**HARD NEWS      T: Tara      R: Rama      F. Y. I: The following are notes, not transcripts**

**T:** RB is calling from Burnsville – the theatre is where their performance venue is

**Rama Speaks:** was listening to Sirius satellite XM radio with the Russian guy from RT –

- talking with John Fugelsang about the strange phenomenon on the internet & across space/time having to do with members of the Deep State who have played on both sides of the fence: Bush/Clinton Crime family, the Drumpf Crime family, and the other oligarchs
- The Russian was talking of the fake news out there and the way the social media trends play with opinions and polls, and algorithms
  - Then they talked of transhumanism and the live android, a female who is a citizen of Saudi Arabia and is a spokesperson for SA – these 2 spoke of the next stage of transhumanism and A I, subjects not being discussed
- Transhumanism: taking A I and inserting it in the body; it's more than just a chip: like an implant that goes into the brain, connects up with chakras, emotions, all that functions with the brain – enhances what you already have.
- The Russian was talking of it stimulating the extra strands of DNA and not in a good way
  - the dark side is trying to insert A I / soul matrix into human bodies and trying to use the soul matrix to enhance our humanness - give us extra abilities – eg, the 80 year old man who has human growth hormone inserted and goes from 80 to 40 in literally weeks –
  - they were debating this: said transhumanism is not a good thing
  - it is being played with as part of the **UN 2030 Global Agenda** – want an android population as the people are too much of a problem!
- Talked of Drumpf's tweet about putting people who speak out against him where they cannot criticize any more – ie, being picked up in the middle of the night etc as per Hitler's MO
  - T:** already doing that with the children – and they are doing this in Europe by calling people migrants when they are really refugees created by The Empire doing regime change all over the planet.
- Then they talked of the sons of Light and the sons of Elohigh, the beings who never fell, and the unseen war going on on the planet about the legends and stories about Sumer, Enki and Enlil, Zacharia Sitchen –
  - and that there are rumours about Drumpf might talk to Putin about Nibiru being so close to earth: they are so scared, they want to go into their underground missile silos

**T:** at the spiritual level – what Rama is saying and Rama's people are telling Rama, it's the spiritual thing they are having trouble with

R: they are petrified of the Light coming in

T: Do they have the awareness to know what is coming in - all they have is the low, me me me ego thing – the war consciousness

R: when we radiate the Violet Flame – they cannot take it; it's that simple: yes, we can send more Love

R: What John Fugelsang said leads up the fact that there is a revealing of so much stuff at the moment; the other sides of the stories are not legends and fairy tales, but come from our brothers and sisters and are based in the technology from the galactics

- There is a race of beings on the planet who are not wanting this – and the members of the Empire are freaking out – people like Q and the other stories that the media twist the news away from the war crimes on the planet and blaming Hillary, Podesta and others- when you play at the level they play at which is for keeps - it is at the level at

which Putin knows what to do as an immortal – and he has plenty of time! And the others have no time left – they’ve been living on borrowed time

**T:** They believe in the power of force and have done/doing awful things

**R:** there is much more going on than just the dark side winning – in response to the comment about Ed Schultz being killed that Tara made

**R:** There was an older interview with David Barsimone and Howard Zinn today, about the corporations and the wolves on WallStreet, and how it comes to today and we are on the red list, as Max Keiser says.

- There is a tremendous amount of hope happening as they have lost – have only fear left
- The solution is within – about us

**T:** we have to manifest the without, as well, from within; it’s not a “when” question, yet we are at the place where knowledge without action – is just running about at the systemic level.

**R:** is being told that the light coming in from the newly-formed galaxy and from our sun and from the solar eclipse: read Meg Benedicte’s message – says what needs to be said.

- They don’t have a ghost of a chance – yet they have all kinds of choices – they are going to Dracos as Mother says . . . what else is there to discuss? The transfiguration is happening and they cannot hide it . . .

**Caller/BW:** The Deep State is crumbling right now; Mr Drumpf will be indicted due to his involvement in pedophilia and child trafficking, along with Hillary: will come to an end

**T:** No dates can be assigned - this is timeless – can’t put a time on it. We have to work with the energies of the moment and get past the negative energies like revenge, and so on

- What needs to happen has to be in Divine Neutrality, not in terms of revenge, etc

**Caller:** there’ll be no more president – what’s up with ‘Michelle for President’?

**T:** How many people do you know who realize that the entire global situation/infrastructure of 3D society will be removed; that there’s going to be galactic universal economics, that the galactics will land among us and will bring the harmonics from the spheres?

- The energies are about selection by spiritual awakensness – collectively coming together from the heart and integrating love, compassion in ourselves and then come together as a group
- what they do is despicable -and they took Ed Schultz out – Anna and the other presenter could hardly talk! The amount of LOVE he had for the others and that they felt for him –
- Tara describes how conservative North Dakota is, and how he was completely transformed and opened his heart – and everyone around him caught the love he had!!! And that is how it has to be for all of us . . .

- the clip they played about him yesterday was about Ed going after Hillary – and now we know it was her who did it! It’s about raising the consciousness of the whole human race and we have been genetically modified: our DNA has been damaged by glyphosate and has been done INTENTIONALLY. The result is that the heart energy is reduced & the killer instinct is increased!!!

**Caller:** so it’s the ending of the 12 monkeys?

**R:** Caller refers to a Bruce Willis movie where he went backwards in time to stop a global pandemic, raising armies to create android killers: THIS IS NOT THE PLAN FOR PLANET EARTH.

- The whole fiasco is falling apart

**T:** Drumpf going to see Putin in Helsinki – and there is a huge portal under Helsinki: how will he be able to withstand those energies . . .

**R:** have to be deaf, dumb and blind to see this man is on drugs! Does the hard stuff . . .

**T:** We're not going backwards: we are cancelling the ability for them to . . .

- folks who have allowed themselves to run by their lower ego – and he is a good example with the lies to self – discernment comes with meditation, deep self-awareness

**R:** comes from the moment when your life force is in the balance – that is one instance where people make a change – yes, things have to come from the Light and sometimes a near death experience brings the wake-up call

- R has been on the other side, trying to get back in here . . . he's seen both sides of the dimensions and it's not fun when you are not in a centred/balanced state.

