HARD NEWS

General Info: these are notes, NOT transcriptions!
Tara, Rama – T; R

T: May the spirit of Love engulf all who are missing the presence of Ed Schultz - yesterday, Anya Parapil of RT tv hosted an event which included many of his friends

- all of them said he would speak the truth of all he had to do with/ was aware of
- They are saying without saying that he was taken out . . .

Audio: the piece from Anya yesterday . . . begins with an off-the-cuff rant by Ed

Remembering Ed Schultz - RT America July 5, 2018 Published on July 6, 2018

<https://www.rt.com/shows/rt-america/431853-remembering-ed-schultz-rt-america/>

Ed Schultz, host of 'News with Ed' on RT America, passed away on July 5 at his home in Washington, DC. The veteran radio and television broadcaster was 64. RT America's Anya Parampil is joined by Ed's RT colleagues for a tribute, including Larry King, Lionel, Mitch Ceasar, Ashlee Banks, Steve Christakos, Dan Cohen and Ed's longtime producer, Brent Jabbour. For decades Ed was a prominent sports and political radio commentator and personality in the upper Midwest. After several years as one of the most watched anchormen on MSNBC, Ed moved to RT America in January of 2016. The News with Ed Schultz aired weeknights, Monday – Thursday at 8PM Eastern. Ed's broadcast was the flagship show at RT.

R: went into a local organic restaurant – met Natasha there unexpectedly. Sat with her

Rama Speaks: I got to meet and talk with Natasha today. The first thing she did was show me, on her galactic pad, what the sun was doing to the entire solar system, and how this is affecting matter, space and time. The Light coming in from the super nova and the newly formed galaxy from 200 billion light years away from our galaxy that occurred the weekend of June 16/17, 2018, is coming in even faster than the scientists had reported earlier. And the scientists are even more overwhelmed now than they were in June!

Natasha continued: "The Light coming in is literally warping our space-time continuum."

I asked Natasha, "What does that mean?"

She answered, "We are being overlit by the 6th, 7th, 8th and 9th dimensions in a far more dramatic way now and, as a result, ascension symptoms are being increased exponentially and exacerbated for everyone. Regarding the Dark ones, they are increasingly at each others' throats because they see no other way out.

"The Light's biggest challenge is to remain in unconditional divine neutrality as we navigate the stars and, at the same time, take the necessary actions with non-violence in order to speak truth to power, here on earth as the Ground Crew. Work steadily in an active meditative state. As Michelle Obama says, 'When they go low, we go high!'"

Natasha said to me in closing, "Lord Rama, please go slowly with these energies. We will be listening to your shows; pay no attention to the stories out there of Mr Drumpf name-calling and race baiting and mud slinging, and using disrespectful language towards the Feminine. Kleep your friends close, and your enemies even closer. Go in peace. May the Force be with you. Sat Nam. Michelle for President. NESARA now. Namaste."

R: as more and more stories come out about Uncle Ed, it reveals that there's something that's gotta change in how the media news happens – where it's not about underwriting sponsors that are multi national corporations which support the weapons industry, drug manufacturing or fossil fuels – it's gotta be grass roots like Free Speech.

- Heard a show today on Sirius XM – John Fugelsein talking to millenials who are forming something like Amy [Goodman – Democracy Now] does, yet talking about stories millenials are interested in – not the never-ending negative cycles, but positive things millenials are doing to change the planet right now.

T: yesterday, they heard Omena say things were crumbling

- and today Scott Pruitt resigned amid rising scandals – there are at least 13 ones on ethical misconduct. The acting administrator has been appointed – A. Wheeler who represents the fossil fuel industry!
- all this corruption, the releasing of the regulations so they can pollute to their hearts' content – the damage is the damage done, yet the Ashtar Brigade is on the way
- Yet Drumpf had no business running for president – AND EVERYTHING WILL BE ROLLED BACK AND BACK TO THE BEGINNING; GALACTIC INTERVENTION, UNIVERSAL ECONOMICS,
 - There will be no President, yet Michelle will lead the way with Wise Councils of Elders

CONFERENCE CALL

<https://fccdl.in/q5SI5EnQvM>

T: Talks of a scene shown on RT where Bernie and Ed were walking down a NYC street – a serious discussion –

- **look on News with Ed, Thursday July 5, RT – towards the end of the segment**
- they were both Faction 3 white knights, walking down the street talking to the people
- Chris Hayes knows too – yet he, Rachel, Laurence are reined in

T reads from Wikipedia about Ed – weekly audience of more than 3 million – an avid voice for the middle class; has written a couple of books – was a quarter back at MSUM

Caller/R: a question about the alignment of all planets and asteroids on July 19 being on one side of the sun – Randy still looking for the original YouTube / article . . .

