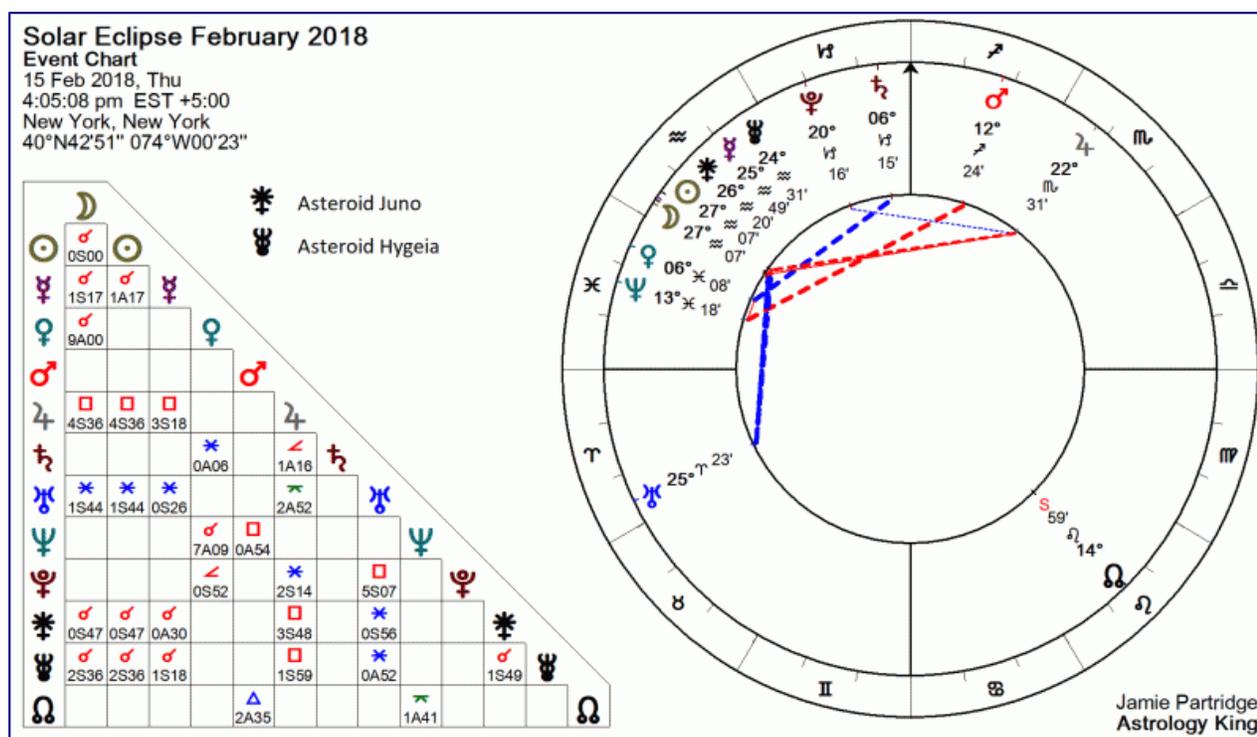

A solar eclipse is just like a regular new moon where the Moon passes between Earth and the Sun. However, a solar eclipse is more powerful because the Moon darkens the Sun. Solar eclipse February 2018 is a partial solar eclipse so most of the Sun will still be visible. The new moon represents the end of one cycle and the beginning of a new cycle. A new moon influence lasts for 4 weeks but a solar eclipse lasts about 6 months.

The strongest and most important aspect in astrology is [Sun conjunct Moon](#). It means all possibilities are on the table and you can rightly put yourself in the forefront of new plans for the future. It is time to question your old habits and behaviors as you search for new and inventive ways to make progress. This is the ideal time to make a fresh start, so write your new goals down on a sheet of paper. Solar eclipse February 2018 will compliment themes found in the [lunar eclipse on January 31, 2018](#). Together, they make up an eclipse phase which lasts until the July 12, 2018 solar eclipse.

## Solar Eclipse February 2018 Astrology

The February 15 solar eclipse at 27°07' Aquarius is very close to the planet Mercury. This means deals, ideas, communication, education and transport will be the major themes of solar eclipse February 2018. There are two more planetary aspects that directly add their influence to the communication and transport issues arising over the next six months.

This eclipse falls in a dark region of the night spanning 24° Aquarius to 03° Pisces. While there are no major fixed stars in this area, there are two asteroids within very close vicinity of solar eclipse February 2018. The astrology chart below for the eclipse shows just how close asteroids Juno and Hygeia are to the Sun and Moon of the eclipse and to planet Mercury. Next I will discuss how each of these planets and asteroids influence the solar eclipse astrology.