**T:** she had 4 N D experiences; those experiences never leave you – and you know there is another side

- Also need a teacher to teach you how to move your energy through the chakras up through the 9 crown chakras - they describe much in the conversation!!!!
- Sad to see Drumpf force himself on women to try and find the experience of ecstatic bliss
- It will not be just a round-up of them all in front of us and everyone cheers . . .

- T & R end up talking about the power of love, not the love of power – and we each need to be aware of our own motives & where we come from
- the ability to know the difference between having a lot of knowledge and not a breadth and depth of experience

- T played the shamanic astrology that had been on Thom Hartmann – Uranus in Gemini – revolutionary war, civil way, WW2 – the next time Uranus goes in Gemini is in 2015 Richard said that Uranus has the power of war especially in Gemini as this is the twins - Jekell and Hyde – this is about managing the twins, the air energy, managing our thoughts into 'things' -this has to do with Divine Will  
the light coming in from the new solar system is coming in even faster than when the scientists first saw it

**Audio:** the Divine [Karen Lustrup Astrology](#)

<https://www.youtube.com/watch?v=v-qSIAxA4wA>

**T:** need to ground ourselves in good vibrations: there will be raving lunatic times for a while – the troubling news index is going up!!!

**T:** describes a cartoon/joke for Rama from Penny

People born in the  
50's have lived in  
7 decades, 2 centuries  
& 2 millenniums.  
We had the best  
music, fastest cars,  
Drive-in theaters,  
soda fountains  
& happy days.  
And we are not  
even that old yet,  
we're just that cool.

Awaken your sovereign divinity by creating bridges of light to step into the sacred space of the seventh dimension. When Kaia Ra connected with and began channeling The Sophia Dragon Tribe, she received The Sophia Code, which gives one the blueprint for awakening human consciousness by empowering creative free will.

Kaia Ra is a Divine Feminine teacher, speaker, ceremonialist, medicine woman, minister, and community leader teaching The Sophia Code 2018 Curriculum worldwide. [See [www.kaiara.com](http://www.kaiara.com)]

**R:** these are the beings coming in now to guide this story

**T:** she's extra ordinarily beautiful

**R:** discussing when she was born . . .

**T:** she's an example of there being no karma, only new souls for the purpose of embracing Sat Yuga and 100,000 years of peace

**R:** He knows these ones - the Sophia Dragon Tribe - are connected to Ruth, his White Dragon friend.

- These councils are the ones meeting right now, in the physical, with Darren Gold tooth and others . . .

## **ASTROLOGY**

**RICHARD [RI]**

### **Astrological Weather Report**

when Neptune is activated in Pisces, our thoughts tend to the spiritual

**Sat, July 7<sup>th</sup>** sun in middle of Cancer; in 2 more weeks and then it moves into Leo

**Mon, 9<sup>th</sup>** Venus enters Virgo; Mercury squares Jupiter

**Tues, 10<sup>th</sup>** Jupiter is stationary direct: this means a change in emphasis - we've have been looking for things that are hidden; we finish the current lunar cycle that started on 13<sup>th</sup> at 23 Gemini;

**Thurs, 12<sup>th</sup>** a partial solar eclipse - new moon in Cancer; at same time sun is opposite Pluto at 6 am; new moon at 10:48 pm

**Sat, 14<sup>th</sup>** Venus gets into Virgo far enough to trine Saturn

- after the 1st new moon June 13<sup>th</sup>, Venus went into Leo; Mercury moving fast - into Leo on June 29<sup>th</sup>, the day after the last full moon
  - after the last full moon – the alignments are such that we'll have an extra long period of Mercury in Leo; Mercury now moving slow as it's coming into a retrograde on July 26<sup>th</sup> and will get to 24\* Leo –
  - while it is retrograding (which is longer than the average), it will remain so until Aug 18<sup>th</sup> and it will be at 12\* Leo and it goes direct, remains in Leo until Sept 6<sup>th</sup> – so that is 6+31+31 + 2 = almost 70 days in Leo
- the +ve influence is that Mercury rules and works with the higher mental faculties and that is coming up
- Mars is retro for the whole month of July
- Saturn is still retrograde at 6\* Capricorn; Uranus at 3 Taurus

*There are days when I am afraid  
And don't know what to do.  
Rather than deny it, defy it, or hide it,  
I'll feel it and see it through.*

Feeling your feelings is loving yourself. Do you? I gotta say, I spaced out with this Void of Course Moon! I said I would talk about it and spaced. I did talk about the Moon though, and when she is void of course, she will not make any major aspects to another planet until she changes signs. This is a great disconnect. It is a good time to chill out and contemplate and that's about it! It can also be a time of unexpected results to

actions taken, so not good for taking risks, making commitments, or being reckless! Best to wait until she hooks up again. I also spaced taking a pic of the huge boulder, as well... maybe some other time.....

Anyway, fear is a HUGE subject! No way to cover all the aspects of it in a little Pele Report! As there are so many different fears and different sources for those fears, the main thing would be to feel into them and discover their roots. Some need to be released as they are past conditioning, some need to be heeded as they are important for your survival and growth. When in a calm state of meditation, you can witness yourself and your fears and more easily determine which ones to throw out and which ones to be thankful for.

Don't be afraid of fear! haha!

Injoy!

So Much Love,

Kaypacha

**RI:** if we were born between 1934 and June of 1957, we have Pluto in Leo in our natal charts – so we are coming into the season where Venus transited natal Pluto, Mercury is going to transit natal Pluto and it may retrograde our natal Pluto and then when it goes direct, may hit us a 3<sup>rd</sup> time!!!

- It's an opportunity for Plutonian style transformation – Scorpionic issues / issues of survival – life and death/ one of the aspects of Pluto conjunctions
- Venus is the bringer of gifts; Mercury is going to gift us in ways rational and intellectual, intelligence.
- When the sun crosses Pluto in a couple of and crosses Leo, that will trigger issues of spiritual transformation – it's always interesting as Sun rules Leo AND the spirit of the individual as well as the source of the solar system – time for growth in the feminine and in opposition to the Mars in Aquarius that desires freedom – the more subtle issues of transformation we can look forward to in the next 2 months

**T:** end of July 8-8-8 Lions Gate; if we know what Pluto in Leo is about, that will help with the 8/8/8

## CONFERENCE CALL

<https://fccdl.in/mTyzpG8vgf>

**Caller/T:** what is happening on the island in the Indian Ocean: Garcia -

**R:** where you go visit to play with the Deep State

Caller/T: literally 1000s of miles from nowhere – he captured screen shots from Google – looking for the 'platform' there - Island is 5 miles wide x 10 miles long – looks pretty sleepy!