- Randy is working on getting numbers, costs – looking to return to Canada – passport expires at end of August

Caller/T: Mahala's report July 2018 – says all the planets and asteroids will be on one side of the sun – the report was sent to T & R

Caller/C: Thanks to them for ongoing contributions, and for being an example

- has sent something to them too – he thought that '64' and 'natural causes' didn't go together regarding Ed Shultz; sounds like a prepared obit.
- T & R mentioned that Ed has spoken on 911; caller found nothing on it BUT Ed participated in a podcast with the host **Jamie Weinstein show, April 13** – Ed said a couple of things; caller shares the highlights
- also found it on Washingtonfreevegan – **covered by David Rutz on April 16, 2018**
- Ed had wanted to cover Bernie's campaign opening and was blocked from doing that -
 - did air launch story later in the day -
- in the interview, Ed is claiming that the head of MSNBC was controlled by the Clintons – a very daring thing to do: calling out the president of the news company
 - Caller refers to the fact that Bill Cosby & others wanted to buy NBC – and factor in that Cosby was a star – and the CIA since the 40s has a big say on what comes out of Hollywood – they take people out in time, not right away – and Bill Cosby's behaviour was created by the MK Ultra folks . . .

T: Recently, Nancy Pelosi was given an option: play sex games with pedophiles or we take one of your Daughters out

Caller/C: July 4th – told the story of a white subdivision in a North Carolina location;

- one of the few black residents in the community went to the pool with her daughter; a white resident called the police and wanted the police to check her ID – within 24 hours, the person who made the call – on false premises – was fired from his job due to social media!!!

T: brings up the story of the Rohingya and Myanmar - the authorities have built prison camps and want the people to return so they can go to the camps!!!

- the conflict is Muslim: Myanmar is 90% Buddhist and they want to kill all of the Rohingya
- Britain was in the middle of the story for a long while – yet the ultimate perpetrator around religion is the catholic church – they are an evil Luciferian political entity
- Chile: all the bishops said they'd resign if he [Francis] thought the bishops were pedophiles

T: Remember they read the piece where the Pope was attempted to be apprehended

- the effort was undertaken by Kevin Annett of the International Common Law Court of Justice - has a link with the fake St Germain Trust and others –

2018-06-22 [Pope Francis Avoids Arrest as Child Sacrifice is Cancelled](http://beforeitsnews.com/celebrities/2018/06/pope-francis-avoids-arrest-as-child-sacrifice-cancelled-2475412.html)

<http://beforeitsnews.com/celebrities/2018/06/pope-francis-avoids-arrest-as-child-sacrifice-cancelled-2475412.html>

- still - to give credit where credit is due: they managed to put the pope into a catatonic state. The warrant was lawfully done within the traditional system – and Interpol was involved and allowed the warrant.
- This brings up England: another Novacuk incident in Avebury which is close to Salisbury – a couple involved. Theresa May is fighting for her life: she was installed by the Mercers.

Caller/C: what about one of the Koch brothers stepping down/forced out – the younger one

- the article was written by Rowan Farrow – the older brothers are running the show

Caller/R: looks like David Koch – he ran for President on Libertarian ticket – which is Nazi (T)
T: and Ron Paul is a card-carrying Nazi – Libertarianism is essentially nazism

T: the guest on Stargate last night [Rob Potter] was friends with Fred Bell
• Jesse Ventura was told to take out Fred Bell because Fred was too close to the truth – becoming a big pain to the powers that were

Caller/C: interesting guest

T: yes, but a very very mixed bag in political terms

Caller/T: about Rob Potter – yes, a mixed bag: a few years ago caller wrote a piece about the RV not happening; Potter wrote him and they talked on the phone – he was very rude and disrespectful in his manner

- he's a popularity seeker – wants to keep up with the UFO crowd – interviews Cobra – and he did say that last night.
- Caller does not think very highly of Potter – he's intellectual but revelation knowledge is another thing – last night, all he did was tell stories and the person he doesn't think much of is Corey Goode

T: and James Gilliland does not like T & R and despises NESARA; someone else

Caller/T: about the conference he did not get invited to speak at – he said he had his own "contact in the desert" -

T: asked caller if Potter had read T's article – only a page or 2 -
Caller has spoken to James G – has heard him talk of the RV – also knows some others who don't want to hear that the RV is a Black Op

T: have to know that Hillary Clinton started it to distract everyone from NESARA . . .