Solar Eclipse February 2018 Astrology Chart

## Solar Eclipse Conjunctions

**Solar eclipse conjunct Mercury** means the major focus of this eclipse is on your thinking and communications. Mercury also rules rationality and reasoning, primary and secondary education, your neighborhood, siblings and cousins, short distance transport, news and information.

Mercury is fast, lively, adaptable, variable, unemotional and curious. An increase in mental activity will also come from general chit-chat and the sharing of ideas and opinions. You will want to talk about topics that interest you as well as the news of the day, in discussions, conversations, meetings and debates. This solar eclipse signals the right time to start a blog on the internet or to write a book. It is also a good time to make plans and start business deals, to bargain, buy and sell.

**Solar eclipse conjunct Juno** means marriage and unions will be a major topic of the Mercury discussions. Juno was originally a Moon goddess. In fact, the ancient Romans called her Juno Covella, goddess of the new moon. The word Covella comes from the Latin word for hollow (describing the new moon's thin crescent). The ancient Roman calendar was lunar and each month began with the new moon. Ceremonies in Juno's honor were held on the first day of every month. [1]

From the 28 day new moon cycle comes Juno's association with the female reproductive cycle. Juno is a lunar goddess who oversees women of childbearing age, from puberty, to childbirth and marriage. Juno also rules soul mates, true love and commitment.

At a deeper level, Demetra George suggests asteroid Juno symbolizes the mystical union, or state of spiritual consciousness you can reach when you transcend your ego. Overcoming separateness through union and becoming one with the universe.

"Juno symbolizes the yearning for full mystic union that is emotionally, sexually, and psychologically fulfilling...In the horoscope, Juno represents the emotional and psychological needs that motivate us to seek marital union" [2]

**Solar eclipse conjunct Hygeia** will add the topics of health and medicine to the discussions on marriage and unions. As well as health, asteroid Hygeia associated with hygiene, tradition and natural medicine, doctors and healers, disease, illness, toxins, fear of poison, fear of doctors, fear of medical results, hypochondria, hesitation to get checkups, operations, misdiagnosis, drug abuse, diet, worrying about the health of family and friends.

### **Solar Eclipse Aspects**

There are two other planets directly affecting the solar eclipse, plus some other significant aspects in the horoscope of the eclipse. They are listed below in order of strength.

**Solar eclipse sextile Uranus** means the discussions and ideas arising from the solar eclipse about marriage, commitment and women's health issues will be surprisingly frank, open-minded and insightful. There will be debate about modern, unusual and controversial family structures such as same-sex parenting and other non traditional relationships.

Scientific and technological breakthroughs affecting fertilization and pregnancy will certainly be controversial and lead to ethical debates. The implications of the cervical cancer vaccine and others medical discoveries will be increasingly important topics of debate, especially in religiously conservative communities. Uranus makes this an eclipse of positive change, greater personal freedom and choice.

This expressive aspect to Uranus will give confidence to millions of people who have been too scared or shy to "come out" about their sexuality and other lifestyle choices. It will shine a light on marginalized people such as single parents and same-sex parents.

People in general will feel less inhibited to choose their own independent path in terms of non traditional relationships and family structures. Solar eclipse February 2018 should expose the limitations of arranged marriages and the sexual abuse often associated with them. This positive Uranus influence should bring greater awareness of young girls being sold into prostitution and

sexual slavery. You should hear more about taboo subjects like genital mutilation and other human rights violations against young women.

Uranus sextile Mercury and asteroid Hygeia should lead to greater awareness of mental health issues. New medicines and greater access to the internet should make it easier to find help and the right treatment. Due to asteroid Juno, there will be a special focus on birth control and women's health issues like post natal depression and iron deficiency.

**Solar eclipse square Jupiter** means the positive changes and freedoms brought by Uranus will bring personal growth and happiness. However, it also means you need to show respect, moderation and discipline. This is to avoid the changes in your life becoming too extreme and upsetting other areas of your life.

Try not to make too many changes as this would end up wasting your energy and getting you nowhere. Focus your energy on one or just a few positive changes. Solar eclipse February 2018 will also pose ethical questions about lifestyle choices, parenting styles and medicine. Show some moderation with the changes that you know will be controversial. This will save you from embarrassment and discrimination.

**Venus sextile Saturn** increases your need for companionship. You will want to feel loved and valued by someone but only serious and true love will do. With an existing partner you will look for reassurance or more commitment. This is the perfect aspect to have with a solar eclipse conjunct asteroid Juno. It means this eclipse phase is ideal for getting engaged and married.

New relationships are possible but one night stands probably won't interest you. You are more likely to attract serious types or those also interested in long-term commitment. Teacher-student type relationships are possible, or you may attract someone much older or younger.