- Then his right brain found it as he knew that Google did airbrushing – he saw what the platform was – they take advantage of the earth's energy fluctuations and they can off load heavy loads to the moon – looking at trillions upon trillions of dollars there -

**C/T:** about the Ascension: having ascended 3x before this final upliftment – and as he mentions a few weeks ago to Rama about Alpha Centauri and - Wilcock reported on something -

has been corroborated: what happened with A C is the sun did 23 coronal mass ejections and Aproxima B would be a lump of coal due to the heat – NOT SO!

- The solar system is moving into the proton belt – and all the planets are heating up – the events usually occur during solar maximums – next in another 9 years.

- So what is happening is a spontaneous thing, not a slow process – people are being geared up to be of service to others, not service to self, and that time is slower – then things just burst on the scene
- He saw the ships watching the earth evolve and they will ascend too – or maybe not – what we are here for is a spontaneous event: caterpillar to butterfly; 3D to 5D; fish jumping out of water – what happened? What's this? - We'll feel good all the time and we try to get used to feeling good and that is not the way it is now on the planet . . .

**T:** was impressed with Kaia Ra, the dragon lady – it's beyond feeling good . . . she was delivering from a higher frequency – she volunteered to come in and contribute, and bring the joy with her – we all knew before we came . . .

**C/T:** the solar flashes only happened for several seconds – not even a minute

- takes 16 terra hertz to run the planet for a year and it's 64,000 Terra hertz from those flashes

**T:** the most challenging this for us to do is suspend our disbelief about what is happening right now – still looks like Mordor to say the least!

- Richard Wolff today said that, looking at GDP, China has largest economy, then Europe, then the US – now #3 – the country needs to eat humble pie! Yet what is coming to the surface, is the awareness of the police state – and the clarity that the Venezualans are not being portrayed correctly – the poor people live better there than is being depicted – they are living in the mountains, come down on the tram system – not starving, not homeless, and Maduro has the best election system in the world, bar none – as Jimmy Carter says. it's a well-run democratic socialist system.
- Drumpf is the mirror of the system running the US

**C/T:** saw an interview some time ago, and Joyce Riley or whomever asked the interviewee who the Deep State was – the response was to look into the eyes of D J Trump!

- About the appartus affecting the workings of our society: once we get the impediments out of the way, will be an entirely new situation – people will need to feel comfortable not being put upon in any way
- The mistrust of others we live with now is devastating – people will have an adjustment after the disclosure as the economic system changes too

**T:** on the 3D level and why the RV will never happen:

- Bill and Wendy Gram and Hillary Clinton started this in 1999 - 2004 and now it's 2018 so for this period of time, nothing has been paid out: the intent was to delay the notice of NESARA.
- This is a private conversation; a sci fi movie

**T/C:** not so much what you say but who is listening . . .

**Caller/P:** talking about Tom Petty and how he died

**R:** about the Bedouin village not being touched

- stuff going on behind the scenes with Faction 3 - wife of Netanyahu now in big trouble . . . Tom Petty played with the Beatles – has been on many world tours – was never picked up by any labels – not a huge partier – clear about what he did; came off the last tour and died – he was huge! Could play with anyone – had a big heart – had been through the wringer himself -

This should be all good: In this episode of the *Keiser Report* from Paris, France, Max and Stacy discuss how China's social credit score is diluting other nations' sovereignty. They also play a clip of cryptographer, Harry Halpin, arguing that ICOs are a TARP for the people. In the second half, Max interviews Amir Taaki about bitcoin, Lightning Network, the evolution of cryptocurrency and fighting for and learning from the Rojava.

**2018-07-07 Cosmic Gateway Activations ~ Meg Benedicte ~ 7 July 2018**

Source: [Meg Benedicte](#)

The cosmic ascension plan for Gaia and humanity is well underway, picking up pace during the 2018 quickening. During this momentous '11' year of Mastership we journey through a series of eclipse stargates every two weeks in July and August. The eclipse stargates are starting to appear in front of you on your path of light like massive doorways leading into new realms. These gateway doorways offer you a rare opportunity to quantum shift into living your Soul's life.

Take a moment to envision how your extraordinary Soul life would look like and feel like. Let your imagination soar! Eclipse stargates are potent quantum generators of transformation. They are a gift from the gods that reset the world stage. What is not in alignment with the greater good will be shaken to its core. The universe spirals in a continuous flow of creative force. Tap into pure creation to actualize your Soul's life.

Eclipses send out shockwaves into the collective field, dismantling outdated constructs hanging by a thread. Shake them loose! Make way for the new earth paradigm. When solar light sweeps through the earth plane, shadow is revealed. This level of accelerated evolution can be stressful with intensity. The extreme polarized forces are battling for survival.

The Gate/Gridworkers are busy securing and balancing the polar shifts at all stargate portals, as the cosmic wave erupts in the earth plane. Breathe balance and stability deeply into Gaia's light body. Open and receive liquid light into your heart center to maintain your own balance and joy.

Rapid change is not easy on the body or human psyche. It requires extra loving care and attention. In addition to three eclipse stargates, there are six planets in retrograde during July

and August. Retrograde transits take us deep into the hidden recesses of the unconscious self, the shadow persona, the un-enlightened. With six planets in retrograde simultaneously we are going deep. It may not feel comfortable. There may be haunting dreams or visions, revelations of unresolved trauma. All needs to be embraced in the loving Light.

The first solar eclipse arrives this Thursday July 12th/13th (depending on time zone) at 20° Cancer. The energy is already building as we align with the first of three gateways. New Moon Eclipses are the perfect time to plant new seeds. Write in your journal, create a picture board, meditate on living a life of freedom and joy. When you combine intentional thought and visions with heart desires, you amplify soul magnetism.