- **WHO DID 9/11? Clinton and the Bush family crime family –**
- **what was to be announced on 9/11??? NESARA!!!**

Caller/T: 2009 when they moved, caller sent Rama about 10-15 photos of the roundtable website from the time Beth had it; there's an anomaly out there where the military could instantly transport heavy equipment to the moon –

- It was from Garcia a military island – when they had the tsunami, this was happening – he posted them on the website at the time.
- Google has an airbrush department: took him a while to realize about the existence of the platform that was being referred to

Vlog 69 ANSWERS ABOUT HUMANITY'S PHYSICAL TRANSFORMATION

T: Our ascension is assured – yet we have to choose it and work with our spiritual development

Mother plays this video from Mahala Gayle's latest: **[Full article below]**

On July 19 all of the planets will be on one side of the sun. It has been a long time since this has happened so this is a major event. It is kind of like the energy of all the planets lining up. This energy will be unbalanced so who knows what might happen. Check out this video: [Rare event to occur in Solar System July 19th, 2018 – Several Days.](#) **T:** original video made in June, 2017

Mother / Alcyone [M / A]

Greetings in the Light of the Most Radiant One. In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame . . .

Greetings Children of Ra!

Indeed, we live in most interesting times! It is a most opportune time to work with the higher frequencies of more love – that's the key. The Dark Side wants us to give up and give in to hate and violence and the old patterns that have not served humanity.

- The Light pouring in is changing all of this and it is only getting higher and more intense. It's what Gaia / Wyamus asked for; as they/we move up in Ascension frequencies, the Dark Side is acting out in more outrageous ways.
- We just heard what Patti said: as the light keeps pouring in gets higher and more intense with each passing nano seconds, and when we turn on the nightly news, we see the string of stories – send more Love!
 - How we get through this is loving each other even more – it is a task of Divine Orchestration: as the Higher frequencies come in, things get easier. It also can't hide any more – nothing to hide from – it is the light of the noon day sun, this energy pouring in – 10 trillion suns: 10 trillion suns and then some!
- Thank god for the monsoon rains – things are looking up, and in the same moment, same breath - like we've seen, people are not going to be quiet. And in the same moment, same breath – Ed had to do what he had to do – a White Knight. It is confronting this fiasco, infotainment – not giving us real news.
 - As things shift here, things are getting much more: there is a balance coming about, already taking place in these realms. As the higher frequencies pour in, the Dark Side has less and less wiggle room – right now, they have very little wiggle room to continue this sad story of the matrix.
- As things – metaphorically speaking - heat up with the eclipses approaching, this idea as the guy said: all the planets on one side of the sun – whatever is being orchestrated, it is about that razor's edge: that we're walking with naqual medicine on the wild side, since we all asked to be here at this time – no accidents!
 - Every one of us made the conscious choice to be on earth on this day and to move forward with the energies even as the ones who are taking their leave – however it may appear – appearances are not what they seem – it is about the great whole of the story
 - 99% + 1 makes whole.
- As We [M] get the final say so in this story along with Michael, Metatron and Maitraya, the 1% gets absorbed into the 99%. The lifeforms that are serving no useful purpose on the planet - except to create more energy out of its time space continuum – something called evil – it's how the chips fall, as the energies get higher, they get more insane – and we must send more love – it is our duty.
 - The nature of the story here is the same: as things get more wonky, chaotic, we'll be asked to send more love, more higher frequencies. Like Tommy said, PTSD on a global scale ain't gonna be cured with a bag of pills from the VA or the emergency room.
 - It's about the due diligence in here: "Lord, make me an instrument of thy peace; . . . this is the story
 - What Rev Barber and others are doing in the face of Hitler all over again – and

T: and don't get it wrong: this energy is being entertained all over the place, not just here.

M/A: Let's consider that little phrase from a while back: first they came for the christians and I didn't do anything about it - need we say more?.