Solar eclipse new moon February 2018 conjunct Mercury makes this is a great time for dating, especially internet dating because of Uranus. Asteroid Juno conjunct the eclipse is a good omen for meeting your soul mate and finding true love.

**Mars square Neptune** means you should be cautious in relationships to avoid suspicion, deceit, lies and scandal. This is especially the case with sexual relationships because you may feel so attracted to someone, you become blind to their faults.

This aspect also increases the risk of infection and disease. Juno with the eclipse means you should protect against sexually transmitted diseases. Because of Mercury, be aware that your fears and imagination can affect your mental health. Asteroid Hygeia with the eclipse means that hypochondria is possible, but it is best to get any symptoms checked out anyway.

**Jupiter sextile Pluto** brings success through positive change. You will not have to force change or react to unexpected change. This is a natural development in your life associated with increased power and influence, spiritual and personal growth, wealth creation and professional advancement. A strong urge to reform something in your life will coincide with an opportunity to do just that. Go with the flow and take full advantage of the opportunities that open up in front of you.

**2018-02-05 A Message to Lightworkers – February 5, 2018** by Caroline Oceana Ryan

*The latest guidance from the Ascended Masters, Galactics, Earth Elementals, Faery Elders, Angels and Archangels known as the Collective:*

Greetings, co-Creative, Empowered Ones!

We are pleased to have this moment to speak with you today.

And we see that you are feeling increasingly the presence of your Galactic family, even if you do not yourselves see them physically in your skies (though many of you have) or remember your conversations with them, your work on the ships, or visiting them in other realms while you are in your sleep state.

We assure you that all of this is so, and much more.

**And that you have, in addition, been moving not only between dimensions both in both your waking and sleeping hours, but moving amidst Earth's time periods as well.**

There is much you are settling now—much that has remained unfinished and unresolved, which many will call karma, and some simply “unfinished business” with another person or event or mode of thought or belief in your own history, or human history in general.

And so you are all Travelers in ways unheard of in human life since Earth's descent into the third dimension, except by a very few higher beings still inhabiting Earth who never lost that ability.

We call you Travelers, because unlike your predecessors (including your own past life selves), you are moving in and amongst dimensions and time periods with increasing skill, learning to direct flows of energy from your soul and from the Universe itself, stepping into the portals that open up into paths to other times and spaces.

It is so that in third dimensional life, time and space are inextricably bound up in one another.

And yet where Time is no longer an issue, distance is likewise not an impediment to travel or to experience.

**And so you are able to move from one “place”—one time or dimension—to another, by way of shifting your frequency, your point of energy focus, and your expectation—expectation being simply a feeling/experience of something before you are actually in it.**

Similar to moving the dial on a car radio to hear a different station, you simply shift your vibration to match that time or place you wish to move into, then find an opening through which to step into it.

Some of you are using this to return to events of the past, to work with them energetically so as to shift the vibration of a particular event or belief system to a much higher vibration.

As you heal Earth’s timeline in this way, you also heal your experience of the past—events and experiences that have contributed to the density all of you are now dissolving etherically.