I will be broadcasting with Manette our international webcast/telecast with other Lightworkers around the world to celebrate the Solar Eclipse Global Activations. If it is your Soul purpose to shift consciousness and create a new star family of light on Gaia, you may resonate with this event. Travel to the Great Central Sun and step into the Eclipse Stargate with Lightworkers all around the world, as we work with Metatron's sacred geometry Activations. Tapping into the ancient knowledge of Zep Tepi Mystery Schools and Quantum Access™ modality, I will guide you through the steps to open your portal to the quantum field of infinite possibilities.

If you cannot attend the 'live' broadcast, the replay will be available at the event link. The recording is accessible within minutes upon completion of the show broadcast.

**2018-06-28 [Planet Alert July 2018](#) by [Mahala](#)**

<http://blog.mahalasaastrology.com/>

The Summer solstice was awesome this year. Solar energy caused the sky to light up over the Pacific Ocean and part of the United States on the Solstice. The energy was so strong that it knocked me out for a period of three days. Some people felt the energy as very euphoric and others felt it in their bodies and emotions. I felt a combination of both. You can look at [spaceweather.com](#) and look under June 21, 2018 and there is a map that shows the area where the sky lit up. Here is a link to the solar flare that caused that event. [Solar storm hits Earth – storm FOUR times size of Earth disables radio technology.](#)

Now we are experiencing the energy of the full moon. This full moon was on June 27, 2018 at 9:53 pm PDT. In that chart the planet Pluto was on the ascendant making a 90-degree angle to the dwarf planet Eris. She is the warrior Goddess who causes chaos. Pluto is the planet of transformation. The ascendant was on the degree that affects children. The meaning of this degree is "A five year old child carrying a bag filled with groceries". No wonder the mistreatment of refugee children is on the scene here in the United States. Many of those children were separated from their mothers or fathers and this caused outrage from many people. I never thought something like that would happen in the United States.

The sun is now in the sign of Cancer which rules the home and family. Cancer also rules mothers. As the sun continues through the sign of Cancer the focus will be on women, children, and our families. The moon is in Capricorn and that rules governments. This means that what our government does will affect woman and children as the sun moves through the sign of Cancer.

One of the negative aspects of this full moon chart is that the planet Mars is in Aquarius making an aspect by sign to Uranus which is in Taurus. Uranus is the planet of quick changes. Taurus rules money and that could be a challenge right now. Aquarius is a revolutionary sign and Mars is squaring Uranus, the revolutionary planet. A revolution could be brewing right now as Mars goes through its retrograde phase. Mars will be retrograde until August 27, 2018. There could be demonstrations about the refugee issue or there could be demonstrations about woman's issues. There could also be demonstrations about what our government is doing. Time will tell how that works out.

Now we come to the big month of July with seven major events. The first event is the solar eclipse on July 12, 2018 at 7:48 PM PDT. The sun will be on 20 degrees Cancer along with the moon. Pluto is still on 20 degrees Capricorn so this eclipse will activate more transformation energy. Because the East Coast feels the Cancer/Capricorn energy, that part of the United States will be hard hit by this eclipse energy, particularly Washington, D.C. I hear there is going to be a summit meeting between Donald Trump and Vladimir Putin sometime in July. The Vatican energy is also coming to the foreground and there could be earth changes in that area.

On July 19 all of the planets will be on one side of the sun. It has been a long time since this has happened so this is a major event. It is kind of like the energy of all the planets lining up. This

energy will be unbalanced so who knows what might happen. Check out this video: [Rare event to occur in Solar System July 19<sup>th</sup>, 2018 – Several Days.](#)

The Mayan Dreamspell New Year will begin on July 26 and the glyph for this upcoming New Year will be The Red Cosmic Moon. Muluc is the glyph of the Red Moon. Muluc operates and relates to the world out of intensely strong feelings and reactions to these feelings and needs boundaries or some self-imposed control in which to live. Muluc needs to practice self-control and take responsibility for their lives. Muluc is ruled by the moon.

Then we have a lunar eclipse on July 27, 2018. Mars is on 3 degrees Aquarius. This degree means "The individuals self-realization through a crucial repudiation of a collective status which has become unbearable. The crisis symbolized here is one implying an irrevocable change of status". This could be referring to the United States government in some way.

On July 27 Mars is also at its closest point to Earth since 2003. This makes Mars very powerful.

At this lunar eclipse the moon will be on 4 degrees Aquarius. This degree means "The goal of a true Western civilization means to a large extent the development of humanity composed of self-motivated and responsible individuals. They are clearly associating according to harmonic patterns in order to produce a vast spiritual chord of consciousness fully actualizing the potentials inherent in the archetype MAN". This sounds good to me. It's time to focus on manifesting peace and love within.

Pluto will cross the ecliptic in July. Pluto is the planet ruling transformation. Does that mean our form of transformation will change at this time? Maybe we will move into our crystal bodies?

The Lion Stargate always opens on August 8. Here is an interesting article about that event. [Solstice June 2018 and the Lion's Gate 8/8 2018.](#)

The observatories' in Hawaii picked up a flash of light they can't explain yet. Its acting differently than anything they can explain. It was first detected a few days ago. Could this have anything to do with the inter-dimensional doorway that opened in Hawaii with the volcanic eruption there in May? It is an interesting development. Check out this link [SPACE "Object" Like "Nothing Seen Before"](#)

I think it is time for all of us to work together to create peace and love within. Let there be peace in the world and let it begin with me. We could be very powerful in creating peaceful energy if we all work together. I think the lunar eclipse on July 27, 2018 would be a good time to focus on creating this peaceful energy. That eclipse will be at 1:20 pm PDT. Instead of changing the old, let's create the new and raise above all the chaos that is occurring on Earth. If you are interested in something like this please join us to focus on peace and love within at the time of the eclipse in your area on July 27, 2018.