- Admiral Sananda Kumura/Jeshu has had nothing to do with the words Christ on any level.
- The Office of the Christ: it is about love, expansion; how this whole story gets moved up in octave – less a little bit of the old timeline is not without its moments.
- Remember: use the Force only for Love, for the higher frequencies – hate leads to the dark side and this is not a joke; words have meaning: it is about this energy that is pouring in - the Light of God that never fails. The quantum physics has to do with it and how it affects our organs, our companions, whether they walk, swim or fly – we are all in it together on this great ship in the sky, and like Dr Atomic says, 'They done lost it now!' – as we are the ones that . . .
 - Already the planet is moving ever more quickly into the higher realms – no turning back – as this eclipse begins and the energies upcoming – Jupiter, Chiron, Pluto, Mars – Venus - it is not getting caught in - about the change – the change comes from within, deep within; it's the only way.
- And right now **change is the constant word of the day** as what we were shown today on Natasha's galactic pad: Kiluea is a giant lake of lava and getting bigger.
 - As the energies pour in more and more, the light that's coming in is helping us raise ourselves up even higher and, for some, it may not feel that way –
 - We [M] may be seemingly talking through our hat yet if you see nothing, just watch – watch what happens. Send more love to all the situations –
 - The old empire has lost it and we the remnant that we've heard those words used in terms of what's left and we can say, **it's not Armageddon** – no – yet We [M] must take our children to Dracos, that is part of the deal, and we[the rest of us] get to see it all in living colour!
- The live transmissions across the galaxy – an intergalactic war crimes what these life forms have done is . . .the ramifications we are just now beginning to barely see how bad it is

T: Isn't the main thing that war has always been a lie – rigged . . .

M/A: It's been a way of changing the dimensions for one of . . .it's - war is a racket as Medler Butley said, and it is about a small group of lifeforms, all long long ago in a galaxy not so far away.

The story shared by Lao Tzu **The Secret Art of War** -

T: Lao Tzu created 800 years of peace – how did that happen?

- M/A:** It is about the Pleiadians, the Andromedans, sirians, and the other sisters and brothers from around the galaxy who came and shared the wisdom that we are all made of the same stuff – the gold dust. That's the key – not be caught in our emotions; allow the higher energies and the golden light – as our blood plasma changes from hemoglobin to actual plasma, monoatomic gold – this is what St G has running through the veins in his body; he can cut himself it won't bleed red or gold!
- Like what we saw in the *City of Angels* - he cut his finger cutting the lettuce – the finger did not get cut off; she saw it and shit a brick
 - It's about the love pouring into this planet – miracles and magic about of the most wonderful kind!
- What she is saying is that, as we work with the Force and we train this temple of the Living Goddess to get in balance with the harmony of the spheres, we are immortal - a fact, Jack! - yet we have been led to believe lies of the Matrix and immortality is the first thing from

our minds right now – onlt survival stories; Max Max saying: Am I gring to trade my 3 camels for a used railway car?

T: tells Mother the story of a woman separated from her 3 kids in Texas and that the kids were taken to New York. When some US mothers heard the interview of the woman on the radio, the mothers collected money on a Go Fund Me a/c in just 6 days, created a relay team of 6 drivers who drove her from Texas to her kids; Amy Goodman had a picture of the story. Then ICE was ordered not to let them do this again – the attorney for ICE said that women in prison were not to have any bond bail rights any more . . .

- ICE OWES THEIR ALLEGIANCE TO Drumpf only: exactly like the Brown shirts being loyal only to Hitler.
- there's gotta be help now, Mother!

M/A: and indeed so there is

T: refers to several articles of the reunion between mothers and their children, and to these:

- an immigration agent wished a woman Happy Mothers Day before they took her daughter from her; women are suffering domestic violence in Guatamala – and now Drumpf will not accept women with that presenation any more
- what ICE is doing is against BOTH US law and international law

M/A: the alignment of the planets is about the higher frequencies pouring in with the Light of God that never fails

T: On a lop-sided basis! The person reporting on the alignment said he has never see this sort of thing before [in astronomy]

M/A: it is about the change that is coming and lifting us higher and higher

T: sounds like it could cause upheaval of some kind

M/A: It is not without events of great magnitude - about lifting it higher

T: immigrants who were promised a chance in the US if they join the military; now a newspaper article about immigrants enlisted in the army being abruptly discharged

- Reads parts of the article . . . this is getting nastier by the second!