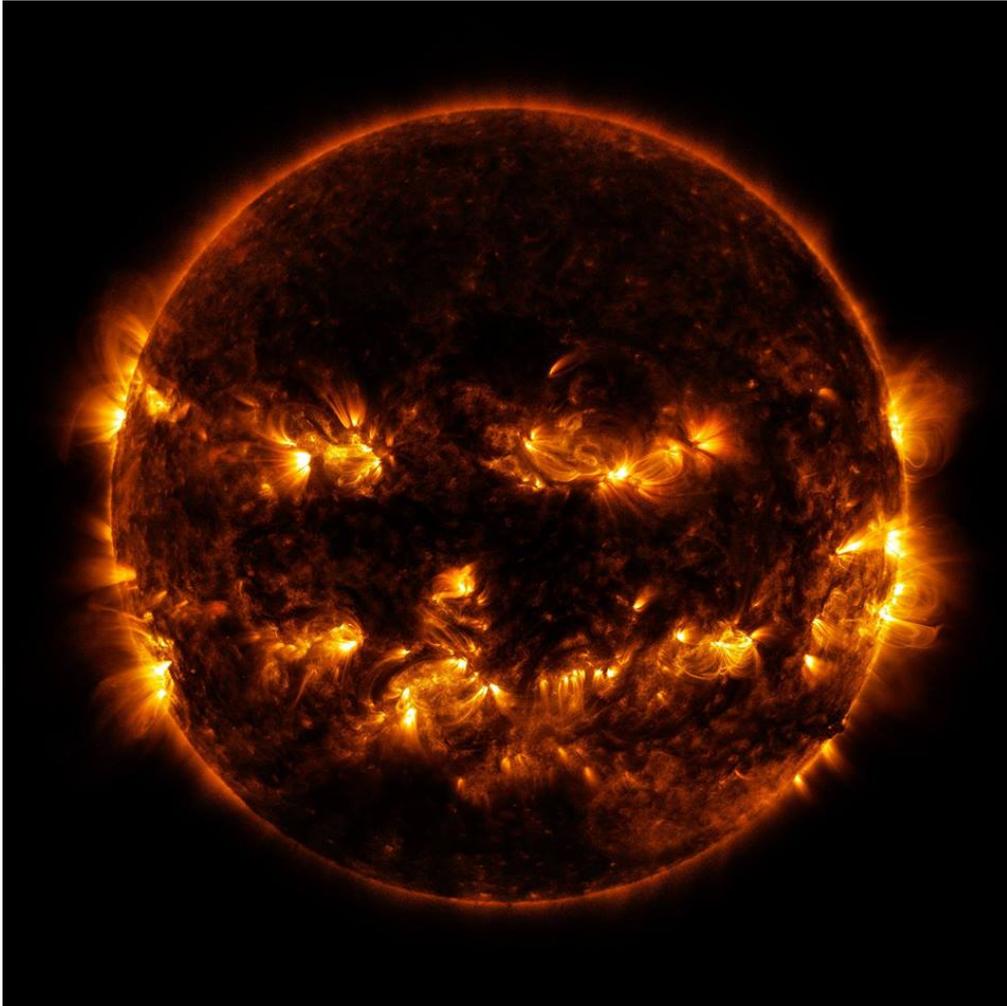

That in turn frees your psyche, spirit, and body to move more freely in the world, without the heaviness of past experience, trauma, and pain holding you back.

You are transcending the past as well as the present—transmuting that which in other eras would have had to be relived in yet another Earth life, experienced each time at perhaps only a slightly higher vibration.

And of course there are also disturbing and chaotic aspects of present Earth life, as She spews out the last of the toxicity that has invaded and oppressed Her for thousands of years.

You may have images of great dragons coming out of the depths of Inner Earth, riding the skies with their powerful wings and roaring at adversaries to Earth's Ascension, as they chase away or fell opponents—other dragons and beings of a far lower vibration that have stood in shadow and darkness, serving the under-lords of the dark recesses of Earth, physically and etherically.

There are increasing sightings of such beings in remote places, and you yourself may notice and feel Dragon energy more now, just as you feel Angelic, Devic, Faery, and Galactic beings more clearly than ever.

We assure you, you have without exception, each of you, spoken with or witnessed these Beings on numerous occasions, in their many guises as animals, rocks or trees, human beings, or simple energetic manifestations.

They, like you, can send their energy into a place or time without being physically present, and affect all who are there with mental images, emotional resonance, and physical symptoms, whether of the Light or of the shadows.

Yes, you have this ability, though you are only now, in your tutelage to the great Masters, learning to retrieve this ability and to use it in a conscious way for healing, growth, and

enlightenment, rather than in the very unconscious way you have used your presence in most Earth lives.

“And so why did I have to take on all this sadness, darkness, and density, when I already know deep down how to transmute lower energies?” you may ask.

“Why couldn’t I have stayed in the higher realms and assisted Earth’s Ascension from there?”

We assure you, there are many, many trillions of higher beings working consistently in the higher realms to aid Earth’s Ascension. You had a more intricate plan in mind.

**While in a physical body, you are able to meld your energies with Earth, funneling, channeling, and anchoring higher Light data into the planet Herself, as well as your own body and spirit in highly empowering ways that offer a particular path of mastery few other experiences in this Universe can provide.**

**In doing so, you also create openings for others—mini-portals—with your words, smile, presence, and inner beauty, for them to likewise move up in vibration, and to step forward on that same path.**

None of this is due to simple supernatural skill or insight.

**All of it is down to permitting the power and the reality of Love to invade your every cell, while experiencing yourself as purely a demonstration of higher Love, not a being outside of it, seeking it as someone foreign to that energy.**

This is the crux of what you have come to experience this time.

It is also the height of your Earth mission, though you each have a distinctly different way of experiencing and demonstrating that.

You have come to express a path different from anyone else’s, and different from anything you yourself have ever felt or expressed in any time-space, ever before.

**So we would say, as you notice time and space behaving differently now—days and nights flying by at twice the rate they used to move, places holding energies that are blatantly in opposition to your own, or that flow perfectly with your own, or that call you to a higher vibration—be aware that you are increasing your own mastery of what occurs between you and time-space, and that however strange this may feel at times, none of it is accidental.**

Namaste, dear ones!

We are your family and your guides—those tasked with reminding you that you are Love itself, and Creational energy itself—and we are with you, always.