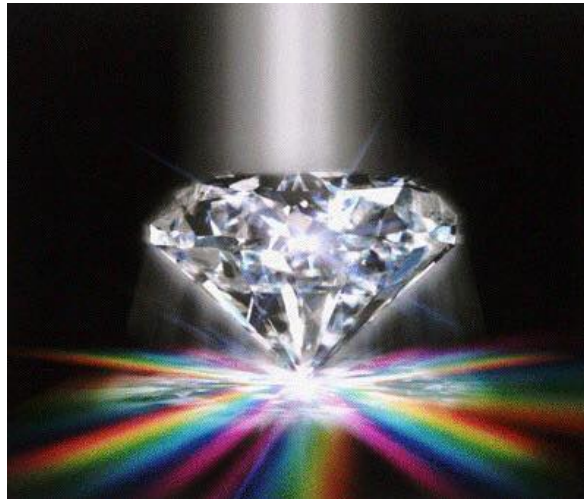

See you then. Lots of love and blessings to all of you.

Mahala Gayle

## **2018-06-17 Solstice June 2018 and the Lion's Gate 8/8 2018**

**Archangel Michael** through **Celia Fenn**, posted on **17 June 2018**

<http://www.starchildglobal.com/channels-and-articles/solstice-june-2018-and-the-lions-gate-88-2018/>

The Sacred Year of 2017/18 is drawing to a close, and the Wave of Light Codes and Energy that was released at the Lion's Gate of 2017 reaches a climax at the June Solstice of 2018. Beloved Ones, it has been a powerful journey as the Waves of Light and Water Codes are activating more and deeper levels of transformation on your Planet.

The ongoing waves of transformation that you have felt, especially since March of this year, have all been part of a single Wave of Light that was released from the Great Central Sun/Galactic Center at the time of the 8/8 Lion's Gate in August 2017.

By now you will know that in Quantum Physics, light can be experienced as a particle and as a wave. That means that a singular "event" can be experienced as "waves" from within a Time/Space continuum.

So, throughout the Sacred Year, you have experienced waves of transformative Light and Water Codes. These Codes have been transforming and expanding your Light Body and cleansing and activating your Physical Body. The Diamond Light Codes contain the information that activates your multi-dimensional Light Body Grids, while the Diamond Water Codes cleanse the "water" of which you are constituted and brings clarity and luminescence to your Physical Body as a prerequisite for activating your New Earth Diamond Body Template.

Beloved Ones, in this past year you have dived deep within yourselves to ever deeper layers of consciousness. Here you have encountered the very deep layers of the Divine Feminine, those aspects of Soul and Spirit that guide your physical incarnation on Earth.

In your deep journey, you have encountered the Divine Feminine as the "Lady of the Lake", and she has handed the Sacred Sword Excalibur to the Divine Masculine. In so doing, she empowers the Divine Masculine to stand forth and create, without struggle or aggression, but simply in the Flow of Divine Love.

We know that so many of you feel exhausted by the struggle to survive on Earth. We say that this is now over. As you connect with your deep inner Divine Feminine and allow the Masculine to take the Sword of Truth that cuts through all illusion, then you will be empowered to create your path without struggle. Your Reality will simply manifest around you according to your desires and needs, as is specified in the New Earth Diamond Body Template.

In many ways, the Ancient Sirian/Egyptian history of Isis and Osiris teaches the same truth. It is Isis, the Divine Feminine, that must empower Osiris, the Divine Masculine, to an act of magical creation in order for the New to be born in the form of the magical child Horus. It is Horus who banishes darkness and creates the Age of Light.

You are now ready, Beloved Ones, to participate in this deep and shining communion of "Sacred Marriage". Within you, the Twin Flame energies of the Divine Masculine and Feminine are coming into alignment and Harmony and Empowerment! At this moment, the New can be born as a Sacred Testament to Divine Love and Harmony on Earth.

So, within each one of you, the inner Twin Flame union gives rise to empowerment, magic and the experience of the beautiful New Earth.

At the Solstice, you will feel the power of the influx of Diamond Light and Water Codes as your Soul, Body and Spirit create this wonderful merger or Sacred Union known as "Sacred Marriage", where all aspects unite to express Divine Love, Creativity and Compassion.

As you embody and embrace these powerful energies, be sure to take good care of your physical body as it becomes acclimated to these powerful new frequencies and vibrations.

### **The Next Wave : The Planetary New Year and the Lion's Gate 2018**

And so, Beloved Ones, you arrive at the Gates of a New Cycle and a New Sacred Year. The Planetary New Year commences on the 26th July, after the "day out of Time" on the 25th July.

This is the moment when the Lion Portals open and a new and more evolved Time Spiral is made possible and can be created for the next Sacred Year. At this time it is essential to keep your personal vibration high and clear, cutting through all illusions and focussing only on Love and Harmony. Do not allow anyone or any event at this time to pull you down into fear and anger, for these emotions will keep you at a low frequency and prevent you from reaching into a higher level of consciousness. Remember to be Light and for your heart to be as light as a feather as you float up to higher levels of being in the New Cycle.

After the Fall of Atlantis and the loss of integrity in Ancient Egypt, the connection to the Sacred Lion Portals and the Sacred Lion energy was lost. Humans were cut off from this knowledge and time spirals became "timelines" and they were locked into illusion and falsity and manipulation by those with dark hearts.

Now, at the dawn of the New Earth, you are given the opportunity to reconnect with the Royal Lion Guardians and to create within the Sacred Spirals of Time and Manifestation in complete Clarity and Integrity.

As you approach the 8/8 Star Gate, or Lion's Gate, the Guardians of Light are waiting to conduct you through the Portal to higher levels of consciousness and creation.

As you honor the Past and the Future, represented by the Royal Lions of the Gate, you are intensely focussed on the NOW as the place of Creation and Manifestation.

At this time too, a new Wave of Light will be released from the Great Central Sun to power this new Time Spiral of New Earth Creation. It will be the brightest and most powerful Wave of Light yet to embrace the Earth, and it too will be experienced as Waves of Transformation and Creation in the Sacred Year of 2018/19.

This New Time Spiral will give you the opportunity to create and manifest your dreams. Many of you have felt major changes in this last year in your work, relationships and home energies. All of this has been a "letting go" in order to position you in a new place from which you may create your New Earth dream.

We wish you Light, Joy and Power as you create your new Path of Love in the Multi-dimensional New Earth Reality.

2018-07-04 **Trump has reversed course on promises. TRANSCRIPT: 07/04/2018. The Last Word with Lawrence O'Donnell**

<http://www.msnbc.com/transcripts/the-last-word/2018-07-04>

O'DONNELL: "The Washington Post" has been tracking the lies President Trump has told from day one of his presidency. It is now well over 3,000, and it is always at least hundreds of lies per month.