2018-07-05 [BREAKING: Army Silently Discharging Immigrant Recruits.](https://www.dailykos.com/stories/2018/7/5/1778345/-BREAKING-Army-Silently-Discharging-Immigrant-Recruits)

T: It is intervention time, isn't it. Mother?

M/A: Yes it is – we are in such amazing times to be alive, and to be in awareness that all around us the Force is orchestrating this Divine Dance, and it is saying, "Shall we do a duet?"

- and it is this Divine Dance that's happening as more and more comes out about how we are more alike than we are different. And this is the path to peace, as when the governments of the planet have no fear of 'the other' out there called ET, then there can be peace.

- It is already taking place because the governments have already been told, 'Make peace with your god. We are here and we're not going anywhere. We're your neighbours and we will help you fix what has gone a little awry.'

- It is not only our brother Loki but he had a hand in it – a good chunk of it! When you play with the devil in the backyard, s**t happens – and we're here to help fix it

M/T: Greetings in the Light of the Most Radiant One. Kadoish, kadoish

T: asks Mother to visit ED – and She said She would!

R: has been to some kind of cryogenic chamber, floating in some sort of amniotic chamber - an isolation tank listening to whale sounds, again - no light, no sound, just floating totally still - like being in outer space! Only hear the sound of the universe and the sounds of planets, and suns, and stars - the language of Living Light.

T: experienced this in BC years ago

R: has seen them in Essilon - in the late 70s

India in the throes of a fascism that echoes what we have in America. The country is undergoing a political upheaval with PM Modi at its front, and fueled by increased violence towards Muslims, queers, Dalits, women, and more. Our returning guest, Arundhati Roy, covers this vast breadth of ground in her second novel in 20 years, 'The Ministry of Utmost Happiness,' now out in paperback.

In this final episode of the *Keiser Report* from Paris, France, Max and Stacy discuss stock market investors acting as if a genuine trade war has erupted between China and the US. They also look at nations, including Russia, stockpiling gold at the same time. In the second half, Max continues his interview with French journalist, Pierre Jovanovic, of *Quotidien.com* about the economic situation in France and the political crisis in Europe.

Sometimes stories get even crazier after we report them. This week, the *Redactedteam* brings you fresh updates on some of our best moments this year.

Audio: The Thom Hartmann Show

Guest: Nancy MacLean – book is **Democracy in Chains** – an exposé of how America got where it is now

- Americans do not understand how radical the program to restructure American government is – Courts, cops and the army is all that the gov't should be concerned about
- Everything at market value even the value of the people.

Guest: Richard Wolff – his sites: **Democracy at Work; rdwolff;**

Dr Wolff gives an overview of the current situation; he and his fellow economics have the same viewpoint/analysis of the situation, though they do not agree on how to deal with it – essentially, it could return the US to the same situation presented in the novels of Charles Dickens when the worst of capitalism was showing itself -

T: reminds us of what is behind the current economic situation in the US and the rest of the planet.

Closing: Rainbird

and it's great to be on the planet at this time!!!

Pope Francis Avoids Arrest as Child Sacrifice Cancelled

By Judy Byington

<http://beforeitsnews.com/celebrities/2018/06/pope-francis-avoids-arrest-as-child-sacrifice-cancelled-2475412.html>

A planned Ninth Circle child sacrifice ritual scheduled for Summer Solstice midnight June 21 was believed cancelled after Pope Francis avoided arrest that day. Bergoglio was immediately adjacent to the World Council of Church's Pavilion in Geneva Switzerland with his retinue and personal bodyguards when four squad members from the International Common Law Court of Justice read the Pope an arrest warrant, placed him in restraints and attempted to escort him to a prearranged secure location.

Pope Francis appeared shocked and immobilized as a scuffle broke out and Vatican security personnel assaulted the two team members restraining him. The two ICLCJ operatives received severe beatings, while four team members withdrew according to tactical protocol. As the two accosted were held at gunpoint by the Vatican security personnel, Bergoglio was released and rushed towards a waiting vehicle.

Although their ICLCJ arrest warrant was recognized by INTERPOL authorities, plus judicial and police agencies in Spain, America, Russia and Serbia, four team members were still placed under arrest by Geneva police. Presently there was strong concern about risks to the team members' lives due to the fact that the Vatican personnel who beat the operatives were made part of their interrogation by Geneva police.

"Bergoglio had been confirmed as planning to participate in a child sacrifice and therefore our intervention could be regarded as a success in terms of stopping the ritual" stated an informant on the confrontation that took place at the Catholic Basilica Notre Dame on Rue during World Council of Churches meetings. "It's the same Basilica where children went missing in 2014 and ritual killing was indicated."

Back on 18 July, 2014 Bergoglio was convicted by the ICLCJ Court for Crimes against Humanity and Complicity in a Criminal Conspiracy that included trafficking and death of children. During the year-long trial [over 68 eyewitnesses](#) testified before six international judges and 36 jury members that the Vatican was paid big bucks to regularly funnel children through a Pedophile Ring to Satan worshipping church leaders, businessmen, politicians and other elites across the globe, including

members of European royal families.

Two adolescent women told the Court that Pope Francis raped them while participating in child sacrifices during the Springs of 2009 and 2010 in rural Holland and Belgium. Another said they were present during meetings with the then Argentine priest and Bishop Francis and the military Junta during Argentina's 1970's Dirty War. Evidently Francis helped traffic 30,000 children of missing political prisoners into the Vatican Pedophile Ring, many of whom were believed buried in a Catholic mass gravesite in Spain – that the Vatican has refused continuous requests for excavation.

The Vatican has also refused requests for excavation of over [35 child mass grave sites](#) believed filled with the mutilated bodies of at least 50,000 children who went missing from over 80 mainly-Catholic hospitals and native residential schools across Canada.

From ICLCJ Court files: "Jorge Mario Bergoglio as the liable head fiduciary officer of Vatican Incorporated and the Roman Catholic Church, has been duly convicted in a Common Law Court of Justice of Crimes against Humanity and Complicity in a Criminal Conspiracy, including the trafficking and death of children (ICLCJ Case Docket No. 06182014-001, In the Matter of The People v. Bergoglio, Pachon, Welby et al, 18 July, 2014)."

The arrest warrant was issued by the Criminal Trial Division of the ICLCJ Court in Brussels on the Thirtieth Day of May in the Year 2018 C. Redvers, LL.B., Clerk of the Court.

2018-06-28 [Planet Alert July 2018](#) by [Mahala](#)

<http://blog.mahalasaastrology.com/>

The Summer solstice was awesome this year. Solar energy caused the sky to light up over the Pacific Ocean and part of the United States on the Solstice. The energy was so strong that it knocked me out for a period of three days. Some people felt the energy as very euphoric and others felt it in their bodies and emotions. I felt a combination of both. You can look at spaceweather.com and look under June 21, 2018 and there is a map that shows the area where the sky lit up. Here is a link to the solar flare that caused that event. [Solar storm hits Earth – storm FOUR times size of Earth disables radio technology.](#)

Now we are experiencing the energy of the full moon. This full moon was on June 27, 2018 at 9:53 pm PDT. In that chart the planet Pluto was on the ascendant making a 90-degree angle to the dwarf planet Eris. She is the warrior Goddess who causes chaos. Pluto is the planet of transformation. The ascendant was on the degree that affects children. The meaning of this degree is "A five year old child carrying a bag filled with groceries". No wonder the mistreatment of refugee children is on the scene here in the United States. Many of those children were separated from their mothers or fathers and this caused outrage from many people. I never thought something like that would happen in the United States.

The sun is now in the sign of Cancer which rules the home and family. Cancer also rules mothers. As the sun continues through the sign of Cancer the focus will be on women, children, and our families. The moon is in Capricorn and that rules governments. This means that what our government does will affect woman and children as the sun moves through the sign of Cancer.

One of the negative aspects of this full moon chart is that the planet Mars is in Aquarius making an aspect by sign to Uranus which is in Taurus. Uranus is the planet of quick changes. Taurus rules money and that could be a challenge right now. Aquarius is a revolutionary sign and Mars is squaring Uranus, the revolutionary planet. A revolution could be brewing right now as Mars goes through its retrograde phase. Mars will be retrograde until August 27, 2018. There could be demonstrations about the refugee issue or there could be demonstrations about woman's issues. There could also be demonstrations about what our government is doing. Time will tell how that works out.

Now we come to the big month of July with seven major events. The first event is the solar eclipse on July 12, 2018 at 7:48 PM PDT. The sun will be on 20 degrees Cancer along with the moon. Pluto is still on 20 degrees Capricorn so this eclipse will activate more transformation energy. Because the East Coast feels the Cancer/Capricorn energy, that part of the United States will be hard hit by this eclipse energy, particularly Washington, D.C. I hear there is going to be a summit meeting between Donald Trump and Vladimir Putin sometime in July. The Vatican energy is also coming to the foreground and there could be earth changes in that area.