Into that poisonous information atmosphere comes Professor Michael Eric Dyson with his important new book entitled "What Truth Sounds Like."

(BEGIN VIDEOTAPE)

O'DONNELL: Michael, thank you very much for joining us to talk about the book. And I'm so fascinated by this. You are looking back over 50 years ago at two men who were trying to find their way to the truth, certainly all the time, and you were living in an age now where so many people have lost the ability to even know what truth sounds like. The President seems to be hoping to prevent people from remembering what truth sounds like.

MICHAEL ERIC DYSON, PROFESSOR, GEORGETOWN UNIVERSITY: That's exactly right. And the beauty of these two men is that they were able to bring all of their hurts, pains, agonies, histories, similar in some ways. Bobby Kennedy, known as the runt among the boys in the Kennedy clan. Jimmy Baldwin as a black gay man struggling with what the identity would be that would that propel him forward and that would allow him to become a spokesperson for his people.

So Bobby Kennedy amplified the best liberal tendencies of the northeast and Jimmy Baldwin was coming in the heart of Harlem trying to talk about the pace and the pain of black people and how we could grab hold of a truth that was elusive. And that truth was black people are human beings. They should be treated with deep and profound respect. And that they offer something, a witness, to the world of hurt and pain that others don't often look at. But if we listen to it, we would grow. And Bobby Kennedy was willing to do so.

Now, he was first defensive to the truth that James Baldwin brought. And he had of course help with (INAUDIBLE), Lena Horn, Kenneth Clark, and Lauren Hansberry who brought the full weight of their witness to him. But it was a young man named Jerome Smith, a Congress of racial equality activist who along with John Lewis is the most noteworthy and storied freedom writer of all because he was beat within an inch of his life so often. It was his meeting that put Bobby Kennedy into a deep introspection so often. But it was his witness at that meeting that pushed Bobby Kennedy into a kind of deep and profound introspection that very few have pushed him to. And beyond the defensiveness that he at first exhibited he was able then to embrace the notion that we got to speak about race. Not in just political terms but in moral terms, and that shaped the rest of his life from there on out.

O'DONNELL: And Michael, this meeting you are talking about was arranged by Bobby Kennedy. He wanted to meet with these black Americans at a very dangerous point in the civil rights movement. People were risking their lives in the south. He is the attorney general. It is 1963 I believe when the meeting occurs in Manhattan at a very fancy Kennedy apartment in Manhattan. He has gathered all of these people. And it is someone who is there to try to learn. But as you say, the details I recall from the meeting Bobby Kennedy had some very, very uncomfortable moments.

DYSON: He really did. And to his credit, he stayed through them, though. Many people when they get that kind of discomfort, they get up and leave. They walk away. They exit. They voice their disconcert and then they leave. He was there. I'm uncomfortable, but I'm going to remain.

Now, he was forced to confirm some truths. He didn't want to confront. But after he saw them, after he heard them, after he felt them in his gut, it was a real gut punch delivered by the people there that day, so his credit, he opened up. And the thing he was trying to solve in that meeting, Lawrence, was the rage that

black people were feeling and their attraction to the black Muslims. And furthermore, how we could figure out a way to pacify alienating white voters and figure out a way to bring them back in the folds ironically enough at the expense of those black who that were loyal. That's not something that is dissimilar to what's going on now when we have 2016 election where we were told that it was a referendum on the white working class and that black women and black men in the '80s somehow had to defer to the interests of the white working class who had become alienated. That was the same kind of dynamic going on then.

But what Bobby Kennedy began to grab hold off is that if we listen to these people, their hurt, pain and agony, their suffering, but also the contributions that they might make, these are brave people in the face of tremendous odds who are transforming a nation with little material resource. But they have the greatest resource, moral authority,  
(INAUDIBLE).

And Bobby Kennedy, beginning is not a hitch (ph) man but a fearless advocate for McCarthy in the '50s, then evolved to his position of deep and profound empathy. And by the end of his life, he was known by one of, if not the most, respected white man in black America.

O'DONNELL: And Michael, what I love about the story you are telling in this book and the scene you have set and the timing of it in the early 1960s is the 1960s is a stunning decade of change unlike anything we had ever seen before.

DYSON: That's right.

O'DONNELL: Change in everything. Change in music. Change in culture. Change in consumption habits. Parents went at the beginning of the decade worrying that their kids might have too many beers at prom night. By the end of the decade, they were worried if they might try heroin. They were worried that their kids might carried away with drugs. And there you capture these men in the kind of middle of the decade. They are all changing.

DYSON: Yes.

O'DONNELL: Not one of them thinks the same thing in 1969 that he or she thought in 1961. And Bobby Kennedy is the white representative of watching that thinking change. There were segregationists in 1961 who were no longer segregationists in 1969. There was so much movement, so much development and so much changing of minds in that period of time.

DYSON: That's extraordinarily well stated. And Jimmy Baldwin himself, when you think about his own evolution. He had just written that famous New Yorker story that became the second part of his famous, the fire next time. He had moved from writing introspectively and critically about the relationships between black and white people to a searing indictment of white innocence.

He found his rhythm, so to speak. He found the power of literary expression in the anger and rage that was consuming so many segments of black America. But he transmuted it into something that was (INAUDIBLE), that was uplifting and that others could take a look at and learn from.

And so, Bobby Kennedy was changing. He was transforming. Later on, of course, in the '70s when he was able to lay claim fully and openly to his black gay identity, that added yet another layer to the complicated and nuanced understanding of race and it's penetration with gender and sexuality and class. And when you think about those people locked in battle, they were locked in essence with an idea that they grappled with it.

Victor Hugo was right. Nothing is more powerful than an idea whose time has come. They were living in the midst of the opening of that. We talk about it now as being woke. But they were awake before woke was awake. And so, what happened is that they began to give us the language for how do you deal with people you disagree with but you can learn from. How you ultimately respect.

Let's not forget Bobby Kennedy was not a great fan of Martin Luther King Jr. He knew he had to work with him. So at that meeting, he wanted to talk to people who were not beholden to an organization or an affiliation with an institution but who were free to speak their minds, their hearts and their souls. And even though he got more than he before gained for initially, he learned to hear it.