On July 19 all of the planets will be on one side of the sun. It has been a long time since this has happened so this is a major event. It is kind of like the energy of all the planets lining up. This

energy will be unbalanced so who knows what might happen. Check out this video: [Rare event to occur in Solar System July 19th, 2018 – Several Days](#).

The Mayan Dreamspell New Year will begin on July 26 and the glyph for this upcoming New Year will be The Red Cosmic Moon. Muluc is the glyph of the Red Moon. Muluc operates and relates to the world out of intensely strong feelings and reactions to these feelings and needs boundaries or some self-imposed control in which to live. Muluc needs to practice self-control and take responsibility for their lives. Muluc is ruled by the moon.

Then we have a lunar eclipse on July 27, 2018. Mars is on 3 degrees Aquarius. This degree means "The individuals self-realization through a crucial repudiation of a collective status which has become unbearable. The crisis symbolized here is one implying an irrevocable change of status". This could be referring to the United States government in some way.

On July 27 Mars is also at its closest point to Earth since 2003. This makes Mars very powerful.

At this lunar eclipse the moon will be on 4 degrees Aquarius. This degree means "The goal of a true Western civilization means to a large extent the development of humanity composed of self-motivated and responsible individuals. They are clearly associating according to harmonic patterns in order to produce a vast spiritual chord of consciousness fully actualizing the potentials inherent in the archetype MAN". This sounds good to me. It's time to focus on manifesting peace and love within.

Pluto will cross the ecliptic in July. Pluto is the planet ruling transformation. Does that mean our form of transformation will change at this time? Maybe we will move into our crystal bodies?

The Lion Stargate always opens on August 8. Here is an interesting article about that event. [Solstice June 2018 and the Lion's Gate 8/8 2018](#).

The observatories' in Hawaii picked up a flash of light they can't explain yet. Its acting differently than anything they can explain. It was first detected a few days ago. Could this have anything to do with the inter-dimensional doorway that opened in Hawaii with the volcanic eruption there in May? It is an interesting development. Check out this link [SPACE "Object" Like "Nothing Seen Before"](#)

I think it is time for all of us to work together to create peace and love within. Let there be peace in the world and let it begin with me. We could be very powerful in creating peaceful energy if we all work together. I think the lunar eclipse on July 27, 2018 would be a good time to focus on creating this peaceful energy. That eclipse will be at 1:20 pm PDT. Instead of changing the old, let's create the new and raise above all the chaos that is occurring on Earth. If you are interested in something like this please join us to focus on peace and love within at the time of the eclipse in your area on July 27, 2018.

See you then. Lots of love and blessings to all of you.

2018-07-05 [BREAKING: Army Silently Discharging Immigrant Recruits.](#)

[El Mito](#)

<https://www.dailykos.com/stories/2018/7/5/1778345/-BREAKING-Army-Silently-Discharging-Immigrant-Recruits>

[AP](#) is reporting that the US Army is discharging immigrants who enlisted with the promise of a path to citizenship.

The AP was unable to quantify how many men and women who enlisted through the special recruitment program have been booted from the Army, but immigration attorneys say they know of more than 40 who have been discharged or whose status has become questionable, jeopardizing their futures.

Brazilian reservist Lucas Calixto sued the government and the pentagon is not answering question because if pending litigation.

Eligible recruits are required to have legal status in the U.S., such as a student visa, before enlisting. More than 5,000 immigrants were recruited into the program in 2016, and an estimated 10,000 are currently serving. Most go the Army, but some also go to the other military branches.

To become citizens, the service members need an honorable service designation, which can come after even just a few days at boot camp. But the recently discharged service members have had their basic training delayed, so they can't be naturalized.

The stories are heartbreaking as dreams of people from all over the world are destroyed. This is Trump's America now... New Gilead

The service members affected by the recent discharges all enlisted in recent years under a special program aimed at bringing medical specialists and fluent speakers of 44 sought-after languages into the military. The idea, according to the Defense Department, was to "recognize their contribution and sacrifice."

President George W. Bush ordered "expedited naturalization" for immigrant soldiers in 2002 in an effort to swell military ranks. Seven years later the Military Accessions Vital to the National Interest program, known as MAVNI, became an official recruiting program.