And he did something that was extraordinary that if this President ever did, it would be world changing and transformational. He shut up and he listened. He didn't presume he knew the truth. He began to listen to people that he could learn from and that he could use, not only as (INAUDIBLE) for his own intellectual and political mill, but as a way to transform the moral landscape of America.

He was a true statesman and he found his voice in that meeting. That meeting, though beginning in anger and resentment ultimately led to powerful transformation and change for Bobby Kennedy and the nation itself.

O'DONNELL: Michael Eric Dyson's new book is called "What Truth Sounds Like RFK, James Baldwin and our unfinished conversation about race in America."

Michael Eric Dyson, thank you very much for joining us. Really appreciate it.

DYSON: Always great to be here, Lawrence.

(END VIDEOTAPE)

O'DONNELL: Coming up, David Hogg, who you have heard repeatedly on this program, one of the survivors of the mass murder at Marjory Stoneman Douglas high school in Parkland, Florida and he is one of the leaders of the student gun safety movement that was born after that shooting. His younger sister, Lauren Hogg, who also survived that school massacre will also join us to discuss their new book "Never Again."

(COMMERCIAL BREAK)

O'DONNELL: The Fourth of July is a day of family gatherings around America which means it is all the more painful a day today in Parkland, Florida where the families of the 17 people massacred by a mass murderer in Marjory Stoneman Douglas high school face their first Fourth of July without the loved one they lost on that day.

For many of the students who survived, it is the first Fourth of July in their new lives as student activists trying to reduce gun violence.

Joining us now David Hogg and his sister Lauren Hogg. They are the authors of the book "Never Again, a new generation draws the line." David Hogg is of course the class of 2018 and Lauren is the class of 2021 at Marjory Stoneman Douglas High school in Parkland, Florida.

Thank you both very much for joining us. David, Lauren, how did this book come about?

DAVID HOGG, MASS SHOOTING SURVIVOR: Essentially by us putting all of our knowledge together that we could. Trying to kind of therapeutically go through the past and help people understand the empathy of the situation and work together to help fix these problems.

O'DONNELL: And Lauren, so you were at a freshman at the high school when the shooting happened, you'll be a sophomore next career. What activated you – what made you want to be public and join your brother in this publicly?

LAUREN, MASS SHOOTING SURVIVOR: Yes. What made me want to become public with this is every morning I wake up and I lost four friends that day. And I think of the conversations that we had, the things we talked about, the colleges we wanted to attend and the families we wanted to have. And I think I need to live for them, I need to fight for them. And I think of the people, the little kids of I see in the airport that

walk up to their parents and I think I never want this to happen to them. And that's really what pushes me every day.

O'DONNELL: You say something that surprised me in the book. You have gone from experience that the rest of us haven't. And so of course it includes dynamics that we wouldn't anticipate. You say when you meet people you say you hope that they don't say to you I'm sorry.

L. HOGG: I mean, I say that in the book because like I stated, I grown up in a time where I was born after columbine. I was nine years old when Sandy Hook I happened. And I've seen people say sorry before and I've seen nothing be done about it. We don't need sorry. We don't need apologies. We need action.

O'DONNELL: David, there is a quote in here that fascinates me too. When people – and I have talked to you about this privately, the issue of grieving and because you went through this, and then almost instantaneously were on TV as a reporter, literally, I mean, that day telling us what had happened, and you have been so active in this. So many of us have been concerned, you know, has David been able to grieve.

And what you say in the book is this is that you say people keep telling me that I just haven't started grieving yet, but I don't want to grieve. I don't want to go through the five stages that are not at acceptance. Not now, not ever.

D. HOGG: And I think that's the way it shouldn't be for America too. We shouldn't accept that everyday kids, just like you and I, we are in the past, and that just like people how across the America and the world are dying on our streets and we just sit back and do nothing about it.

And I hope that's what people take from this book. They understand the empathy of the situation. And that the people that are out there, just names on the TV, their friends, their family, and there are people that are really just loved in their community and sadly they are lost and so many others are, too.

I just hope that people understand the gravity of the situation and don't say that you are sorry, but when you go up to somebody that's been through something like this, just say you're there fighting alongside them and ask how you can help them in fighting this battle?

O'DONNELL: And David, will you be voting age for the next congressional election? You will be, right?

D. HOGG: Yes.

O'DONNELL: OK. Lauren, you are a few years away from it.

L. HOGG: Yes.

O'DONNELL: And so, I know and I think everybody knows how David feels about elections and what they mean in to the subject, the congressional election in particular in relation to supporting candidates who are not supported by the NRA.

You live at a greater distance from having hat moment, to being able to go into a Florida voting booth or perhaps wherever you're going to college, going into a voting booth. Do you feel that same kind of urgency about the election even though you yourself can't vote?L. HOGG: Absolutely. I think about that all the time. I think about the fact that I still have three more years before I'm going to be able to vote. And I think I have realized since this happened, my power even though I can't vote that I can have conversations with my parents and my family and friends and talk about politics and inspire them to vote.

And I think one of the most important things is talking to the people who don't agree with you. Because that's the only way things have gotten done is talking to each other, not ignoring each other, not screaming at each other. But instead of having debate, having discussions and coming to a compromise.

O'DONNELL: You know, this reminds me when I was in high school and I was too young to vote but I was during the anti-Vietnam war protests. And high school kids like me were gone on those protests, in my case I was going with my brothers who could vote. And o got to say, even though I could not vote, I did not feel disconnected from the political process.

David, what would you say to kids who are too young to vote, who don't feel the connection to the political process?

D. HOGG: I would say if you don't feel the connection and you kind of feel it's just too boring, one thing that really got me and I talked about this in the book, too. It is the question shows like John Oliver last week tonight in the daily show and things like that, that take a serious topic but also bring comedy into the situation to show you the ridiculousness of what's going on right now in politics.

And also go and work on campaigns and go and help people. That's where a lot of happiness in life is found, is through helping people and asking how they can help them. And that why we're doing t is book, too. Any of the money we would be making from it is going to two places, taxes and charity. We are going to change the raft which is an organization started by walking Oliver's death, walking gun shooting and we are giving to march for our lives and Chicago strong, which is coalition of treaties on the south side of Chicago student led and organized and founded against gun violence there.

O'DONNELL: The book is "Never Again." The authors are David Hogg and Lauren Hogg. Thank you both very much for joining us. Really appreciate it.

L. HOGG: Thank you,

O'DONNELL: We'll be right back.

(COMMERCIAL BREAK)

O'DONNELL: And that is our Fourth of July LAST WORD. The LAST WORD is here week nights at 10:00 eastern time. And you can always listen to the LAST WORD as a podcast. It's free on apple podcasts now or wherever you get your podcast.

***The latest guidance from the Ascended Masters, Galactics, Earth Elementals, Faery Elders, Angels, and Archangels known as the Collective:***

Greetings, dear ones! We are very pleased to have this time to speak with you today.

We note that many of you are in a state of some confusion, as the powerful Light data pours in from different parts of this and other galaxies, and as your Great Central Sun continues to share its intelligence, and its desire that you should move up to another whole level of consciousness.

The experience that that new level brings you is one of no more war, nor any reason for it.

It is one of no crime, as you have termed it—no more exploitation or theft or harm to oneself or another.

No more disrespecting or disregarding the rights of animals, people, or of the Earth—and in fact, no need to speak of rights, as there is no need in fifth dimensional cultures to defend or declare such, any more than you need defend or declare your right to breathe.

There is in that new reality no more polluting of the Earth, including no more etheric interferences.

The purity and clarity of the elements you now envision is naturally and joyfully created and maintained.

There is no hunger in that Earth; no investment in ideas of loss or lack, and no outpicturing of such.

**And all understand their mission, without doubt or concern that this is not relevant, “doable” or sufficient for making a living by.**

**For in that New Earth, you know you have come to bless and enlighten and enliven Earth and all who live upon Her, and that is sufficient.**

There is no lack of knowledge, or healing or whatever forms of Love and support are needed. And vitally, no lack of wisdom shared or learned.

There is instead that which you are at every moment rising to in beautiful and astounding ways; a new form of self-expression for each of you, your communities, and your planet, that rises daily to new heights of cosmic reawakening—a realization that you are Galactic citizens, as you take your place in Galactic councils and chambers, and once again realize that all in this Universe are One.

**Now, you have noticed by now that this cannot happen anywhere near so quickly as you would prefer.**

We have spoken a number of times of how your bodies and minds could not bear up under the tremendous pressure of a “quick” Ascension into fifth dimensional vibrations.

Many who communicate with higher dimensional beings, or who travel interdimensionally and/or physically throughout this Universe, have seen their physical, mental, emotional, and etheric bodies undergo tremendous changes, stresses, and renewals that have both taxed and frightened them at times in their intensity.

They have had to shift their diets, their times of rest, their emotional resonance, and their daily thought patterns to accommodate these new experiences, which have utterly “rewired” their human form and essence.

**And though you may not count yourself amongst those “on a special mission” that requires special abilities, connections, and roles, we assure you, you are most assuredly on such a mission!**

This is why the density, toxicity, trauma, and “pollution” of the third dimension are leaving not your bodies, minds, and spirits, in ways that seem some days to shake loose the foundations of life as you know it.

Can this be a taxing, even intimidating task some days? Most assuredly, it can be.

And yet, when you cry out to all of us in the higher realms that you demand and require the enactment of NESARA law, in that moment you perhaps unknowingly require of yourself that you move into and anchor fifth dimensional frequencies in both your planet and your own lives.

When you call out for assistance for Full Disclosure of the presence of both invaders and Galactic family members, you require the same of yourselves.

**And when you call out and command forth Abundance, Peace, intercultural understanding, and respect for all persons—yes, you require from yourselves that exact same fifth dimensional reality.**

**For you as call in that which most naturally belongs to a New Earth, you require of yourselves, as Way-showers and Light Bringers, exactly those frequencies embedded in your own beings that you are commanding forth in your outer reality.**

We are not speaking here of third dimensional life pulled into a slightly higher frequency.

We are not speaking of things “getting better” outwardly, so that you can feel a bit better about life and worry less about yourselves and others, while in reality, under the surface, things continue as they have for thousands of years.

This is how those of the old regime would love for you to think.

They have sent a concentrated number of messages and messengers bearing false information to you in multitudinous forms, to convince you that “all will be well” once this program cashes out, or this event occurs, or this announcement is made.

We assure you, dear ones—powerful Light Beings in human form that you are—you came for something far greater than mere outer change!

You came for even more than remembering your original form and history on a soul level, as great and beautiful a journey as that is.

**You came to establish a New Earth that is beautifully expressive of the frequencies of the higher realms, where the essence and expression of Divine Justice, Knowledge, Truth, Peace, Beauty, Joy—all of that which you unconsciously associate with Home—is in the very air that you breathe.**

You did not come to again work to fulfill all that past generations could imagine for themselves, which was simply a new economic or political system, hard-fought for, and unknowingly born under a corrupt overhanging structure that twisted and turned every idea, every rebellion, to suit its own means.

**You on Earth have risen well beyond that now.**

**And so, as you look out upon the world now—and we encourage you to take in far more beauty than ugliness, even as you seek out new information on what is occurring—you are seeing the result of that determination to establish not a new idea, but a whole new frequency or vibration for the planet in general.**

This goes beyond what you have been told is “change.”

It encompasses the kind of Transformation and Transfiguration that past generations associated with a new religion or political system, yet we assure you, it is much greater than any of that, and cannot fall into any of the pitfalls known to the past.

**And how is that? you may ask.**

That is so, because the Universe itself is now flowing, in this new time of Peace and Prosperity, in that era known as the Sat Yuga—a time of Enlightenment, not struggle.

And so, dear ones—are you ready to release your identity as a put-upon, struggling, victimized martyr?

**Are you ready and willing to see yourself as empowered, as Light-filled, as one who is daily co-Creating an existence of joy, fulfillment, Abundance—a life as Love demonstrated in human form?**

For that is how we see you, and yes, increasingly, as we note with great celebration, that is how you are coming to view yourselves.

For this you came.

Namaste, dear ones! We are with you, always.