It came under fire from conservatives when President Barack Obama added DACA recipients – young immigrants who were brought to the U.S. illegally – to the list of eligible enlistees. In response, the military layered on additional security clearances for recruits to pass before heading to boot camp.

2018-07-06 A Woman Who Takes Lady Liberty Seriously

Reaction to a Fourth of July protest suggests that some people who purport to revere the American monument actually fail to grasp its significance.

Is any time or place better suited to protesting the Trump administration's immigration policy than the one chosen by Therese Okoumou, the 44-year-old woman arrested for climbing onto the Statue of Liberty on the Fourth of July?

Lady Liberty stands atop 14.7 acres officially named Liberty Island by an act of Congress. The tablet in her left hand is inscribed with the date when a group of American revolutionaries demanded broader liberty via an explicitly universalist manifesto emphasizing a God-given, unalienable right to the pursuit of happiness.

A bronze plaque mounted on the monument declares in immortal verse, "Here at our sea-washed, sunset gates shall stand a mighty woman with a torch, whose flame is the imprisoned lightning, and her name Mother of Exiles."

One could object to extolling liberty with a monument; to the universalism of the Declaration of Independence; to the values implied by calling a place Liberty Island; or to the words that this nation of immigrants chose to have inscribed on the monument after they were used to raise money for its erection.

But going to an island so named on the Fourth of July in hopes of drawing public attention to a claim about universal rights, and scaling the Statue of Liberty to protest a president's antagonism and cruelty toward immigrants, was utterly in keeping with everything that national monument is said to embody.

News that the National Park Service responded by evacuating the entire island still caused many to react by dubbing the protest a "stunt" that wronged tourists, as if the country maintains a monument so conceived to facilitate sightseeing.

In fact, it is maintained as a reminder.

Some bygone Americans broke *much* more serious laws on the day being commemorated with the similar purpose of drawing humankind's attention to universal rights--Americans like John Hancock, Josiah Bartlett, Samuel Adams, John Adams, Benjamin Franklin, Thomas Jefferson, and Benjamin Harrison. (And they weren't even gathered in a place officially named Liberty Island.)

Most Americans are rightly willing to extol the words those men signed and to admire the grave risks that they took even though some of them were slaveholders.

Whereas Okoumou is at most guilty of three misdemeanors. (On Thursday, she pleaded not guilty to charges of trespassing, disorderly conduct, and interference with government-agency functions.)

Surely we can forgive her that?

If she inspires copycats, perhaps enforcing the laws that she is alleged to have broken will become necessary, next time. The statue's copper "is only about one-tenth of an inch thick," *The New York Times* [reports](#), "and officials feared she could damage the statue." (Had she damaged it, I'd be all for sending her a repair bill.)

But this time, prosecutors ought to drop the charges against her.

The same goes for any charges filed against the seven arrested beneath the Statue of Liberty earlier that same day for the mere act of hanging "a banner calling for the United States Immigration and Customs Enforcement to be abolished." And the National Park Service should adjust the attitude reflected in what the spokesperson Jerry Willis told news outlets, producing passages like this:

The Statue of Liberty is also a draw for visitors who have come from around the world, and Mr. Willis said that Ms. Okoumou's actions, which he described as a stunt, ruined the plans of the many others who tried to visit the island.

"It is their one and only chance to come here," he said. "Unfortunately, we had to clear the island."

Nonsense.

Setting aside the core purpose of the island--Congress authorized the reception of a statue called "Liberty Enlightening the World" and this was the land chosen as its home--the National Park Service was not *forced* to close Liberty Island, clearing thousands of visitors, because one woman climbed up to the folds of Lady Liberty's robe and sat down there. It *chose* to overreact. (And [not for the first time](#).) That so many news outlets uncritically accepted the talking point that the federal government was "forced" to do this, "prompted by security concerns," evidences a relationship among liberty, bureaucracy, and "risk management" that is unbecoming a free people, especially as it manifested on (again) *the place officially named Liberty Island*.

Characterizing her expressive protest, Okoumou borrowed Michelle Obama's bygone phrase, telling reporters Thursday, "'When they go low, we go high.' I went as high as I could." Right or wrong, she embodied the values of the place where she climbed, momentarily drawing the nation's attention as if to a lit torch held high. A naturalized citizen who immigrated here from the Congo, she appears to be an exemplary fit for "the land of the free and the home of the brave."
